

## GOVERNORSHIP PROBLEM 10 NEARER A SOLUTION THAN IT WAS WEEKS AGO

### Senator Hanna Refuses to Take a Hand and Dick and Herrick Are Sand- ing Pat.

From a Staff Correspondent.  
Columbus, January 2.—The governorship is no nearer a solution now than it was two weeks ago. Dick and Herrick are standing pat and there is talk that a dark horse may enter the race. Hanna is being deluged with letters favoring both candidates, but he refuses to budge one jot from the position of absolute neutrality he has maintained from the start. The opinion is prevalent that Dick and Herrick will remain in the fight until the end, and statements from each are expected within a few days. Herrick's strength is a surprise to Dick and many others, but Dick's supporters are confident that their candidate will eventually win.

John R. Bailey, state oil inspector, has returned from a trip over a large part of the state, bringing word that the people generally favor Dick. Hon. Albert Douglas, of Chillicothe, and Congressman R. N. Nevin, of Dayton, spent some time in the state capital this week trying to give some force to their respective gubernatorial boasts. From general appearances at this time, neither stands any show. Dick and Herrick have the call, the former evidently having a shade the better of the situation.

The action of the Cincinnati Commercial-Tribune in editorially endorsing the candidacy of General Dick has brought joy to the adherents of the Akron statesman. The Tribune acted a little "offish" at the start in its news columns with reference to Dick's candidacy, hence the pleasure inspired by its unequivocal declaration for him. George B. Cox, who controls the politics of Cincinnati and Hamilton county, declines to indicate his preference in the contest. It is said he will work in harmony with Senator Hanna. By this is meant he will support a candidate not unfavorable to the senator. Little change is expected in the situation very early, and it is likely that the gubernatorial question will be the absorbing topic of interest for several months at least.

Hon. John L. Zimmerman of Springfield, who resided in the northern part of Columbiana county at one time, is preparing a statement bearing on his candidacy for the Democratic nomination for governor which he will make public soon. He is regarded as the strongest candidate yet announced from his party. The impression seems general among Democrats that the party should unite on one man who is not allied with either the McLean or Johnson element, and it is suggested Zimmerman would fill the bill in this respect.

## HORSEMEN OUT IN FULL FORCE

### SOME OF THE LIVELIEST RACES OF THE SEASON YESTERDAY.

Fast Horses Were Conspicuous—Some Sleight Upset—No Bad Accidents.

Horsemen were out in full force on Fifth street yesterday afternoon, and some of the liveliest races of the season took place. Several horses from out-of-town joined with the speedy ones from here, which made the afternoon's sport more interesting. Among the best out-of-town horses were those driven by Campbell Pugh, of Fairview, W. Va., and Oliver Roseberry, of New Cumberland. They both drove fast pairs and each won several races during the afternoon. Nearly all of the fast horses of this city and East End were on the street at some time during the afternoon, and they furnished plenty of amusement for the several hundred spectators who were out to see the fun.

The racing was followed out according to the plan suggested by Mayor Davidson to start at Market street and run down the street to Monroe. By this plan there is less danger of an accident than there was the way they were racing before. The return trip was usually made either by way of Fourth or Sixth streets. With the exception of a few sleights upsetting when making a turn there was not an accident of any kind to mar the day's pleasure.

On account of the streets usually being crowded Saturday night and Sunday, Mayor Davidson requests horsemen to refrain from racing on the streets during that time. The mayor has certainly been very considerate in giving them a whole street on which they may be at perfect liberty to drive as they pleased. The snow is still on the ground next week and they have been doing, with the exception of Saturday night and Sunday.

## MOTIONS AND DEMURRERS

At the Attention of Court — Several Cases Submitted.

Lisbon, January 2.—(Special.)—Today being devoted in court to the hearing of motions and demurrers, the cases have been submitted as follows: David Hanley vs. Thomas and Mary Whalen, motion to strike out name of Mary Whalen as party to defendant, withdrawn and demurrer filed. The demurrer was that Mary Whalen as co-defendant of the saloon was not responsible for the assault and battery committed by Thomas Whalen.

## EXPENSES LESS THAN LAST YEAR

### An Encouraging Report Made by Officials of Mansfield Reformatory.

Columbus, January 2.—(Special.)—The annual report of the officers and managers of the Ohio State reformatory at Mansfield shows that there was a reduction of \$40 in the per capita cost during the fiscal year ending November 15, 1902. This saving is attributed to the excellent management of Supt. J. A. Leonard, whose home is in Youngstown. Dr. W. H. Locke, an one time pastor of the First M. E. church at East Liverpool, has been chaplain at the institution for several years. T. S. Baker, of Columbiana county, is a guard.

There were 12 Columbiana county prisoners in the institution at the close of the year, seven more than the year before. Ten were received from the county during the year and three were paroled.

## MARY STARKE GOES TO PRISON

### But Her Sentence Is Commuted And She Will Be Taken to Delaware.

Lisbon, January 2.—(Special.)—Mary Starke, the 16-year-old burglar from East Liverpool, who was given the minimum five years' sentence to the penitentiary, was taken to that institution today. A technical preliminary to her removal to the girls' industrial school at Delaware, the governor having commuted her sentence.

Early Closing of Stores.  
The stores will close at 5 o'clock this evening and this will be the hour for closing during January and February with the exception of Saturday and Monday nights. On Saturday nights the dry goods and the 5 and 10 cent stores will close at 10 o'clock and the others at 11. On Monday nights all stores at 9 o'clock.

AUGUST BELMONT AND HIS COLOSSAL ENTERPRISES.  
One of the busiest men in America is August Belmont, who is looked upon as the coming J. P. Morgan of the country. Mr. Belmont has leased the Manhattan Elevated railroad, is to build a tunnel between New York and Brooklyn, is financing the construction of the New York underground railway, and has many other great interests.

## WHIRLED AROUND REVOLVING SHAFT

### SEWER PIPE PLANT OFFICIAL AT IRONDALE MANGLED.

Arm and Leg Torn from Their Sockets and Injuries Caused That Were Fatal.

John Mazena, assistant superintendent of the Eastern Ohio Sewer Pipe company at Irondale, was caught by a belt Wednesday afternoon and whirled rapidly around a revolving shaft and thrown to the floor. His right arm and leg were torn from their sockets. He was taken to the West Penn hospital, the chances of his recovery being considered doubtful.

His age is 27 years and his home was at Uhrichsville. He is unmarried.

Morzana died at the West Penn hospital yesterday morning.

## HURT IN A WRECK NEAR CONNELLSVILLE

### Mrs. Henry Hetzel, of This City, Hurt in a Pennsylvania Railroad Accident.

Mrs. Henry Hetzel, wife of the well-known West Market street saloonist, was among the injured in the wreck of train No. 113 at New Haven, near Conneltsville, on the Southwest branch of the Pennsylvania, at 7 o'clock last evening.

The news of the accident was received by relatives here at an early hour this morning and messages were immediately sent to learn the extent of Mrs. Hetzel's injuries. No response had been received late this afternoon. The first reports received here were that her limbs were crushed and her back sprained. The injuries are serious, but not necessarily fatal.

Mrs. Hetzel, accompanied by her husband, left here about a week ago for a visit with relatives in several western Pennsylvania cities. They were no doubt traveling to make one of their projected visits when they encountered the wreck.

## A VALUABLE FIELD

### The Carson Oil Territory Proving Most Productive—Columbia Company's Strike.

The Columbia Oil & Gas company of this city, drilled their No. 9 well on the Bell farm, in the Carson field Wednesday evening. The new well is reported as being good for from 15 to 20 barrels and is one of the best struck so far in this part of the field. The company has located another well on an adjoining farm about a quarter of a mile from the well just struck, and work on it will be started at once.

Several different operators are now working in this field, which is fast developing into a valuable one. The production now reaches several hundred barrels a day and many new wells are being drilled.

## EDUCATORS' MEETING AT PUT-IN-BAY

### Wellsville Man in Columbus Gathering Statistics in Regard to Ceramics.

Columbus, January 2.—(Special.)—D. C. Thomas, fireman and mixer at the United States Pottery company's plant, at Wellsville, has been in the city for several days, securing data on the ceramic industry at the Ohio State University.

On Wednesday he inspected the new plant which the Bell Pottery company is building in Columbus. It will have 12 kilns, which capacity the company hopes to double within a short time. The pottery will hardly be ready before next summer.

## BURNED TO DEATH

### Horrible Fate of Toronto Child Playing Too Near a Stove.

Toronto, January 2.—Viola, the 4-year-old daughter of James Jones, of this town, was burned to death here. She was playing in front of an open gas stove and her clothing ignited.

## WABASH SURVEYORS ON BEAVER CREEK

Lisbon, January 2.—(Special.)—A corps of Wabash surveyors came to Lisbon last evening and started out early this morning, working toward Salem, along the Beaver Creek. The route they are taking will bring them to the Ft. Wayne road in the vicinity of Franklin Square. The company is still prospecting for the most feasible connection with the Salem railway.

## FELL ON STREET UNCONSCIOUS

### Young Lady Seized With an Attack of Heart Failure on Leaving a Car.

## HELPLESS OVER AN HOUR

### Though Fortunately Medical Aid Was at Hand And She Was Given Every Attention — Became Suddenly Ill After Taking the Car.

As Miss Mary Welch, a young lady, alighted from a street car at the corner of Sixth and Jackson street last evening she was stricken with heart failure and sank on the pavement in an apparently dying condition. She was picked up and carried into the residence of Dr. G. P. Kirk and restoratives were applied. She remained in an unconscious condition for over an hour, it requiring heroic efforts on the part of the physician to save her life.

She had boarded the car at the Diamond intending to go to Wellsville but she had no sooner taken her seat in the car than she suddenly became deathly sick. She left the car at the corner of Jackson street, thinking she could make her way home, but as soon as she stepped from the car she sank to the ground unconscious.

Dr. Kirk was just coming out of his residence at the time and he had the unfortunate young lady taken into his home, where she received medical attention. About midnight she had sufficiently recovered to allow her to be taken to the home of her uncle, George Welch, on Seventh street. Her condition was considerably improved this morning, and it is thought she will be able to be around again within the next few days.

## SECURING DATA ON POTTERY INDUSTRY

### Arrangements Effected For It At a Meeting Attended By Supt. R. E. Rayman.

Columbus, January 2.—(Special.)—Supt. R. E. Rayman, of East Liverpool, was here attending a meeting of the executive committee of the Ohio State Teachers' association, of which he is a member, at which arrangements were made for this year's meeting of the organization. Put-in-Bay, the usual meeting place, was again selected. Columbus put in a bid for the meeting. Mr. Rayman called on friends at the state house, State School Commissioner L. D. Bonebrake being among the number.

Superintendent Rayman has friends at the state capital who think he would make an excellent member of the state board of school examiners and would like to see him given an appointment of this kind. The members are appointed by the state school commissioners, one being chosen each year. Last year's appointment went to Superintendent Arthur Powell, of Steubenville.

## UNLICENSED UNDERTAKERS

### Forbidden by Law to Act in Cases of Death from Infectious Diseases.

Columbus, January 2.—(Special.)—Under the embalming law passed last winter unlicensed undertakers are prohibited from preparing a body for shipment or burial where death resulted from an infectious disease.

In accordance with the law, the state board has designated the following as contagious or infectious diseases: Smallpox, chickenpox, diphtheria (membranous croup), scarlet fever, Asiatic cholera, bubonic plague, yellow fever, purpural fever, erysipelas, typhoid fever.

## ROADS MUST BE GOOD

### Or the Postoffice Department Will Discontinue Rural Free Delivery.

A circular has been sent out by the postoffice department relative to the condition of the roads and their bearing upon the rural delivery service. The letter is to the point all the way through. Farmers who fail to provide good roads and keep them open for travel are likely to be deprived of the rural free delivery mail service.

The letter states that the department looks to the rural delivery patrons to keep the roads open so there shall be no stop in the regular mail delivery.

## PERIL TO PEDESTRIANS IS FOUND EVERYWHERE ON ICE-GLAD PAVEMENTS

### The Accident Record Likely to Be Materially Lengthened—Serious Mishaps to Several Coasters.

Those who hoped the danger from ice-covered streets and sidewalks was past are doomed to disappointment. The accident record, alarming in the past few days, is likely to be materially increased by the cold rain that began falling this forenoon, freezing as it struck the snow, and spreading a coat of ice over everything, until the pedestrian who did not take the middle of the street instead of the sidewalk was regarded as rash and foolhardy.

A number of broken limbs have already resulted, chiefly from coasting accidents, and there will be more unless the utmost care is exercised by those who travel the streets.

Four coasters were injured by a bobbed running into a telephone pole on Avondale street Wednesday evening. The sled was 12 feet long and Herman Williams, who was steering had lost control of it. There were eight persons on board.

Martha Jones, of Sophia street, had her collar bone broken and was otherwise bruised and hurt.

Henry Dimmerling, 16, Ambrose avenue, suffered the fracture of a small bone in his right ankle, and a dislocated knee. Callie Sharr, aged 14, of Ephraim street, was thrown heavily against a fence, receiving a severe scalp wound and was badly bruised about the shoulders and back. Henry, Should the highways become so bad as to seriously impede the carriers the permanent withdrawal of the service will probably follow.

## HENRY SHECKLER HEAVILY FINED

### WELLSVILLE MAN CONVICTED OF BUYING STOLEN GOODS.

Lisbon, January 2.—(Special.)—Henry Sheckler, who was convicted some time ago of buying stolen goods was fined \$100 and costs at noon today, the costs and fine aggregating \$255. A motion for a new trial was argued before sentence was pronounced. Prosecutor Brookes said he had been told by reputable citizens of Wellsville that Sheckler's junk shop was a regular depository for stolen metals, while his attorneys contended that he had been careless rather than criminal.

## GOOD RESOLUTIONS WERE IN EFFECT

### The Police Did Not Find It Necessary to Arrest Anybody Yesterday.

New Year's day in police circles was exceedingly quiet. Not a single arrest was made during the day or evening. This is a remarkable record and speaks volumes for the general good order of the town.

Holidays, as a usual thing, are celebrated by a certain element getting an overload of whisky and ending the spree in the city jail.

One reason perhaps accounting for the unusual quietness was that it was the day upon which new resolutions are made. The city officials believe that the evildoers held a swearing-off feast in some secluded part of the city, which affair probably extended far into the night and there was no time left for them to secure their holiday jag. The rush, however, is expected to resume shortly, as new resolutions, like glassware, are easily broken.

The courts of the local justices too are very quiet. Some of the 'squires spent the holidays out of the city, but they are now all back at their posts of duty ready for the rush of business which usually comes at this time of the year.

## RECOVERY EXPECTED

### Dr. McFarland Improving Nicely at the Mt. Carmel Hospital, Columbus.

Columbus, January 2.—(Special.)—Dr. Fred McFarland, of East Liverpool, who is ill at Mt. Carmel hospital, this city, is reported to be improving nicely. He is now able to sleep, which is very helpful.

His recovery is now expected.

## NEW RURAL CARRIERS.

### Lisbon, January 2.—(Special.)—Attorney J. M. Dickinson, of this city, made a trip to Elkton the other day to swear in George R. Adams, and J. D. Peterson, the two new free rural delivery carriers from that office, who will assume their duties February 1.

## BOTH LEGS CUT OFF.

### John Nee, son of Patrick Nee, of Allikanna, working on the Lake Erie, Alliance & Wheeling railroad extension as fireman, had both legs cut off by an accident in southern Jefferson county.

## A SUPREME COURT LAWYER.

### Lisbon, January 2.—(Special.)—Howard D. Pritchard, who recently passed the state bar examination, will go to Columbus Monday to be sworn in before the supreme court.

Herrick's strength is a surprise to Dick and many others, but Dick's supporters are confident that their candidate will eventually win.

John R. Malloy, state oil inspector, has returned from a trip over a large part of the state, bringing word that the people generally favor Dick. Hon. Albert Douglas, of Chillicothe, and Congressman R. N. Nevin, of Dayton, spent some time in the state capital this week trying to give some force to their respective gubernatorial booms. From general appearances at this time, neither stands any show. Dick and Herrick have the call, the former evidently having a shade the better of the situation.

The action of the Cincinnati Commercial-Tribune in editorially endorsing the candidacy of General Dick has brought joy to the adherents of the Akron statesman. The Tribune acted a little "offish" at the start in its news columns with reference to Dick's candidacy, hence the pleasure inspired by its unequivocal declaration for him. George B. Cox, who controls the politics of Cincinnati and Hamilton county, declines to indicate his preference in the contest. It is said he will work in harmony with Senator Hanna. By this is meant he will support a candidate not unfavorable to the senator. Little change is expected in the situation very early, and it seems likely that the gubernatorial question will be the absorbing topic of interest for several months at least.

Hon. John L. Zimmerman of Springfield, who resided in the northern part of Columbiana county at one time, is preparing a statement bearing on his candidacy for the Democratic nomination for governor which he will make public soon. He is regarded as the strongest candidate yet announced from his party. The impression seems general among Democrats that the party should unite on one man who is not allied with either the McLean or Johnson element, and it is suggested Zimmerman would fill the bill in this respect.

# HORSEMEN OUT IN FULL FORCE

SOME OF THE LIVELIEST RACES  
OF THE SEASON YESTERDAY.

Fast Horses Were Conspicuous—Some Sleight's Upset—No Bad Accidents.

Horsemen were out in full force on Fifth street yesterday afternoon, and some of the liveliest races of the season took place. Several horses from out-of-town joined with the speedy ones from here, which made the afternoon's sport more interesting. Among the best out-of-town horses were those driven by Campbell Pugh, of Fairview, W. Va., and Oliver Roseberry, of New Cumberland. They both drove fast pairs and each won several races during the afternoon. Nearly all of the fast horses of this city and East End were on the street at some time during the afternoon, and they furnished plenty of amusement for the several hundred spectators who were out to see the fun.

The racing was followed out according to the plan suggested by Mayor Davidson to start at Market street and race down the street to Monroe. By this plan there is less danger of an accident than there was the way they were racing before. The return trip was usually made either by way of Fourth or Sixth streets. With the exception of a few sleighs upsetting when making a turn there was not an accident of any kind to mar the day's pleasure.

On account of the streets usually being crowded Saturday night and Sunday, Mayor Davidson requests horsemen to refrain from racing on any of the streets during that time. The mayor has certainly been very considerate in giving them a whole street on which they may be at perfect liberty to drive as they pleased. If the snow is still on the ground next week they will be allowed to use Fifth street as they have been doing, with the exception of Saturday night and Sunday.

# MOTIONS AND DEMURRERS

Occupy the Attention of Court—Several Cases Submitted.

Lisbon, January 2.—(Special.)—Today is being devoted in court to the hearing of motions and demurrers. Cases have been submitted as follows: David Hanley vs. Thomas and Mary Whalen, motion to strike out name of Mary Whalen as party to defendant, withdrawn and demurrer filed. The contention was that Mary Whalen, owner of the saloon was not responsible for the accident.

Early Closing of Stores.  
The stores will close at 5 o'clock this evening and this will be the hour for closing during January and February with the exception of Saturday and Monday nights. On Saturday nights the dry goods and the 5 and 10 cent stores will close at 10 o'clock and the others at 11. On Monday nights all stores will close at 9 o'clock.

AUGUST BELMONT AND HIS COLOSSAL ENTERPRISES.  
One of the biggest men in America is August Belmont, who is looked upon as the coming J. Pierpont Morgan of the country. Mr. Belmont has leased the Manhattan Elevated railroad, is to build a tunnel between New York and Brooklyn, is financing the construction of the New York underground railway, and has many other great interests.

# WHIRLED AROUND REVOLVING SHAFT

SEWER PIPE PLANT OFFICIAL AT  
IRONDALE MANGLED.

Arm And Leg Torn from Their Sockets  
And Injuries Caused That  
Were Fatal.

John Mazena, assistant superintendent of the Eastern Ohio Sewer Pipe company at Irondale, was caught by a belt Wednesday afternoon and whirled rapidly around a revolving shaft and thrown to the floor. His right arm and leg were torn from their sockets. He was taken to the West Penn hospital, the chances of his recovery being considered doubtful.

His age is 27 years and his home was at Uhrichsville. He is unmarried.

Morzena died at the West Penn hospital yesterday morning.

# HURT IN A WRECK NEAR CONNELLSVILLE

Mrs. Henry Hetzel, of This City, Hurt  
in a Pennsylvania Railroad  
Accident.

Mrs. Henry Hetzel, wife of the well-known West Market street saloonist, was among the injured in the wreck of train No. 112 at New Haven, near Conneltsville, on the Southwest branch of the Pennsylvania, at 7 o'clock last evening.

The news of the accident was received by relatives here at an early hour this morning and messages were immediately sent to learn the extent of Mrs. Hetzel's injuries. No response had been received late this afternoon. The first reports received here were that her limbs were crushed and her back sprained. The injuries are serious, but not necessarily fatal.

Mrs. Hetzel, accompanied by her husband, left here about a week ago for a visit with relatives in several western Pennsylvania cities. They were no doubt traveling to make one of their projected visits when they encountered the wreck.

# A VALUABLE FIELD

The Carson Oil Territory Proving Most  
Productive—Columbia Company's Strike.

The Columbia Oil & Gas company, of this city, drilled their No. 9 well on the Bell farm, in the Carson field Wednesday evening. The new well is reported as being good for from 15 to 20 barrels and is one of the best struck so far in this part of the field. The company has located another well on an adjoining farm about a quarter of a mile from the well just struck, and work on it will be started at once.

Several different operators are now working in this field, which is fast developing into a valuable one. The production now reaches several hundred barrels a day and many new wells are being drilled.

# WABASH SURVEYORS ON BEAVER CREEK

Lisbon, January 2.—(Special.)—A corps of Wabash surveyors came to Lisbon last evening and started out early this morning, working toward Salem, along the Beaver Creek. The route they are taking will bring them to the Ft. Wayne road in the vicinity of Franklin Square. The company is still prospecting for the most feasible connection with the Salem railway.

# FELL ON STREET UNCONSCIOUS

Young Lady Seized With At-  
tack of Heart Failure on  
Leaving a Car.

# HELPLESS OVER AN HOUR

Though Fortunately Medical Aid Was  
at Hand And She Was Given Every  
Attention—Became Suddenly Ill  
After Taking the Car.

As Miss Mary Welch, a young lady, alighted from a street car at the corner of Sixth and Jackson street last evening she was stricken with heart failure and sank on the pavement in an apparently dying condition. She was picked up and carried into the residence of Dr. G. P. Kirk and restoratives were applied. She remained in an unconscious condition for over an hour, it requiring heroic efforts on the part of the physician to save her life.

She had boarded the car at the Diamond, intending to go to Wellsville, but she had no sooner taken her seat in the car than she suddenly became deathly sick. She left the car at the corner of Jackson street, thinking she could make her way home, but as soon as she stepped from the car she sank to the ground unconscious.

Dr. Kirk was just coming out of his residence at the time and he had the unfortunate young lady taken into his home, where she received medical attention. About midnight she had sufficiently recovered to allow her to be taken to the home of her uncle, George Welch, on Seventh street. Her condition was considerably improved this morning, and it is thought she will be able to be around again within the next few days.

# SECURING DATA ON POTTERY INDUSTRY

Arrangements Effected For It At a  
Meeting Attended By Supt.  
R. E. Rayman.

Columbus, January 2.—(Special.)—Supt. R. E. Rayman, of East Liverpool, was here attending a meeting of the executive committee of the Ohio State Teachers' association, of which he is a member, at which arrangements were made for this year's meeting of the organization. Put-in-Bay, the usual meeting place, was again selected. Columbus put in a bid for the meeting. Mr. Rayman called on friends at the state house, State School Commissioner L. D. Bonebrake being among the number.

Superintendent Rayman has friends at the state capital who think he would make an excellent member of the state board of school examiners and would like to see him given an appointment of this kind. The members are appointed by the state school commissioners, one being chosen each year. Last year's appointment went to Superintendent Arthur Powell, of Steubenville.

# UNLICENSED UNDERTAKERS

Forbidden by Law to Act in Cases of  
Death from Infectious  
Diseases.

Columbus, January 2.—(Special.)—Under the embalming law passed last winter unlicensed undertakers are prohibited from preparing a body for shipment or burial where death resulted from an infectious disease.

In accordance with the law, the state board has designated the following as contagious or infectious diseases: Smallpox, chickenpox, diphtheria (membranous croup), scarlet fever, Asiatic cholera, bubonic plague, yellow fever, puerperal fever, erysipelas, typhoid fever.

# ROADS MUST BE GOOD

Or the Postoffice Department Will  
Discontinue Rural Free  
Delivery.

A circular has been sent out by the postoffice department relative to the condition of the roads and their bearing upon the rural delivery service. The letter is to the point all the way through. Farmers who fail to provide good roads and keep them open for travel are likely to be deprived of the rural free delivery mail service.

The letter states that the department looks to all rural delivery patrons to keep the roads open so there shall be no stop in the regular mail delivery.

# PERIL TO PEDESTRIANS IS FOUND EVERYWHERE ON ICE-GLAD PAVEMENTS

The Accident Record Likely to Be Materially  
Lengthened—Serious Mishaps to  
Several Coasters.

Those who hoped the danger from ice-covered streets and sidewalks was past are doomed to disappointment. The accident record, alarming in the past few days, is likely to be materially increased by the cold rain that began falling this forenoon, freezing as it struck the snow, and spreading a coat of ice over everything, until the pedestrian who did not take the middle of the street instead of the sidewalk was regarded as rash and foolhardy.

A number of broken limbs have already resulted, chiefly from coasting accidents, and there will be more unless the utmost care is exercised by those who travel the streets.

Four coasters were injured by a bobbed running into a telephone pole on Avondale street Wednesday evening. The sled was 12 feet long and Herman Williams, who was steering had lost control of it. There were eight persons on board.

Martha Jones, of Sophia street, had her collar bone broken and was otherwise bruised and hurt.

Henry Dimmerling, 16, Ambrose avenue, suffered the fracture of a small bone in his right ankle, and a dislocated knee. Callie Sharp, aged 14, of Ephraim street, was thrown heavily against a fence, receiving a severe scalp wound and was badly bruised about the shoulders and back. Henry...

# HENRY SHECKLER HEAVILY FINED

WELLSVILLE MAN CONVICTED OF  
BUYING STOLEN GOODS.

Fine And Costs Amounted to \$255—  
Motion For New Trial  
Overruled.

Lisbon, January 2.—(Special.)—Henry Sheckler, who was convicted some time ago of buying stolen goods was fined \$100 and costs at noon today, the costs and fine aggregating \$255.

A motion for a new trial was argued before sentence was pronounced. Prosecutor Brooks said he had been told by reputable citizens of Wellsville that Sheckler's junk shop was a regular depository for stolen metals, while his attorneys contended that he had been careless rather than criminal.

# GOOD RESOLUTIONS WERE IN EFFECT

The Police Did Not Find It Necessary  
to Arrest Anybody  
Yesterday.

New Year's day in police circles was exceedingly quiet. Not a single arrest was made during the day or evening. This is a remarkable record and speaks volumes for the general good order of the town.

Holidays, as a usual thing, are celebrated by a certain element getting an overload of whisky and ending the spree in the city jail.

One reason perhaps accounting for the unusual quietness was that it was the day upon which new resolutions are made. The city officials believe that the evildoers held a swearing-off feast in some secluded part of the city, which affair probably extended far into the night and there was no time left for them to secure their holiday jag. The rush, however, is expected to resume shortly, as new resolutions, like glassware, are easily broken.

# A HANDSOME GIFT TO SUPT. REED

Employees of Street Railway Present  
Retiring Official a Handsome  
Watch.

T. A. Reed, whose resignation as superintendent of the East Liverpool Railway company went into effect yesterday, was presented a handsome gold watch and chain by the operatives of the road. The gift was handed Mr. Reed by Motorman John Pelley, who has been selected as spokesman by the donors. Mr. Pelley's remarks were eloquent and he told of the strong feeling of affection the men had for the retiring officer with whom their relations had always been most cordial. Mr. Reed spoke feelingly in reply. He stated that it was with the deepest regret that he broke away from old associates.

Mr. Reed has not as yet made any definite plans for the future. He has a host of friends here who wish him success in anything he may undertake. His successor has not yet been announced.

# RECOVERY EXPECTED

Dr. McFarland Improving Nicely at the  
Mt. Carmel Hospital,  
Columbus.

Columbus, January 2.—(Special.)—Dr. Fred McFarland, of East Liverpool, who is ill at Mt. Carmel hospital, this city, is reported to be improving nicely. He is now able to sleep, which is very helpful.

His recovery is now expected.

# A Supreme Court Lawyer.

Lisbon, January 2.—(Special.)—Howard D. Pritchard, who recently passed the state bar examination, will go to Columbus Monday to be sworn in before the supreme court.

# Both Legs Cut Off.

John Nee, son of Patrick Nee, of Aikanna, working on the Lake Erie, Alliance & Wheeling railroad extension as fireman, had both legs cut off by an accident in southern Jefferson county.

## WITH THE WORKMEN IN THE CLAY PLANTS

### WILL START SOON.

The Logan Pottery company, the new stoneware specialty plant at Logan, O., is progressing finely and from all indications, the company will have their next little plant in operation soon. They will have a capacity of two 25 foot kilns and will manufacture a line of stoneware specialties, which will be mostly something new in the stoneware line, in fact, some of the stoneware goods will be modeled, to a certain extent, after white-ware shapes. The officers of the new company are: Charles Adcock, president, Frank Adcock, secretary and treasurer, and J. D. Stoneburner, general manager. Mr. Stoneburner was, for some years, connected with the Diamond Stoneware company, of Crooksville, O.

### NEW KAOLIN DEPOSITS.

A most interesting discovery has been made in Routt county, Colorado which may be destined to play an important part in the production of ceramic wares in this country, kaolin in large quantities having been discovered which rival in extent the famed supplies of China. Hitherto, kaolin has been found in the United States in but few places and then only in isolated bodies of a poor quality. Estimates made by geological experts place the kaolin of Colorado in the highest rank of pure kaolins. The greatest veins of this valuable material have been located on Bear river, about 12 miles west of Steamboat Springs. A company is being formed for the development of the kaolin.

Colonel Tobe Blumenthal, for many years one of the most successful salesmen traveling out of East Liverpool, but now resident agent in the City of Mexico of the National Glass company and several East Liverpool potteries has deserted the realm of single blessedness and taken unto himself a wife. The colonel's bride was a New Orleans lady and the wedding took place during the past summer. Why "Tobe" failed to send announcement cards to his old cronies in the trade can only be explained upon the grounds of his national known diffidence.

### EXCHANGE OF PRESENTS.

Just before the beginning of the holiday loaf the members of the glass kiln crew of the old end at K. T. & K. presented their bench boss, Pulaski Ferguson, with two fine shirts as a token of their respect and esteem. That the feeling was reciprocated is evidenced by the fact that Mr. Ferguson placed a fine silk handkerchief in the pay envelope of each member of his crew.

Carnahan, statistician; William Milbaugh, guard; Joseph Ault, trustee; John Dunnegan, president; Joseph Ault, vice president. All of these officers succeeded themselves with the exception of the inspector and guard.

### ANOTHER NEW KILN.

The Keystone Pottery company, of New Brighton, Pa., is contemplating the erection of an additional bisque kiln, which will add materially to its facilities. The new kiln will probably be erected in the spring, hardly before.

### NEW MACHINERY.

The Bradshaw China company, of Niles, is installing a new revolving glaze mill. They are also putting in a new filter press in their slip house, also some smaller machines.

### REVIEW OF WORLD'S HISTORY.

Max Nordau Deeply Deplores the Growth of Military Imperialism in the United States.

Vienna, Jan. 2.—In the course of an exhaustive review of the history of the world, contributed to the New Free Press by Max Nordau, the writer deeply deplors the growth of military imperialism in the United States, and says that by the admission of the spirit of militarism which was formerly rigorously excluded America is raising obstacles to the entrance of the emigrants whose only capital is their strong working arms.

Speaking of the future of the new world, Nordau says the opening of the Panama canal under American ownership will mark the beginning of a new epoch. The tragic stage of the world's history, which in ancient times centered in the Mediterranean, and which moved in the naval ages to the Atlantic, will then be transferred to the Pacific ocean. At first the Anglo-Saxon element will seek to drive out the German and French flags floating over single points in the Pacific ocean; then the struggle will be carried further to the Asiatic coast, where Anglo-Saxons and Russians will have to decide the momentous question of whether Eastern and Southern Asia shall remain British or Russian. To this forecast M. Nordau adds: "One can only imagine with horror what such a gigantic struggle of nations and races will signify."

### COAL FAMINE TERRITORY BROAD

In Maryland, the District of Columbia, Virginia and West Virginia Fuel of All Kinds is Short.

Baltimore, Jan. 2.—The 4,000,000 persons of Maryland, the District of Columbia, Virginia and West Virginia are feeling the effects of the coal famine. Few towns are supplied with anthracite, and in many there is a shortage of all kinds of fuel. In the smaller towns the residents substitute wood for coal, but in the larger places this has not been possible. In some entire counties nothing but wood is used. At some points near the coal fields, such as Roanoke, coal is higher than at points more distant from the mines. In West Virginia, owing to the wide distribution of coal-producing areas, there is not likely to be much distress. Although the industries are suffering Washington and Baltimore are getting along with soft coal at advanced prices. The commerce of both Baltimore and Norfolk is suffering because of shortage.

### Statistics on Hours and Wages.

Scranton, Pa., Jan. 2.—Statistics on hours and wages of employes for 1901 have been forwarded to the mine strike commission by the Delaware, Lackawanna and Western company. Among the items of the summary are these: Number of collieries, 19; number of employes, 41,292; average earnings of miners, \$628.93; average earnings of laborers, \$362.72; percentage of cars docked, 2; average number of 10-hour days breakers worked, 203; average number of days breakers started, 260; average number of hours breaker worked per day, 7.8-10; average number of hours contract miners worked per 10-hour day, 6.53; number of company hands, 2,996; average earnings of company hands, \$514.93; average earnings of boys, \$204.10; average earnings of all employes, \$432.63.

## HOME TALENT SHOW

The Twentieth Century Minstrels Achieved Instant and Marked Success.

### NEW ACTS INTRODUCED

And the Entire Performance One That Merited the Hearty Reception Accorded—The Many Good Points of the Program Presented.

The appearance of the Twentieth Century Minstrels at the Grand opera house Wednesday night marked the most pleasant season of music and song which it was the good fortune of East Liverpool people to listen to in many years.

The troupe was made up of home talent entirely, and it was demonstrated that this city can boast of more talent than is to be found in any other community of like size.

The first part compared favorably with that of any of the traveling companies visiting the city, and the chorus was as near perfection as it is possible to make it. This latter feature was the subject of universal comment from those who witnessed the performance. The entire circle was well balanced, and their voices blended in perfect harmony. The first part was made up of the following: Master James McFadden, Master John McFadden, George McAvoy, Harry McAvoy, John Coleman, Harry Robbins, Frank Coleman, Len Williams, Harry Williams, John Wheatley, Thomas McGever, Ernst Bradley, Joseph Simpson, Charles Ipe, Elmer Barnes, Edward Bunting.

Six very funny end men provided all the amusement necessary to balance the remainder of the program. They were: E. M. Fisher, William Anson, W. E. Morrow, Jess Carey, George Bevington, Fred Anderson, Thomas McGever, Interlocutor.

The jokes were new and original, and the manner in which they were sprung captivated the audience.

The following numbers were rendered during the first part:

"Mansion of Aching Hearts"..... John Coleman  
"I hates to Get Up Early in the Morn'"..... E. M. Fisher  
"In the Valley of Kentucky"..... E. Bradley  
"When the Blue Sky Turns to Gold"..... Frank Coleman  
"Down Where the Cotton Blossoms Grow"..... Jas. McFadden  
"Bill Bailey Won't You Come Home"..... Wm. Anson  
"I Dreamed My Mother Was a Queen"..... Jas. Wheatley  
"Chink of the Miser's Gold"..... Jos. Simpson  
"When the Autumn Leaves are Falling"..... Thos. McGever  
It would be useless to take up the several performers singly, as they all did exceptionally well.

The first part through with, the olio was started with a snap that would have been a credit to any professional

## COLD FEET

Blood Wine Keeps the Body Warm

When Winter comes you can always tell the man with thin, watery blood. He goes around all bent over; his head drawn down in his collar, his nose red, face blue, teeth chattering, and his feet and hands like cakes of ice. With a little attention paid to his blood his Winters would be a pleasure. It's the blood that keeps us warm, that produces the natural heat. "Blood Wine" will cure a person of the "shivers" no matter how long he has suffered with the cold. It will keep the hands and feet warm instead of "clammy," because it enriches and improves the blood and circulation. People who are indoors a great deal, as in the case of Prof. J. H. Newton, Lowell, Mass., suffer more or less with the cold. To these people we suggest following Prof. Newton's advice:

"I consider 'Blood Wine' the finest blood medicine to rejuvenate a worn-out and run-down system I ever saw. It improves the condition of the blood so that one doesn't notice the cold. Since taking 'Blood Wine' I have never been troubled with cold feet or hands, and have not minded the most severe Winter weather."

Get a bottle of "Blood Wine" for fifty cents and try it for this trouble.

## MANY ARE INJURED.

Passenger Train on Pennsylvania Railroad Wrecked at New Haven, Pa.

### TWO ELECTRIC CARS COLLIDE.

Were Running at a High Rate of Speed in a Dense Fog and the Switch Lights Had Been Abandoned—Coasting Accidents.

Connellsville, Pa., Jan. 2.—Train No. 113 of the southwest branch of the Pennsylvania railroad was wrecked at New Haven, near here, last evening at 7 o'clock. Following is a list of the injured: Mrs. E. M. Miller, of Connellsville, head bruised, skull probably fractured; Mrs. Henry Hetzel, of East Liverpool, O., limbs crushed and back sprained; Miss Oda Story, of Connellsville, head and face bruised; an unknown Hungarian, neck bruised and lacerated; left the train before medical assistance was secured.

Some of the other passengers were shaken up and bruised, but none seriously. The injured were brought here and their injuries dressed by local physicians.

### Electric Collision.

Warren, O., Jan. 2.—Two cars met on the Mahoning Valley electric line yesterday morning. A dense fog prevailed and the switch lights had been abandoned. Both cars were badly smashed and the following passengers were injured: Motorman William Ghore, of Niles, face cut and badly lacerated about the body; Conductor John Burns, hands cut and badly bruised; T. J. Millen, of Youngstown, chest and back bruised; J. S. Hartman, of Niles, hands cut and bruised; David Smith, of Niles, hand cut and bruised; John Tompkinson, of Niles, but about the chest and back; William Homer, of Warren, slightly injured; J. T. McClelland, of Niles, foot cut and body bruised; Conductor Hessler, eye cut.

The accident occurred early yesterday morning. The cars were running at a good speed. Some of the injured were unable to help themselves and it was more than an hour before physicians could be called to dress their wounds.

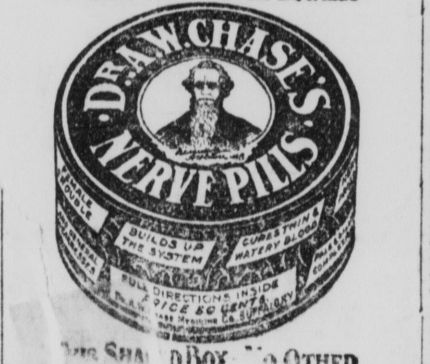

The track was cleared and cars were running yesterday morning. The dense fog prevailed, however, throughout the day.

### Coasting Accidents.

Pittsburg, Jan. 2.—Coasting accidents in Allegheny county yesterday will probably cost two persons their lives while a large number of others were injured while coasting and by falling on the icy pavements.

The fatally hurt are: Andrew Moko, of Sixth avenue and McClure street, Homestead; A. J. Riggs, 73 years old, of Pleasant county, W. Va. The other injured are: James Jenkner, William Bittner, Frank Frapp, Wolzarth Green, James Wilson, Joseph Franck and Patrick Heddin.

## IF YOU ARE SICK

And need medicine for your Kidneys, Liver, Bladder or Blood, get the Best.

Dr. David Kennedy's Favorite Remedy.

If you are suffering from kidney or bladder disease, the doctor asks: "Do you desire to urinate often, and are you compelled to get up frequently during the night? Does your back pain you? Does your urine stain linen? Is there a scalding pain in passing it, and is it difficult to hold the urine back? Is so, your kidneys or bladder are diseased."

Try putting some of your urine in a glass tumbler, let it stand twenty-four hours. If there is a sediment, or a cloudy, milky appearance, your kidneys are sick. Dr. David Kennedy's Favorite Remedy will surely relieve and cure the most distressing cases of these dread diseases, and no physician can prescribe a medicine that equals it for kidney, liver, bladder and blood diseases, rheumatism, dyspepsia and chronic constipation.

Walter D. Miller, of Delhi, N. Y., writes: "I suffered for years with kidney trouble and severe pains in my back, at times it was so bad I could hardly walk. My stomach also troubled me and I frequently had wings of rheumatism. I suffered a great deal and received no benefit until I began the use of Dr. David Kennedy's Favorite Remedy. After taking it a short while it cured me."

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

## WITH THE WORKMEN IN THE CLAY PLANTS

### WILL START SOON.

The Logan Pottery company, the new stoneware specialty plant at Logan, O., is progressing finely and from all indications, the company will have their neat little plant in operation soon. They will have a capacity of two 25 foot kilns and will manufacture a line of stoneware specialties, which will be mostly something new in the stoneware line, in fact, some of the stoneware goods will be modeled, to a certain extent, after white-ware shapes. The officers of the new company are: Charles Adcock, president, Frank Adcock, secretary and treasurer, and J. D. Stoneburner, general manager. Mr. Stoneburner was, for some years, connected with the Diamond Stoneware company, of Crooksville, O.

### NEW KAOLIN DEPOSITS.

A most interesting discovery has been made in Rount county, Colorado which may be destined to play an important part in the production of ceramic wares in this country, kaolin in large quantities having been discovered which rival in extent the famed supplies of China. Hitherto, kaolin has been found in the United States in but few places and then only in isolated bodies of a poor quality. Estimates made by geological experts place the kaolin of Colorado in the highest rank of pure kaolins. The greatest veins of this valuable material have been located on Bear river, about 12 miles west of Steamboat Springs. A company is being formed for the development of the kaolin.

Colonel Tobe Blumenthal, for many years one of the most successful salesmen traveling out of East Liverpool, but now resident agent in the City of Mexico of the National Glass company and several East Liverpool potteries has deserted the realm of single blessedness and taken unto himself a wife. The colonel's bride was a New Orleans lady and the wedding took place during the past summer. Why "Tobe" failed to send announcement cards to his old cronies in the trade can only be explained upon the grounds of his national known diffidence.

### NOW A BENEDICT.

Just before the beginning of the holiday loaf the members of the glass kiln crew of the old end at K. T. & K. presented their bench boss, Pulaski Ferguson, with two fine shirts as a token of their respect and esteem. That the feeling was reciprocated is evidenced by the fact that Mr. Ferguson placed a fine silk handkerchief in the pay envelope of each member of his crew.

### ANOTHER NEW KILN.

The Keystone Pottery company, of New Brighton, Pa., is contemplating the erection of an additional bisque kiln, which will add materially to its facilities. The new kiln will probably be erected in the spring, hardly before.

### NEW MACHINERY.

The Bradshaw China company, of Niles, is installing a new revolving glaze mill. They are also putting in a new filter press in their slip house, also some smaller machines.

### REVIEW OF WORLD'S HISTORY.

Max Nordau Deeply Deplores the Growth of Military Imperialism in the United States.

Vienna, Jan. 2.—In the course of an exhaustive review of the history of the world, contributed to the *Neu Frie Presse* by Max Nordau, the writer deeply deprecates the growth of military imperialism in the United States, and says that by the admission of the spirit of militarism which was formerly rigorously excluded America is raising obstacles to the entrance of the emigrants whose only capital is their strong working arms.

Speaking of the future of the new world, Nordau says the opening of the Panama canal under American ownership will mark the beginning of a new epoch. The tragic stage of the world's history, which in ancient times centered in the Mediterranean, and which moved in the naval ages to the Atlantic, will then be transferred to the Pacific ocean. At first the Anglo-Saxon element will seek to drive out the German and French flags floating over single points in the Pacific ocean; then the struggle will be carried further to the Asiatic coast, where Anglo-Saxons and Russians will have to decide the momentous question of whether Eastern and Southern Asia shall remain British or Russian. To this forecast M. Nordau adds: "One can only imagine with horror what such a gigantic struggle of nations and races will signify."

### COAL FAMINE TERRITORY BROAD

In Maryland, the District of Columbia, Virginia and West Virginia Fuel of All Kinds is Short.

Baltimore, Jan. 2.—The 4,000,000 persons of Maryland, the District of Columbia, Virginia and West Virginia are feeling the effects of the coal famine. Few towns are supplied with anthracite, and in many there is a shortage of all kinds of fuel. In the smaller towns the residents substitute wood for coal, but in the larger places this has not been possible. In some entire counties nothing but wood is used. At some points near the coal fields, such as Roanoke, coal is higher than at points more distant from the mines. In West Virginia, owing to the wide distribution of coal-producing areas, there is not likely to be much distress. Although the industries are suffering Washington and Baltimore are getting along with soft coal at advanced prices. The commerce of both Baltimore and Norfolk is suffering because of shortage.

### Statistics on Hours and Wages.

Seranton, Pa., Jan. 2.—Statistics on hours and wages of employees for 1901 have been forwarded to the mine strike commission by the Delaware, Lackawanna and Western company. Among the items of the summary are these: Number of collieries, 19; number of employees, 11,292; average earnings of miners, \$628.93; average earnings of laborers, \$362.72; percentage of cars docked, 2; average number of 10-hour days breakers worked, 202; average number of days breakers started, 260; average number of hours breaker worked per day, 7.810; average number of hours contract miners worked per 10-hour day, 6.53; number of company hands, 2,996; average earnings of company hands, \$514.93; average earnings of boys, \$204.10; average earnings of all employees, \$432.63.

## HOME TALENT SHOW

The Twentieth Century Minstrels Achieved Instant and Marked Success.

### NEW ACTS INTRODUCED

And the Entire Performance One That Merited the Hearty Reception Accorded—The Many Good Points of the Program Presented.

The appearance of the Twentieth Century minstrels at the Grand opera house Wednesday night marked the most pleasant season of music and song which it was the good fortune of East Liverpool people to listen to in many years.

The troupe was made up of home talent entirely, and it was demonstrated that this city can boast of more talent than is to be found in any other community of like size.

The first part compared favorably with that of any of the traveling companies visiting the city, and the chorus was as near perfection as it is possible to make it. This latter feature was the subject of universal comment from those who witnessed the performance. The entire circle was well balanced, and their voices blended in perfect harmony. The first part was made up of the following: Master James McFadden, Master John McFadden, George McAvoy, Harry McAvoy, John Coleman, Harry Robbins, Frank Coleman, Len Williams, Harry Williams, John Wheatley, Thomas McGever, Ernest Bradley, Joseph Simpson, Charles Ipe, Elmer Barnes, Edward Bunting.

Six very funny end men provided all the amusement necessary to balance the remainder of the program. They were: E. M. Fisher, William Anson, W. E. Morrow, Jess Carey, George Bevington, Fred Anderson, Thomas McGever, Interlocutor.

The jokes were new and original, and the manner in which they were sprung captivated the audience. The following numbers were rendered during the first part: "Mansion of Aching Hearts"..... John Coleman

"I hate to Get Up Early in the Morning"..... E. M. Fisher

"In the Valley of Kentucky"..... E. Bradley

"When the Blue Sky Turns to Gold"..... Frank Coleman

"Down Where the Cotton Blossoms Grow"..... J. S. McFadden

"Bill Bailey Won't You Come Home?"..... Wm. Anson

"I Dreamed My Mother was a Queen"..... J. S. Wheatley

"Chink of the Miser's Gold"..... J. S. Simpson

"When the Autumn Leaves are Falling"..... Thos. McGever

It would be useless to take up the several performers singly, as they all did exceptionally well.

The first part through with, the olio was started with a snap that would have been a credit to any professional

aggregation. The following features were introduced in this part of the performance:

Baton Swinging..... Geo. Bevington

America's Premier Club Swinger..... Charles Zane

Feats of Contortion..... John Griffith

Comedy Sketch "A Day at the Race" Bass Solo (Characteristic)..... "The Sentinel Asleep"..... J. S. Simpson

Horizontal Bar Exercise..... C. C. Quarter

Masters John and James McFadden are two of the cleverest juvenile artists who ever performed upon the local stage. Both possess voices of rare sweetness, and are found to be heard from in the no distant future.

At the earnest solicitation of a large number of theater goers who were unable to be present on Wednesday night, it has been decided to repeat the performance Saturday evening. New features have been added and several new vocal selections prepared.

Pretender Four Hours from Fez. London, Jan. 2.—A dispatch to the Times from Tangier says a courier from Fez has arrived there, bringing a letter, dated Dec. 26, saying that the pretender was then four hours from Fez. All available troops had left the capital to defend the approaches to the city. The Christians in Fez were all reported to be safe.

**WITH THE WORKMEN  
IN THE CLAY PLANTS**

**WILL START SOON.**

The Logan Pottery company, the new stoneware specialty plant at Logan, O., is progressing finely and from all indications, the company will have their neat little plant in operation soon. They will have a capacity of two 25 foot kilns and will manufacture a line of stoneware specialties, which will be mostly something new in the stoneware line, in fact, some of the stoneware goods will be modeled, to a certain extent, after white-ware shapes. The officers of the new company are: Charles Adcock, president, Frank Adcock, secretary and treasurer, and J. D. Stoneburner, general manager. Mr. Stoneburner was, for some years, connected with the Diamond Stoneware company, of Crooksville, O.

**NEW KAOLIN DEPOSITS.**

A most interesting discovery has been made in Routt county, Colorado which may be destined to play an important part in the production of ceramic wares in this country, kaolin in large quantities having been discovered which rival in extent the famed supplies of China. Hitherto, kaolin has been found in the United States in but few places and then only in isolated bodies of a poor quality. Estimates made by geological experts place the kaolin of Colorado in the highest rank of pure kaolins. The greatest veins of this valuable material have been located on Bear river, about 12 miles west of Steamboat Springs. A company is being formed for the development of the kaolin.

**NOW A BENEDICT.**

Colonel Tohe Blumenthal, for many years one of the most successful salesmen traveling out of East Liverpool, but now resident agent in the City of Mexico of the National Glass company and several East Liverpool potteries has deserted the realm of single blessedness and taken unto himself a wife. The colonel's bride was a New Orleans lady and the wedding took place during the past summer. Why "Tohe" failed to send announcement cards to his old cronies in the trade can only be explained upon the grounds of his national known diffidence.

**EXCHANGE OF PRESENTS.**

Just before the beginning of the holiday loaf the members of the glass kiln crew of the old end at K. T. & K. presented their bench boss, Pulaski Ferguson, with two fine shirts as a token of their respect and esteem. That the feeling was reciprocated is evidenced by the fact that Mr. Ferguson placed a fine silk handkerchief in the pay envelope of each member of his crew.

Carnahan, statistician; William Milbaugh, guard; Joseph Ault, trustee; John Dunnehan, president; Joseph Ault, vice president. All of these officers succeeded themselves with the exception of the inspector and guard.

**ANOTHER NEW KILN.**

The Keystone Pottery company, of New Brighton, Pa., is contemplating the erection of an additional bisque kiln, which will add materially to its facilities. The new kiln will probably be erected in the spring, hardly be fore.

**NEW MACHINERY.**

The Bradshaw China company, of Niles, is installing a new revolving glaze mill. They are also putting in a new filter press in their slip house, also some smaller machines.

**REVIEW OF WORLD'S HISTORY.**

Max Nordau Deeply Deplores the Growth of Military Imperialism in the United States.

Vienna, Jan. 2.—In the course of an exhaustive review of the history of the world, contributed to the New Free Press by Max Nordau, the writer deeply deplores the growth of military imperialism in the United States, and says that by the admission of the spirit of militarism which was formerly rigorously excluded America is raising obstacles to the entrance of the emigrants whose only capital is their strong working arms.

Speaking of the future of the new world, Nordau says the opening of the Panama canal under American ownership will mark the beginning of a new epoch. The tragic stage of the world's history, which in ancient times centered in the Mediterranean, and which moved in the naval ages to the Atlantic, will then be transferred to the Pacific ocean. At first the Anglo-Saxon element will seek to drive out the German and French flags floating over single points in the Pacific ocean; then the struggle will be carried further to the Asiatic coast, where Anglo-Saxons and Russians will have to decide the momentous question of whether Eastern and Southern Asia shall remain British or Russian. To this forecast M. Nordau adds: "One can only imagine with horror what such a gigantic struggle of nations and races will signify."

**COAL FAMINE TERRITORY BROAD**

In Maryland, the District of Columbia, Virginia and West Virginia Fuel of All Kinds is Short.

Baltimore, Jan. 2.—The 4,000,000 persons of Maryland, the District of Columbia, Virginia and West Virginia are feeling the effects of the coal famine. Few towns are supplied with anthracite, and in many there is a shortage of all kinds of fuel. In the smaller towns the residents substitute wood for coal, but in the larger places this has not been possible. In some entire counties nothing but wood is used. At some points near the coal fields, such as Hancock, coal is higher than at points more distant from the mines. In West Virginia, owing to the wide distribution of coal-producing areas, there is not likely to be much distress. Although the industries are suffering Washington and Baltimore are getting along with soft coal at advanced prices. The commerce of both Baltimore and Norfolk is suffering because of shortage.

**Statistics on Hours and Wages.**

Seranton, Pa., Jan. 2.—Statistics on hours and wages of employees for 1901 have been forwarded to the mine strike commission by the Delaware, Lackawanna and Western company. Among the items of the summary are these: Number of collieries, 19; number of employees, 11,292; average earnings of miners, \$628.93; average earnings of laborers, \$362.72; percentage of cars docked, 2; average number of 10-hour days breakers worked, 203; average number of days breakers started, 260; average number of hours breaker worked per day, 7.8-10; average number of hours contract miners worked per 10-hour day, 6.53; number of company hands, 2,996; average earnings of company hands, \$514.93; average earnings of boys, \$204.10; average earnings of all employees, \$432.63.

**HOME TALENT SHOW**  
The Twentieth Century Minstrels Achieved Instant and Marked Success.

**NEW ACTS INTRODUCED**

And the Entire Performance One That Merited the Hearty Reception Accorded—The Many Good Points of the Program Presented.

The appearance of the Twentieth Century minstrels at the Grand opera house Wednesday night marked the most pleasant season of music and song which it was the good fortune of East Liverpool people to listen to in many years.

The troupe was made up of home talent entirely, and it was demonstrated that this city can boast of more talent than is to be found in any other community of like size.

The first part compared favorably with that of any of the traveling companies visiting the city, and the chorus was as near perfection as it is possible to make it. This latter feature was the subject of universal comment from those who witnessed the performance. The entire circle was well balanced, and their voices blended in perfect harmony. The first part was made up of the following: Master James McFadden, Master John McFadden, George McAvoy, Harry McAvoy, John Coleman, Harry Robbins, Frank Coleman, Len Williams, Harry Williams, John Wheatley, Thomas McGover, Ernst Bradley, Joseph Simpson, Charles Ipe, Elmer Barnes, Edward Bunting.

Six very funny end men provided all the amusement necessary to balance the remainder of the program. They were: E. M. Fisher, William Anson, W. E. Morrow, Jess Carey, George Bevington, Fred Anderson, Thomas McGover, Interlocutor.

The jokes were new and original, and the manner in which they were sprung captivated the audience.

The following numbers were rendered during the first part:

"Mansion of Aching Hearts"..... John Coleman  
"I hate to Get Up Early in the Morning"..... E. M. Fisher  
"In the Valley of Kentucky"..... E. Bradley  
"When the Blue Sky Turns to Gold"..... Frank Coleman  
"Down Where the Cotton Blossoms Grow"..... Jas. McFadden  
"Bill Bailey Won't You Come Home?"..... Wm. Anson  
"I Dreamed My Mother Was a Queen"..... Jas. Wheatley  
"Chink of the Miser's Gold"..... Jos. Simpson  
"When the Autumn Leaves are Falling"..... Thos. McGover

It would be useless to take up the several performers singly, as they all did exceptionally well.

**COLD FEET**  
Blood Wine Keeps the Body Warm

When Winter comes you can always tell the man with thin, watery blood. He goes around all bent over; his head drawn down in his collar, his nose red, face blue, teeth chattering, and his feet and hands like cakes of ice. With a little attention paid to his blood his Winters would be a pleasure. It's the blood that keeps us warm, that produces the natural heat. "Blood Wine" will cure a person of the "shivers" no matter how long he has suffered with the cold. It will keep the hands and feet warm instead of "clammy," because it enriches and improves the blood and circulation. People who are indoors a great deal, as in the case of Prof. J. H. Newton, Lowell, Mass., suffer more or less with the cold. To these people we suggest following Prof. Newton's advice:

"I consider 'Blood Wine' the finest blood medicine to regenerate a worn-out and run-down system I ever saw. It improves the condition of the blood so that one doesn't notice the cold. Since taking 'Blood Wine' I have never been troubled with cold feet or hands, and have not minded the most severe Winter weather."

Get a bottle of "Blood Wine" for fifty cents and try it for this trouble.

**MANY ARE INJURED.**  
Passenger Train on Pennsylvania Railroad Wrecked at New Haven, Pa.

**TWO ELECTRIC CARS COLLIDE.**

Were Running at a High Rate of Speed in a Dense Fog and the Switch Lights Had Been Abandoned—Coasting Accidents.

Connellsville, Pa., Jan. 2.—Train No. 113 of the southwest branch of the Pennsylvania railroad was wrecked at New Haven, near here, last evening at 7 o'clock. Following is a list of the injured: Mrs. E. M. Miller, of Connellsville, head bruised, skull probably fractured; Mrs. Henry Hetzel, of East Liverpool, O., limbs crushed and back sprained; Miss Oda Story, of Connellsville, head and face bruised; an unknown Hungarian, neck bruised and lacerated; left the train before medical assistance was secured.

Some of the other passengers were shaken up and bruised, but none seriously injured. The injured were brought here and their injuries dressed by local physicians.

**Electric Collision.**

Warren, O., Jan. 2.—Two cars met on the Mahoning Valley electric line yesterday morning. A dense fog prevailed and the switch lights had been abandoned. Both cars were badly smashed and the following passengers were injured: Motorman William Gilmore, of Niles, face cut and badly lacerated about the body; Conductor John Burns, hands cut and badly bruised; T. J. Millen, of Youngstown, chest and back bruised; J. S. Hartman, of Niles, hands cut and bruised David Smith, of Niles, hand cut and bruised; John Tompkinson, of Niles, but about the chest and back; William Homer, of Warren, slightly injured; J. T. McClelland, of Niles, foot cut and body bruised; Conductor Hessler, eye cut.

The accident occurred early yesterday morning. The cars were running at a good speed. Some of the injured were unable to help themselves and it was more than an hour before physicians could be called to dress their wounds.

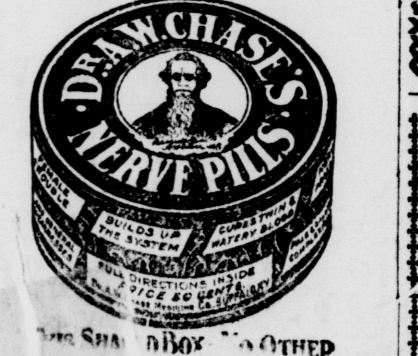

The track was cleared and cars were running yesterday morning. The dense fog prevailed, however, throughout the day.

**Coasting Accidents.**

Pisburg, Jan. 2.—Coasting accidents in Allegheny county yesterday will probably cost two persons their lives while a large number of others were injured while coasting and by falling on the icy pavements.

The fatally hurt are: Andrew Moco, of Sixth avenue and McClure street, Homestead; A. J. Riggs, 73 years old, of Pleasant county, W. Va. The other injured are: James Jenkner, William Bittner, Frank Trapp, Wolsarth Green, James Wilson, Joseph Franck and Patrick Heddin.

**IF YOU ARE SICK**  
And need medicine for your Kidneys, Liver, Bladder or Blood, get the Best.

Dr. David Kennedy's Favorite Remedy.

If you are suffering from kidney or bladder disease, the doctor asks: "Do you desire to urinate often, and are you compelled to get up frequently during the night? Does your back pain you? Does your urine stain linen? Is there a scalding pain in passing it, and is it difficult to hold the urine back? Is your kidney or bladder diseased?" Try putting some of your urine in a glass tumbler, let it stand twenty-four hours. If there is a sediment, or a cloudy, milky appearance, your kidneys are sick. Dr. David Kennedy's Favorite Remedy will surely relieve and cure the most distressing cases of these dread diseases, and no physician can prescribe a medicine that equals it for kidney, liver, bladder and blood diseases, rheumatism, dyspepsia and chronic constipation.

Walter D. Miller, of Delhi, N. Y., writes: "I suffered for years with kidney trouble and severe pains in my back, at times it was so bad I could hardly walk. My stomach also troubled me and I frequently had wings of rheumatism. I suffered a great deal and received no benefit until I began the use of Dr. David Kennedy's Favorite Remedy. After taking it a short while it cured me."

It is for sale by all druggists in the **Now 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

## EAST END FELL ON THE ICE

Alex Brownley Broke His Ankle by an Accident Wednesday Night.

Alex Brownley, aged 42, who resides near the Dry Run bridge, met with a painful accident about 11:30 Wednesday night. He was walking through the alley running from First avenue to Mulberry street and fell on the ice, his right leg was doubled under him, and one of the bones in the ankle broken. He was taken to the East End fire station, where Dr. Mowen was called and dressed the wound.

The patrol was then called and Brownley was taken to his home. This was the first patrol run of the new year, and the message was sent to the station after the wagon just as the clock was striking the midnight hour.

## CHURCH RECEPTION

A Most Enjoyable Affair At the Second U. P. Church On New Year's Day.

The reception at the Second Presbyterian church yesterday afternoon was a very enjoyable affair. The pastor and the other members of the session completed the arrangements for the reception and proved themselves to be excellent entertainers as the afternoon was most enjoyable.

The hours of the reception were from 2:30 to 5 p. m., and during that time a large number of the members of the church and friends of the members took advantage of the opportunity to wish their friends a happy new year. This was an innovation in church circles in the city and proved to be very successful.

## BIG OWL CAPTURED

Bird Nearly Five Feet Caught in a Trap And Placed On Exhibition.

One of the largest owls seen in the city for a long time is being exhibited in the window of Meador's news stand on Mulberry street. The owl was captured by Ernest Wilson, about four miles back of Chester in a steel trap yesterday and is uninjured.

The owl measures 4 feet and 9 inches from tip to tip and is a fine specimen of the hooting bird. It was purchased by Charley Meador yesterday from the captor and is now blinking at the window seemingly content with its new home.

## BIT OFF HIS TONGUE

East End Lad Met With a Peculiar And Very Serious Mishap.

Joseph Jr., the 5-year-old son of Mr. and Mrs. Joseph Warrick, of the East End, met with a very painful accident Wednesday afternoon. The little fellow slipped and fell on the stone steps of the house, biting his tongue off. The child suffered terrible agony till put under the influence of opiates by Dr. Norris.

The physician sewed the tongue together and the little fellow is now getting along as well as possible.

## Dance Largely Attended.

The New Year's dance at the Larkin and Ferguson hall last night was attended by one of the largest crowds of the season. The music was good and the evening passed entirely too quickly to suit those present. Everything was quiet and orderly and the beginning of the year opened auspiciously in East End social circles.

The American Mechanics celebrated the advent of the new year last night at the Protected Home Circle hall. A large number of the members of that organization were present as well as the members of their families. The evening was spent with games, refreshments and other amusements.

## EAST END AFFAIRS.

Robert Green returned to Sebring this morning after a visit with his parents here.

Mrs. Robert Cowden, of Canonsburg, Pa., is the guest of W. H. Finley, in the East End.

John Barnett, of St. George street, is confined to his home with a serious attack of fever.

Ed. Sprague returned last night on the Greenwood from a short visit with friends at Gallipolis.

Miss Pearl Finley accompanied her guest, Miss Sue Martin, to her home in Salineville, this morning.

William Kincaid, and wife, of Ohio avenue, have returned from a visit with relatives at Zanesville.

Roy Mayers, left last night for St. Louis, Mo., after spending the holidays with his parents in the East End.

Tom Hendershot, of St. George street, who has been sick for several weeks, is now considerably improved.

Mrs. F. F. Davis and sister-in-law, Miss Davis, left this morning to spend a few days with relatives at Beaver, Pa.

J. W. Powell has sold his grocery on Mulberry street to Ed. Sprague and J. E. Horger, who will take possession in a few days.

D. W. S. Speakman, an engraver at Laughlin No. 2, and H. Malpass, a printer at Vodrey's pottery, returned last evening from a visit with friends at Niagara Falls, Montreal and Toronto, Canada.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

## FREESAMPLE DISTRIBUTION

Will Reed Giving Away Mi-o-na, the Great Dyspepsia Cure.

The proprietors of Mi-o-na, the great dyspepsia remedy, have made arrangements with Will Reed, the popular druggist, to give away samples of Mi-o-na to those presenting the following coupon at his store:

## COUPON.

This coupon, if presented at my store, entitles the holder to a two days' treatment of Mi-o-na, the great dyspepsia cure.

WILL REED.

Although Mi-o-na was introduced in East Liverpool but a few months ago, it is today outselling all other medicines advertised for the cure of dyspepsia, and the liberal plan of giving away samples, should make many new friends for the remedy.

Mi-o-na is the only dyspepsia remedy upon the market that is sold under a positive guarantee to refund the money if it does not cure. A box costs but 50 cents and Will Reed will refund the money if it does not do all that is claimed for it.

The samples will not last long and every one who has trouble with dyspepsia, indigestion, headache, distress after eating, dizzy feeling or loss of appetite should take this coupon to Will Reed's store and get two days' treatment of Mi-o-na free. No other medicine could begin to do you so much good in a short time, and it costs you nothing.

## Good News.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by Alvin H. Bulger, druggist.

## Did Not Keep Contract.

Sloux City, Ia., Jan. 2.—Archbishop Keane, of Dubuque, has been defeated in the suit brought by C. J. Sherman and John Hanfeldt, of Williams, Ia., to recover \$2,430, which the plaintiffs subscribed to help build a church at Williams. Judge George Dyer, in deciding the suit, holds that they were entitled to recover this amount, with interest. The plaintiffs made their subscriptions conditional upon a dual-language-speaking priest being sent to Williams. They contended that the church did not keep its part of the contract, and the court upheld the claim. The case will probably be appealed.

## Toy Pistol Fatalities.

Norfolk, Va., Jan. 2.—Four boys, three white and one colored, have died in Norfolk since Christmas of tetanus or lockjaw, caused by burns received in the firing of toy pistols charged with blank cartridges. Last night George Wright, a messenger boy, who wounded himself accidentally on Christmas morning, was attacked by the disease and is reported to be in a dying condition.

## Run Down by Train.

Baltimore, Jan. 2.—The mangled body of Miss Della Brewster, 35 years old, of Wilkesbarre, Pa., was found on the tracks of the Pennsylvania railroad, near Union station, last night. Miss Brewster was expected at the home of her sister, Dr. Lora Webster, here last night. She probably became confused, walked up the enclosed track and was run down by a train.

## IS ASIATIC PLAGUE.

### Microscope Shows Bubonic Pest

Bacilli in Blood of Those Afflicted at Mazatlan.

### PEOPLE FLEEING FROM THE CITY

Disease Has Grown Virulent Within the Last Two or Three Days—More Than Fifty Per Cent of the Persons Attacked Are Women.

Mazatlan, Mexico, Jan. 2.—There is no longer the slightest doubt that the disease now afflicting this city is genuine Asiatic plague, for microscopic investigation proves that bubonic pest bacilli are in the blood of those afflicted with the disease. The plague has grown virulent within the last 18 hours and the alarm, which had begun in some measure to abate, has returned with increased strength. The people are fleeing from the city at the rate of 300 per day and some 5,000 persons have gone already.

It is a remarkable fact that more than 50 per cent of the persons attacked are women.

The report of the recrudescence of the plague at this port has reached the interior towns of the state and is causing a panic. Sanitary cordons of armed men have been placed around the towns to prevent the entrance of anyone from this place.

Precautions at Hermisillo.

Hermisillo, Mexico, Jan. 2.—Owing to the scare caused by the epidemic at Mazatlan strenuous measures are being taken here to improve the sanitary conditions of the city. Streets are to be kept scrupulously clean and the city government has appointed an inspector for each city block, whose duty is to enter every house in the block at least once during the day, make a thorough inspection, and report any suspicious sickness.

### GENERAL FOREIGN NEWS.

London, Jan. 2.—The Central News announces that the claim of May Yohé for \$55,000 against the estate of Lord Francis Hope has been settled amicably. The terms of the settlement have not been published.

San Jose, Costa Rica, Jan. 2.—A severe shock of earthquake was felt here at 1 o'clock yesterday morning. The shock is believed to have originated from the volcano of Irazu, and it followed the same direction as the shocks felt here Dec. 18.

St. Petersburg, Jan. 2.—Fifty-eight lives were lost in the recent fire in a coal mine at Bachmut, Ykatorinoslav province. Eleven men were rescued after having been 60 hours in the burned mine and 21 of the miners were saved after being five days in the mine.

Rome, Jan. 2.—As the result of a collision between the carriage of Secretary Iddings, of the United States embassy here, and an electric street car, Wednesday night, Mr. Iddings' shoulder was dislocated, his coachman was injured slightly and the carriage was smashed.

Panama, Colombia, Jan. 2.—Dr. Facundo Mutis Duran has received a cablegram from President Marroquin appointing him governor of Panama in succession to General Salazar. Dr. Duran filled the post of governor of Panama from 1898 to 1899. Members of the electoral council have also been appointed.

## FOR KIDNEY TROUBLE

—READ WHAT HE SAYS—

East Liverpool, Ohio, Nov. 19th, 1902.

The Life Plant Co., Canton, Ohio.

Gentlemen:—I have used nearly two bottles of LIFE PLANT and must say it is a fine medicine for the kidneys. It is the best medicine I have ever taken and I recommend it to all who are suffering from kidney diseases.

F. F. EDWARDS, 136 Third St.

Kidney diseases are very common and very dangerous. They cause more deaths than any other affliction, and yet they can be cured, quickly and easily by taking LIFE PLANT. An improper treatment is worse than none. It excites the kidneys to unusual action for a time, causing a seeming benefit, but the result is increased weakness.

LIFE PLANT leaves you permanently cured or your money is refunded. Whatever the stage of your trouble, your druggist will warrant that LIFE PLANT will succeed with you.

The fearful fatality caused by kidney diseases is the result of neglect and wrong treatment. Commence now by using the only guaranteed treatment, LIFE PLANT. It's a wonder.

Will Reed Giving Away Mi-o-na, the Great Dyspepsia Cure.

The proprietors of Mi-o-na, the great dyspepsia remedy, have made arrangements with Will Reed, the popular druggist, to give away samples of Mi-o-na to those presenting the following coupon at his store:

## COUPON.

This coupon, if presented at my store, entitles the holder to a two days' treatment of Mi-o-na, the great dyspepsia cure.

WILL REED.

Although Mi-o-na was introduced in East Liverpool but a few months ago, it is today outselling all other medicines advertised for the cure of dyspepsia, and the liberal plan of giving away samples, should make many new friends for the remedy.

Mi-o-na is the only dyspepsia remedy upon the market that is sold under a positive guarantee to refund the money if it does not cure. A box costs but 50 cents and Will Reed will refund the money if it does not do all that is claimed for it.

The samples will not last long and every one who has trouble with dyspepsia, indigestion, headache, distress after eating, dizzy feeling or loss of appetite should take this coupon to Will Reed's store and get two days' treatment of Mi-o-na free. No other medicine could begin to do you so much good in a short time, and it costs you nothing.

## Good News.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by Alvin H. Bulger, druggist.

## Did Not Keep Contract.

Sloux City, Ia., Jan. 2.—Archbishop Keane, of Dubuque, has been defeated in the suit brought by C. J. Sherman and John Hanfeldt, of Williams, Ia., to recover \$2,430, which the plaintiffs subscribed to help build a church at Williams. Judge George Dyer, in deciding the suit, holds that they were entitled to recover this amount, with interest. The plaintiffs made their subscriptions conditional upon a dual-language-speaking priest being sent to Williams. They contended that the church did not keep its part of the contract, and the court upheld the claim. The case will probably be appealed.

Afflicted at Mazatlan.

## PEOPLE FLEEING FROM THE CITY

Disease Has Grown Virulent Within  
the Last Two or Three Days—More  
Than Fifty Per Cent of the Per-  
sons Attacked Are Women.

Mazatlan, Mexico, Jan. 2.—There is no longer the slightest doubt that the disease now afflicting this city is genuine Asiatic plague, for microscopic investigation proves that bubonic pest bacilli are in the blood of those afflicted with the disease. The plague has grown virulent within the last 18 hours and the alarm, which had begun in some measure to abate, has returned with increased strength. The people are fleeing from the city at the rate of 300 per day and some 5,000 persons have gone already.

It is a remarkable fact that more than 50 per cent of the persons attacked are women.

The report of the recurrence of the plague at this port has reached the interior towns of the state and is causing a panic. Sanitary cordons of armed men have been placed around the towns to prevent the entrance of anyone from this place.

## Precautions at Hermisillo.

Hermisillo, Mexico, Jan. 2.—Owing to the scare caused by the epidemic at Mazatlan strenuous measures are being taken here to improve the sanitary conditions of the city. Streets are to be kept scrupulously clean and the city government has appointed an inspector for each city block, whose duty is to enter every house in the block at least once during the day, make a thorough inspection, and report any suspicious sickness.

San Jose, Costa Rica, Jan. 2.—A severe shock of earthquake was felt here at 1 o'clock yesterday morning. The shock is believed to have originated from the volcano of Irazu, and it followed the same direction as the shocks felt here Dec. 18.

St. Petersburg, Jan. 2.—Fifty-eight lives were lost in the recent fire in a coal mine at Bachmut, Ykatorinoslav province. Eleven men were rescued after having been 60 hours in the burned mine and 21 of the miners were saved after being five days in the mine.

Rome, Jan. 2.—As the result of a collision between the carriage of Secretary Iddings, of the United States embassy here, and an electric street car, Wednesday night, Mr. Iddings' shoulder was dislocated, his coachman was injured slightly and the carriage was smashed.

Panama, Colombia, Jan. 2.—Dr. Facundo Mutis Duran has received a cablegram from President Marroquin appointing him governor of Panama in succession to General Salazar. Dr. Duran filled the post of governor of Panama from 1898 to 1899. Members of the electoral council have also been appointed.

Gentlemen:—I have used nearly two bottles of LIFE PLANT and must say it is a fine medicine for the kidneys. It is the best medicine I have ever taken and I recommend it to all who are suffering from kidney diseases.

F. F. EDWARDS, 136 Third St.

Kidney diseases are very common and very dangerous. They cause more deaths than any other affliction, and yet they can be cured, quickly and easily by taking LIFE PLANT. An improper treatment is worse than none. It excites the kidneys to unusual action for a time, causing a seeming benefit, but the result is increased weakness.

LIFE PLANT leaves you permanently cured or your money is refunded. Whatever the stage of your trouble, your druggist will warrant that LIFE PLANT will succeed with you.

The fearful fatality caused by kidney diseases is the result of neglect and wrong treatment. Commence now by using the only guaranteed treatment, LIFE PLANT. It's a wonder.

## FELL ON THE ICE

Alex Brownley broke his ankle by an accident Wednesday night.

Alex Brownley, aged 42, who resides near the Dry Run bridge, met with a painful accident about 11:30 Wednesday night. He was walking through the alley running from First avenue to Mulberry street, and fell on the ice, his right leg was doubled under him, and one of the bones in the ankle broken. He was taken to the East End fire station, where Dr. Mowen was called and dressed the wound.

The patrol was then called and Brownley was taken to his home. This was the first patrol run of the new year, and the message was sent to the fire station after the wagon just as the clock was striking the midnight hour.

## CHURCH RECEPTION

A Most Enjoyable Affair At the Second U. P. Church On New Year's Day.

The reception at the Second Presbyterian church yesterday afternoon was a very enjoyable affair. The pastor and the other members of the session completed the arrangements for the reception and proved themselves to be excellent entertainers as the afternoon was most enjoyable.

The hours of the reception were from 2:30 to 5 p. m., and during that time a large number of the members of the church and friends of the members took advantage of the opportunity to wish their friends a happy new year. This was an innovation in church circles in the city and proved to be very successful.

## BIG OWL CAPTURED

Bird Nearly Five Feet Caught in a Trap And Placed On Exhibition.

One of the largest owls seen in the city for a long time is being exhibited in the window of Meador's news stand on Mulberry street. The owl was captured by Ernest Wilson, about four miles back of Chester in a steel trap yesterday and is uninjured.

The owl measures 4 feet and 9 inches from tip to tip and is a fine specimen of the hooting bird. It was purchased by Charles Meador yesterday from the captor and is now blinking at the window seemingly contented with its new home.

## BIT OFF HIS TONGUE

East End Lad Met With a Peculiar And Very Serious Mishap.

Joseph Jr., the 5-year-old son of Mr. and Mrs. Joseph Warrick, of the East End, met with a very painful accident Wednesday afternoon. The little fellow slipped and fell on the stone steps of the house, biting his tongue off. The child suffered terrible agony till put under the influence of opiates by Dr. Norris.

The physician sewed the tongue together and the little fellow is now getting along as well as possible.

## Dance Largely Attended.

The New Year's dance at the Larkins and Ferguson hall last night was attended by one of the largest crowds of the season. The music was good and the evening passed entirely too quickly to suit those present. Everything was quiet and orderly and the beginning of the year opened auspiciously in East End social circles.

## Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Life Plant Co., Canton, Ohio.

Gentlemen:—I have used nearly two bottles of LIFE PLANT and must say it is a fine medicine for the kidneys. It is the best medicine I have ever taken and I recommend it to all who are suffering from kidney diseases.

F. F. EDWARDS, 136 Third St.

Kidney diseases are very common and very dangerous. They cause more deaths than any other affliction, and yet they can be cured, quickly and easily by taking LIFE PLANT. An improper treatment is worse than none. It excites the kidneys to unusual action for a time, causing a seeming benefit, but the result is increased weakness.

LIFE PLANT leaves you permanently cured or your money is refunded. Whatever the stage of your trouble, your druggist will warrant that LIFE PLANT will succeed with you.

The fearful fatality caused by kidney diseases is the result of neglect and wrong treatment. Commence now by using the only guaranteed treatment, LIFE PLANT. It's a wonder.

TRADES UNION COUNCIL

EAST LIVERPOOL, O.

FRIDAY, JANUARY 2, 1903.

The government again sounds the

warning that communities which do not

sufficiently appreciate rural free deliv-

ery to keep their roads in good condi-

tion will be deprived of its privileges

and benefits. A few routes have al-

ready been discontinued, and more

will follow suit unless the people pay

more attention to the highways. This

warning is one that needs to be espe-

cially heeded in Columbiana county

where the roads are notoriously bad.

A large number of new routes are

about to be established in this im-

mediate vicinity. The chances are great-

ly against some of them being main-

tained unless the people take a hand

in the matter and interest themselves

to the extent of seeing that the roads

are not suffered to degenerate into

muddy quagmires both spring and fall.

The government submits a very fair

and liberal proposition to the farm-

ers, but it will not help those who re-

fuse to help themselves. A powerful

stimulus to the good roads movement

ought to be the result locally of the

establishment of the new routes, and

the people should not forget that the

question of their permanency rests

solely with themselves.

Chester is to be congratulated on

the change which went into effect Jan-

uary 1, making the name of the post-

office the same as that of the town.

Names are so cheap and easily made

that there is no excuse for poverty in

that line. There can be no good rea-

son for any community struggling

along handicapped by having one name

for the town and another for the post-

office. Postoffice names cannot be du-

plicated in the same state—a fact

which is too often overlooked by the

ambitious founders of new villages.

The result is that such names as Wash-

ington, Centerville, Jackson and Jef-

erson are frequently duplicated, some

times in adjacent counties, and pre-

fixes such as North, South, East and

West, have to be added, not to mention

"center," "court house," "corner,"

"landing" and similar terms, the effect

of which is both confusing and annoy-

ing. No town ever became truly great

that had to exist with one name for

its railroad station, for in-

stance, and another for its postoffice.

Chester has left the disadvantage, and

luckily got rid of it.

Representative Richardson, of Ten-

nesse, has selected three prominent

Democrats, any one of whom he thinks

would make an excellent presidential

candidate. They are Gorman, Parker

and Olney. Aside from the Maryland-

er it is doubtful if they could be per-

suaded to lead a forlorn hope. Rich-

ardson himself has something of a rep-

utation for leadership of that sort

Why not let him attempt the impos-

sible task of uniting the warring fac-

tions?

The forthcoming lectures by Rev.

Dr. Pratt, to be delivered at the opera

house on Sunday afternoons, are wor-

thy of more than passing attention.

The series of meetings, involving a

large amount of earnest effort, are

purely a labor of love on the clergy-  
men's part and are planned with the  
noble purpose of interesting the young  
men of the city in religion, patriotism  
and morality. That they will be the  
means of great good cannot be doubt-  
ed, and both Dr. Pratt and the Y. M.  
C. A., under whose auspices he is to  
appear, deserve hearty encouragement  
on the part of the public. On the  
young man of today rests in a large  
measure the hope of the future and  
there cannot be too much or too earn-  
est work directed toward teaching  
him manliness and moral courage and  
a lively sense of his responsibilities.

The United States Steel corpora-  
tion's decision to allow its employees to  
share in its profits by the purchase of  
stock in small amounts and at less  
than the market figures seems to have  
struck a popular chord. The company  
will lose nothing in the long run, but  
will gain in the loyalty of its workers  
and in their determination to do their  
best to promote their own and the  
company's interests. Other companies  
will undoubtedly follow the example  
set by this corporation, one of the  
greatest in America, and the result  
ought to be a substantial gain for labor  
as well as harmony between labor and  
capital.

Lake tonnage increased 27 per cent.  
in the past year. Ohio river traffic  
would have shown an equal if not a  
greater gain had the river been nav-  
igable all the time. Facts like these  
are most potent arguments which the  
river and harbors committee of con-  
gress should not be suffered to lose  
sight of.

Dr. Lorenz has sailed for home. In  
a few weeks in this country he has  
done enough to cause his name to be  
remembered with gratitude and praise  
for many years. From all accounts  
his marvelous skill is only exceeded  
by his kindness and generosity.

One of the best resolutions any citi-  
zen can make is to resolve to do his  
part toward making his city better.  
Such a resolution can be made any and  
every day, and chances to put it in  
effect will never be lacking.

New Year's day was bright and  
beautiful and full of cheerful inspira-  
tion. If each one does his part to make  
it so there is no reason why 1903  
should not indeed be a happy period.

An advance of three cents a barrel  
in the price of oil is said to net John  
D. Rockefeller about \$6,000,000 a day.  
No wonder he can give away colleges!

## OBITUARY

Mrs. Clarinda Ward Arnold.

Mrs. Clarinda Ward Arnold, aged 84,  
who has resided for the greater part  
of her life at her home on Water  
street, in Wellsville, died at 8:30 yes-  
terday morning after suffering only a  
few days with an attack of bronchitis.  
Mrs. Arnold is survived by one son, T.  
R. Arnold, who has resided at her  
home. She was born in Hopkinton,  
N. Y., in 1818, and was a descendant  
of the original Yankees of Vermont.  
She was an abolitionist of note, and  
during her younger days secured the  
safety of many a runaway slave. The  
funeral will be held at the residence  
at 1 o'clock tomorrow afternoon, Rev.  
Charles E. Clark, pastor of the M. E.  
church, officiating. Interment in  
Spring Hill cemetery.

## THE STATE PRINTING REPORT.

Superintendent Sample Recommends  
that Work Be Done in Pennsylv-  
ania's Own Plant.

Harrisburg, Jan. 1.—The report of  
Thomas G. Sample, superintendent of  
public printing, made public yester-  
day, shows that the cost of the state  
printing for the year ending June 30  
last was \$239,153.22, and the cost of  
paper and supplies used was \$96,  
228.55. The total cost of printing for  
the four years ending June 30, 1902,  
was \$955,791.92, as against \$1,204,  
970.27 for the four preceding years.

The report states that the work per-  
formed by W. S. Ray, the contractor  
for the state printing and binding has  
been well and promptly done and that  
the work is farther advanced than it  
has been for years.

The report recommends a complete  
remodeling by the next legislature of  
the laws to govern the question of  
state printing. The report also states  
that Superintendent Sample is con-  
vinced that the cheapest and easiest  
way to settle the entire question  
would be for the state to do the work  
in its own plant.

## NEW CANDIDATE FOR STATE SENATOR

Hon. Charles J. Howard, of Barnes-  
ville, in the Race in the Joint  
District.

At Barnesville Hon. Charles J. How-  
ard has made public announcement of  
the fact that he is a Republican candi-  
date for state senator from the Twen-  
tieth-Twenty-second Ohio district. It  
has been pretty generally expected  
that he would be a candidate.

Mr. Howard is one of the brightest  
young attorneys in eastern Ohio. He  
served two terms in the lower house of  
the legislature and made a record of  
which his constituents were justly  
proud. He became well known over  
the state and three years ago was  
boomed for secretary of state, but re-  
fused to be a candidate.

Mr. Howard is a warm admirer of  
Senator M. A. Hanna and as such will  
likely have the support of many. The  
announcement recently that Hon. J.  
C. Hehlein, of Bridgeport, was to be  
a candidate for senator is reported  
premature. His friends have been  
urging him to enter the fight, but it is  
thought he may decline.

## AT THE THEATER

Dainty music, magnificent dresses,  
pretty girls, bright lyrics and plenty  
of comedy are the elements which go  
to make up the Chinese-English mus-  
ical play, "San Toy." An almost un-  
precedented record both in London and  
in New York has been scored by this  
opera. In the latter city it is the only  
musical performance ever to have had  
more than one run on Broadway. "San  
Toy" came back to Daily's theater on  
three separate occasions and enjoyed  
extended terms of prosperity on each  
appearance. Much the same company  
will be seen in it that appeared at that  
theater, among the members being  
Isabel Hall, Nellie Lynch, Nora Lam-  
bert, Samuel Collins, George K. Forten-  
one, Robert Smock, Nagle Barry and  
others. At the Grand Tuesday even-  
ing.

"An Aristocratic Burglar" is  
one of the cleverly drawn charac-  
ters in the romantic play "When the  
Bell Tolls," which will be given at the  
Grand, on Monday evening. One of  
the most effective scenes in this suc-  
cessful production is a completely  
darkened room in which the entire ac-  
tion of a stirring episode takes place  
in the condensed but brilliant ray of  
a bicycle lantern. This effect is origi-  
nal in "When the Bell Tolls." The  
play is full of novel features and the  
plot is intensely interesting.

"The Silver Dagger" pleased the pa-  
trons of the Grand at the matinee and  
evening performance yesterday. The  
plot of the play furnishes exciting  
scenes throughout its entire perform-  
ance. The climaxes were enhanced by  
a resort to the supernatural, and the  
villain and villainess were finally un-  
done by their credulity. The announce-  
ment was made from the stage that  
the Twentieth Century Minstrels  
would repeat their performance the  
coming Saturday evening.

nounced that the famous company  
would play here under the auspices of  
the local lodge B. P. O. E., and this  
in itself is a guarantee that those who  
attend will be cared for in the very  
best possible style.

are most potent arguments which the  
river and harbors committee of con-  
gress should not be suffered to lose  
sight of.

Dr. Lorenz has sailed for home. In  
a few weeks in this country he has  
done enough to cause his name to be  
remembered with gratitude and praise  
for many years. From all accounts  
his marvelous skill is only exceeded  
by his kindness and generosity.

One of the best resolutions any citi-  
zen can make is to resolve to do his  
part toward making his city better.  
Such a resolution can be made any  
every day, and chances to put it in  
effect will never be lacking.

New Year's day was bright and  
beautiful and full of cheerful inspira-  
tion. If each one does his part to make  
it so there is no reason why 1903  
should not indeed be a happy period.

An advance of three cents a barrel  
in the price of oil is said to net John  
D. Rockefeller about \$5,000,000 a day.  
No wonder he can give away colleges!

## OBITUARY

Mrs. Clarinda Ward Arnold.

Mrs. Clarinda Ward Arnold, aged 84,  
who has resided for the greater part  
of her life at her home on Water  
street, in Wellsville, died at 8:30 yes-  
terday morning after suffering only a  
few days with an attack of bronchitis.  
Mrs. Arnold is survived by one son, T.  
R. Arnold, who has resided at her  
home. She was born in Hopkinton,  
N. Y., in 1818, and was a descendant  
of the original Yankees of Vermont.  
She was an abolitionist of note, and  
during her younger days secured the  
safety of many a runaway slave. The  
funeral will be held at the residence  
at 1 o'clock tomorrow afternoon, Rev.  
Charles E. Clark, pastor of the M. E.  
church, officiating. Interment in  
Spring Hill cemetery.

## THE STATE PRINTING REPORT.

Superintendent Sample Recommends  
that Work Be Done in Pennsylv-  
ania's Own Plant.

Harrisburg, Jan. 2.—The report of  
Thomas G. Sample, superintendent of  
public printing, made public yester-  
day, shows that the cost of the state  
printing for the year ending June 30  
last was \$239,153.22, and the cost of  
paper and supplies used was \$96,  
228.55. The total cost of printing for  
the four years ending June 30, 1902,  
was \$955,791.92, as against \$1,204,  
970.27 for the four preceding years.

The report states that the work per-  
formed by W. S. Ray, the contractor  
for the state printing and binding has  
been well and promptly done and that  
the work is farther advanced than it  
has been for years.

The report recommends a complete  
remodeling by the next legislature of  
the laws to govern the question of  
state printing. The report also states  
that Superintendent Sample is con-  
vinced that the cheapest and easiest  
way to settle the entire question  
would be for the state to do the work  
in its own plant.

## NEW CANDIDATE FOR STATE SENATOR

Hon. Charles J. Howard, of Barnes-  
ville, in the Race in the Joint  
District.

At Barnesville Hon. Charles J. How-  
ard has made public announcement of  
the fact that he is a Republican candi-  
date for state senator from the Twen-  
tieth-Twenty-second Ohio district. It  
has been pretty generally expected  
that he would be a candidate.

Mr. Howard is one of the brightest  
young attorneys in eastern Ohio. He  
served two terms in the lower house of  
the legislature and made a record of  
which his constituents were justly  
proud. He became well known over  
the state and three years ago was  
boomed for secretary of state, but re-  
fused to be a candidate.

Mr. Howard is a warm admirer of  
Senator M. A. Hanna and as such will  
likely have the support of many. The  
announcement recently that Hon. J.  
C. Heinlein, of Bridgeport, was to be  
a candidate for senator is reported  
premature. His friends have been  
urging him to enter the fight, but it is  
thought he may decline.

## AT THE THEATER

Dainty music, magnificent dresses,  
pretty girls, bright lyrics and plenty  
of comedy are the elements which go  
to make up the Chinese-English mus-  
ical play, "San Toy." An almost un-  
precedented record both in London and  
in New York has been scored by this  
opera. In the latter city it is the only  
musical performance ever to have had  
more than one run on Broadway. "San  
Toy" came back to Daily's theater on  
three separate occasions and enjoyed  
extended terms of prosperity on each  
appearance. Much the same company  
will be seen in it that appeared at that  
theater, among the members being  
Isabel Hall, Nellie Lynch, Norah Lam-  
bert, Samuel Collins, George K. Forten-  
cue, Hobart Smock, Nagle Barry and  
others. At the Grand Tuesday even-

"An Aristocratic Burglar" is  
one of the cleverly drawn charac-  
ters in the romantic play "When the  
Bell Tolls," which will be given at the  
Grand, on Monday evening. One of  
the most effective scenes in this suc-  
cessful production is a completely  
darkened room in which the entire ac-  
tion of a stirring episode takes place  
in the condensed but brilliant ray of  
a bicycle lantern. This effect is origi-  
nal in "When the Bell Tolls." The  
play is full of novel features and the  
plot is intensely interesting.

"The Silver Dagger" pleased the pa-  
trons of the Grand at the matinee and  
evening performance yesterday. The  
plot of the play furnishes exciting  
scenes throughout its entire perform-  
ance. The climaxes were enhanced by  
a resort to the supernatural, and the  
villain and villainess were finally un-  
done by their credulity. The announce-  
ment was made from the stage that  
the Twentieth Century Minstrels  
would repeat their performance the  
coming Saturday evening.

### TERM WILL END THEN

Present Engineer and Street Commissioner Not to Serve When New Code Is in Effect.

A prominent official of this city recently sent a communication to Attorney General J. M. Sheets at Columbus, asking him whether the city engineer, or street commissioner now established by ordinance, could continue in office under the new code. Section 172 of the revised statutes, which was not repealed, seems to conflict with the new code. In reply the attorney general answered:

"Years of December 26 at hand and events noted. You state that you have advised the city council that the office of street commissioner and that of city engineer will end as soon as the new code comes into effect, and enquire of me as to what my views are on the subject. You are clearly right in the position you take. Indeed, even without the adoption of the new code in your city, if the city council saw fit, it could abolish any office established by ordinance and the person holding the office could not complain. See state ex. rel. vs. Jennings, 57 O. S. 415."

### DISTURBED WORSHIPERS

And as a Consequence Ellis Stoffel May Have to Go to the Workhouse.

Ellis Stoffel, of the West End, who has been in much trouble within the last two years and has served a long sentence in the Canton workhouse, was again arrested last evening on a charge of disturbing a religious meeting. The charge was preferred against him by Rev. W. A. Vandersall, pastor of the United Evangelical church.

Stoffel raised considerable of a disturbance in the church last Sunday evening, which was unnecessary and which was not the first occurrence of the kind. When given a hearing by the mayor he was fined \$28.00, which he was unable to pay. He is in the city jail. Unless some of his relatives or some good-hearted friend comes to his assistance and pays his fine, Stoffel will no doubt have to make another trip to Canton.

### New Officials Take Hold.

C. C. Ewing, the new superintendent of the water works of the city, and

E. C. Taylor, the new clerk, began their services yesterday morning and took charge of the water works office, relieving Supt. Perkins and his daughter, who resigned. The new superintendent and clerk will serve until next May. Both are very competent men and will no doubt give satisfaction in their new offices.

### WANTED FOR ROBBERY

Mingo Man Arrested in Wellsville Charged With Tapping a Butcher's Till.

Marshal Weaver, of Mingo Junction, early Wednesday evening telephoned to Chief of Police Fred Houser, of this city, and told him to arrest a man named Dave Lyons, who would arrive in Wellsville on the evening up-river train, which is better known to Wellsville people as the "growler." Chief Houser and Officer Davis went to West End depot, and when the train arrived arrested Lyons as he alighted on the platform.

The Mingo Junction marshal arrived yesterday morning and returned with Lyons. He stated that Lyons had come into a Mingo Junction meat market early Wednesday evening to buy some meat, and when the proprietor stepped out of the store for a few minutes, tapped the till to the extent of \$30 or \$40. When arrested by the Wellsville officers he had \$25.00 upon his person.

### MANDAMUS PROCEEDINGS

Against County Commissioners And Street Railway Now Talked Of.

In speaking of the street car service in this city, a prominent local attorney stated last evening, that, according to the common law any taxpayer of the city can bring suit against the street railway company to compel it to comply with the terms of its franchise. The franchise provides that it shall run cars between this city and East Liverpool as often as the public convenience requires.

The attorney also stated that any taxpayer of the county can bring a suit in mandamus against the county commissioners to compel them to act. It is reported that a prominent citizen of Wellsville, a heavy taxpayer, has volunteered to bring suit against the commissioners and also against the street railway company.

### Boys Taken to Lisbon Jail.

Ernest Sells and Warren Roberts the two lads who were arrested by Detective Moore, of the C. & P., for stealing iron, and who were bound over to court by the mayor in the sum of \$100 each, were taken to Lisbon yesterday morning by Chief of Police Houser, where the boys were turned over to the county authorities and lodged in the county jail. The iron which the boys stole was worth about \$40. Sells pleaded not guilty and Roberts pleaded guilty.

### Ball a Grand Success.

The second annual ball given Wednesday evening in the city hall by the Wellsville Trades & Labor Council was a grand success, both socially and financially. A large crowd attended and the council cleared a neat sum over their expenses. The music for the evening was rendered by McGraw's orchestra, of East Liverpool. Special cars were held for the accommodation of the large crowd from the sister city.

### ARREST CAUSES MURDER.

Boy Taken in Custody by Detective and Father Kills Officer.

Hinton, W. Va., Jan. 2.—Word has just been received here of an alleged murder committed at Dunns, Mercer county, about 20 miles west of this city. From information received, Newton Lydie, of Piney, who claims to belong to a detective agency, was in the vicinity of Dunns and arrested a young son of Russell Lilly, claiming the boy had disturbed an aged man who resided nearby.

Young Lilly, who secured his release by promising to testify against others whom the detective claimed were equally guilty, immediately told his father of the arrest. The father took his gun and hunted up Lydie. When they met a quarrel ensued and resulted, it is alleged, in Lilly shooting Lydie through the neck. A large part of his jaw was torn away by the shot, and he died soon after.

Lilly immediately gave himself up to a justice of the peace, claiming that he did the shooting in self-defense. Lydie had no warrants to make any arrests.

### ARREST CAUSES MURDER.

Boy Taken in Custody by Detective and Father Kills Officer.

Hinton, W. Va., Jan. 2.—Word has just been received here of an alleged murder committed at Dunns, Mercer county, about 20 miles west of this city. From information received, Newton Lydie, of Piney, who claims to belong to a detective agency, was in the vicinity of Dunns and arrested a young son of Russell Lilly, claiming the boy had disturbed an aged man who resided nearby.

Young Lilly, who secured his release by promising to testify against others whom the detective claimed were equally guilty, immediately told his father of the arrest. The father took his gun and hunted up Lydie. When they met a quarrel ensued and it is alleged, in Lilly shooting Lydie through the neck. A large part of his jaw was torn away by the shot, and he died soon after.

Lilly immediately gave himself up to a justice of the peace, claiming that he did the shooting in self-defense. Lydie had no warrants to make any arrests.

## CHESTER ELECTION CLOSE AND LIVELY

The Vote Polled Was the Largest  
Ever Cast in the New  
Town.

## MERCER AND MAXWELL

Win For Mayor And Recorder Respectively—The Councilmen Elected Are Cunningham, Johnston, Hobbs, Dunn And Anderson.

The most exciting election ever held in Chester took place yesterday. The vote polled, 264, was the largest ever cast in the town and heroic efforts were made by both sides to get out a full vote. Sleds were used to take the voters to the polls and from early mornning till the close of the polls excitement was at a fever pitch.

The result of the election was defeat for Mayor Shrader, he failing to carry a single ward, and for the balance of the ticket supposed to be friendly to him. Notwithstanding the great excitement everything passed off very quietly and only two voters were challenged. They were Ernest Spurlock, of the third ward, and Charles Foster, of the fourth. But two men under the influence of liquor voted, although it is said that booze was flowing freely in certain quarters.

The threatened arrests for illegal voting did not materialize, although both sides watched matters closely. The work of the election commissioners and their clerks was good as the result was known about an hour after the polls were closed. While the fight seemed to be centered principally on mayor, every ward had a fight for council except the fourth and fifth. There Dunn and Anderson had a walk-over, Johnston in the second also had an easy victory. The first and third wards were hotly contested, and Maxwell and Marshall ran a pretty even race throughout.

A close calculation showed that only the following stay-at-home voters could be found: First ward, 2; Second ward, 17; Third ward, 3; Fourth ward, none; Fifth ward, 2, making a total of 24, notwithstanding the fact that the election was held on a holiday. The vote for the entire ticket by wards is as follows:

esent Engineer And Street Commissioner Not to Serve When New Code Is in Effect.

A prominent official of this city recently sent a communication to Attorney General J. M. Sheets at Columbus, asking him whether the city engineer or street commissioner now established by ordinance could continue office under the new code. Section 2 of the revised statutes, which is not repealed, seems to conflict with the new code. In reply the attorney general answered:

Yours of December 26 at hand and same noted. You state that you advised the city council that the city engineer will end as soon as the new code comes into effect, and give me as to what my views on the subject. You are clearly in the position you take. Indeed, without the adoption of the new code in your city, if the city council fit, it could abolish any office established by ordinance and the person in the office could not complain, state ex. rel. vs. Jennings, 57 O. S., 114.

## STURBED WORSHIPERS

as a Consequence Ellis Stoffel May Have to Go to the Workhouse.

Ellis Stoffel, of the West End, who has been in much trouble within the two years and has served a long term in the Canton workhouse, was arrested last evening on a charge of disturbing a religious meeting. The charge was preferred against him by W. A. Vandersall, pastor of the Evangelical church. Stoffel raised considerable of a disturbance in the church last Sunday night, which was unnecessary and was not the first occurrence of the kind. When given a hearing by the mayor he was fined \$28.00, which he is unable to pay. He is in the jail. Unless some of his relatives or good-hearted friends comes to his assistance and pays his fine, Stoffel no doubt have to make another Canton.

## New Officials Take Hold.

Ewing, the new superintendent of water works of the city, and

E. C. Taylor, the new clerk, began their services yesterday morning and took charge of the water works office, relieving Supt. Perkins and his daughter, who resigned. The new superintendent and clerk will serve until next May. Both are very competent men and will no doubt give satisfaction in their new offices.

## WANTED FOR ROBBERY

Mingo Man Arrested in Wellsville Charged With Tapping a Butcher's Till.

Marshal Weaver, of Mingo Junction, early Wednesday evening telephoned to Chief of Police Fred Houser, of this city, and told him to arrest a man named Dave Lyons, who would arrive in Wellsville on the evening up-river train, which is better known to Wellsville people as the "growler." Chief Houser and Officer Davis went to West End depot, and when the train arrived arrested Lyons as he alighted on the platform.

The Mingo Junction marshal arrived yesterday morning and returned with Lyons. He stated that Lyons had come into a Mingo Junction meat market early Wednesday evening to buy some meat, and when the proprietor stepped out of the store for a few minutes, tapped the till to the extent of \$30 or \$40. When arrested by the Wellsville officers he had \$25.00 upon his person.

## MANDAMUS PROCEEDINGS

against County Commissioners And Street Railway Now Talked Of.

In speaking of the street car service in this city, a prominent local attorney stated last evening, that, according to the common law any taxpayer of the city can bring suit against the street railway company to compel it to comply with the terms of its franchise. The franchise provides that it shall run cars between this city and East Liverpool as often as the public convenience requires.

The attorney also stated that any taxpayer of the county can bring a suit in mandamus against the county commissioners to compel them to act. It is reported that a prominent citizen of Wellsville, a heavy taxpayer, has volunteered to bring suit against the commissioners and also against the street railway company.

## Boys Taken to Lisbon Jail.

Ernest Sells and Warren Roberts the two lads who were arrested by Detective Moore, of the C. & P., for stealing iron, and who were bound over to court by the mayor in the sum of \$100 each, were taken to Lisbon yesterday morning by Chief of Police Houser, where the boys were turned over to the county authorities and lodged in the county jail. The iron which the boys stole was worth about \$40. Sells pleaded not guilty and Roberts pleaded guilty.

## Ball a Grand Success.

The second annual ball given Wednesday evening in the city hall by the Wellsville Trades & Labor Council was a grand success, both socially and financially. ### CAMP ON FOOTBALL

Yale Authority Visits Chicago And Talks of New Rules And Prospective Changes.

There is likely to be no radical changes in the football rules, according to Walter Camp, of New Haven, who is in Chicago now. Mr. Camp, who has been connected with Yale University for a number of years as chief adviser in athletics, is in Chicago for a brief visit. Before he returns he will confer with western football authorities on the advisability of changes in the football rules.

Mr. Camp recently sent out a number of letters to football experts, asking their opinion on the game, but he has not yet heard from any of them. The whole question will come up at the annual meeting of the football committee in February.

"It is always hard to say in advance what would be the best thing to do in football," said Mr. Camp. "Personally, I think it is inadvisable to make many changes in football, as it would take the people who go to the games a long time to get used to the new order of things. Football has been brought to a high standard in both the west and the east, and a good many might question the advisability of changing any of the rules."

"Some critics would like to see a more open style of play in football. The reasons given in the majority of cases are that the game would be less dangerous. I question this point to some extent, as a goodly number of the injuries are sustained by players when in the open. From a coach's standpoint, I think he mostly fears the sharp tackling to a fast man like Weeks and Sheldon. Let one of these players take the ball on a punt and run it back. The chances of injuries in a case like that are more apt to happen than when the player goes head first into a mass play."

Mr. Camp commented favorably on the stride football has taken in the west, and hoped that some day sectional games might be played, but he did not expect any of importance for some time. He said that the length of the season, both in the east and in the west, precluded such contests.

According to Mr. Camp Yale and Harvard are certain to come to terms, and he did not believe that the two schools would break off athletic relations.

## ROVERS DEFEATED IN LAST GAME OF SEASON

Victory for McDonald Makes It an Even Break Between the Two Teams.

What was no doubt the last game of the association foot ball season so far as the local teams are concerned was played at McDonald, Pa., yesterday afternoon between the strong team of that city and the champion East Liverpool Rovers team. It was a defeat for the home boys by a score of 3 to 2. The game was one of the best contested of the season and there were no rowdy tactics as in the game last Saturday at Swissvale. It had been the hope of the Rovers to end the season with a victory, and it was not until time was called in the last half that they relinquished the struggle. Had they won it would have been the second victory over this team this season, but as it now stands each team has won a game. The Rovers participated here last evening. Those who participated in the game were:

A. Townley, goal; Bowers and Tucker, fullbacks; Hall, Woodcraft and Parker, halfbacks; George Townley and Moore, right forwards; Challinor and Albert Townley, left forwards; Davis, center.

Challinor and Davis scored the goals for the Rovers.

purses. He had all told 29 starters, that raced 320 times, and, outside of their winning races, they earned money in 105 events by finishing second 55 and third 50 times.

Hastings has made one American record this season, in being but 9 years old, and therefore the youngest horse that ever led the winning sires of this country, his record breaking that held by imp. St. Blaise, one of his new companions in the stud. St. Blaise's record was scored in 1900. Hastings also ties Hanover with another best on record, they being the winning sires of this country when represented by only 2 and 3 year old performers. Hanover did this in 1895, and Hastings's oldest get to race in 1902 were 3-year-olds.

## HOMESTEAD'S VICTORY

Defeated Steubenville After an Exciting Contest at Basket Ball Yesterday.

The Steubenville basket ball team of Steubenville played one of the finest exhibitions of basket ball here at stanton park casino yesterday. The former won by a score of 23 to 17.

The lineup: Homestead—Dixon and Adams, forwards; Bissell, center; Murray and Lloyd, guards.

Steubenville—Conroy, Fitzpatrick and Neadham, forwards; Hamilton, center; Burns and Houser, guards.

Field goals, Hamilton 7, Houser 2, Bissell 2, Lloyd, Dixon 4, Burns, Foul goals, Dixon 3, Hamilton 3. Umpire and referee, Farren.

## Matched For January 15.

"Philadelphia" Tommy Ryan has signed articles for an important contest on January 15. Martin Duffy, one of the cleverest men in the light welter division will be his opponent and they will meet at St. Louis. The men are scheduled to box ten rounds at 142 pounds, which will be quite a change from the 115 and 122 pound boys who have been performing lately. Ryan says he expects Duffy to give him anything but an easy fight and that he is going to do plenty of work for the bout.

## Goes to New York State.

Leor Ames, who has pitched such good ball for Warren and Zanesville the past two years, has been signed by the management of the Lion team, of the New York State league, and will report for duty in May. Last year Ames pitched twenty-seven games for Zanesville and Warren and won all but six. He is an excellent first baseman.

## Championships to Be Separated.

## PRESIDENT'S RECEPTION.

One of the Most Brilliant Events in Washington's Social History. Washington, Jan. 2.—President Roosevelt's New Year's reception was one of the most brilliant events in Washington's recent social history. All callers were afforded the opportunity of greeting the president and Mrs. Roosevelt and exchanging with them the compliments of the New Year. No distinctions were made except such as were rendered necessary in the preservation of order, and the greetings extended to all—high and low, rich and poor—were alike cordial and sincere.

Last night President and Mrs. Roosevelt entertained a number of out-of-town friends at dinner.

## Miners Observed New Year's.

Wilkesbarre, Pa., Jan. 2.—The miners of the Wyoming region observed New Year's day as a holiday. Nearly all the collieries were idle, and what few were working were short-handed. The output of coal yesterday was only a few thousand tons.

## Legs Cut Off.

Lancaster, Pa., Jan. 2.—Martin Etter, aged 25 years, a Pennsylvania railroad brakeman, while shifting cars at Reinholds station yesterday evening, had his legs cut off. He died a couple of hours later.

## Exchanged Good Wishes.

Washington, Jan. 2.—Minister Quesada, of the Cuban legation, yesterday received a message from President Palma, requesting the minister to call on President Roosevelt and to say to the latter that President Palma sent him personally the best wishes of the chief of the new island republic for happiness in the new year and that in the name of the Cuban people he sent greetings to the American nation, wishing it happiness and prosperity in 1903. The minister conveyed the greetings to President Roosevelt at the White House. There was an exceedingly delicious exchange of compliments, and President Roosevelt requested Minister Quesada to convey to the president of Cuba and the Cuban people the wishes of himself and the people of the United States for the happiness and prosperity of the Cuban people and of President Palma.

## Passed Danger Point.

Boston, Jan. 2.—For some days no report warranting new quarantine measures has been received in connection with the foot and mouth disease among Massachusetts cattle. This fact has strengthened the conviction of Dr. Peters, chief of the cattle bureau, that the disease has passed its dangerous point in this state.

## LEGAL.

### ORDINANCE 739.

Granting to the Youngstown & Southern Railroad Company the right to construct, maintain and operate lines of railway upon the following streets, to wit: Trentvale street from corporate limits to south side of Sheridan avenue.

Whereas, the Council of said City of East Liverpool, Ohio, has, upon careful examination, found that said railroad company has complied with all the conditions and pre-requisites by law or ordinance necessary for the granting of the rights hereinafter contained, therefore, be it ordained by the Council of the City of East Liverpool, Columbiana County, Ohio.

Section 1. That the right is hereby granted for the period of twenty-five years from and after the date of this ordinance, to the Youngstown & Southern Railroad Company, to construct, maintain and operate a line of railway over and upon the following streets and public highways in said City of East Liverpool, Ohio, commencing as follows: Beginning at the north city line on Trentvale street running thence South to Sheridan avenue and West Market Street.

The number of tracks on each of said streets shall be one, with all necessary turn tables, turn-outs, sidings and switches, with the right hereafter when the operations of said company shall require it, to construct a double track along said streets, and said company shall have the right to construct and maintain poles, wires, fixtures and conduits, with all the appliances necessary for the operation of said lines by electricity or other motive power, other than animal.

Section 2. The gauge of said track shall be four feet, eight and one-half inches (4ft. 8½ in.), with rails weighing eighty pounds per yard. The cars upon said railway shall be propelled by electricity or such other motive power other than animal as the company may desire. If said company shall lay a single track, the same shall be laid under the direction of the city engineer and board of public service. The turn-tables, turn-outs, sidings and switches shall be so located as to incommode public travel as little as is reasonably proper. Iron or wooden poles may be used, which shall be kept well painted. The poles and wires shall be so constructed and maintained as to prevent any interference with, or damage to, existing telephone and telegraph wires, or to any fire alarm or police patrol wires of the city, and shall not be less than twenty-one feet in height above the track. But, said company shall have the right to use in place of said wires, and poles, and overhead construction, the "third rail" construction, provided the same can be secured so as to prevent danger and damage to the public use of said streets.

Section 3. The tracks and space between the rails, and for two feet on the outside of each rail, shall be kept in thorough repair and free from obstruction, to the satisfaction of the board of public service, and where the streets are now paved or may hereafter be paved the said Youngstown & Southern Railroad Company, its successors and assigns, shall at its own cost and expense construct and maintain and keep in good repair the entire space between the outer rails of said tracks and for two feet on either side thereof, a good, smooth, firm and durable pavement of hard burned brick or vitrified block or other substance suitable and acceptable to the board of public service, and whenever said City of East Liverpool shall hereafter pave or macadamize any part of any street named herein, the said company, or its successors and assigns, shall at the same time, upon the parts of the street so paved, or macadamized, pave or macadamize the space between the rails and said two foot strip on either side of said track with the same materials used by said city, in such paving or macadamizing, or upon its

failure to do so shall pay to said City of East Liverpool, the costs of the same. The company agrees when said street is to be paved or macadamized, to place rails thereon at least ten (10 in.) inches in height to enable the proper bed to be placed under the brick or macadam to support the same.

Section 4. Said company shall at all times defend, keep harmless and indemnify said City of East Liverpool from all damages, claims and demands for injury to persons or property, together with any costs and expenses to which said City of East Liverpool may be legally subjected, or made liable in any proceeding at law or in equity, growing out of the exercise or operation of the privileges granted in this ordinance, provided, however, that said company shall have reasonable notice of the pendency of said action, and permission and opportunity to assume the defense of the same.

Section 5. The City of East Liverpool reserves to itself the right to grant to any other corporation operating a line of railway, the right to cross said company's tracks at grade, at any public street crossing, and upon such terms and conditions as to the occupation and compensation as said council may deem just and reasonable, if such companies shall fail to agree thereon between themselves.

Section 6. The running of cars upon any part of said line may be suspended by council without cost to the City for such reasonable period as may, at any time, be necessary on account of the construction or repair of streets, bridges, sewers, or other public improvements, and whenever, for that purpose, it may be necessary to have any tracks taken up, or poles or wires removed, the same shall be taken up and removed and replaced at the expense of said company.

Section 7. The ordinance shall be and remain in force for the period of twenty-five years from and after the date of its passage, and shall convey the rights herein granted to the Youngstown & Southern Railroad Company, its successors and assigns, who shall have the right to maintain and operate said railway, during said whole term or period.

Section 8. If said Youngstown & Southern Railroad Company fails to complete said road on or before July 1st, 1904, then this ordinance shall be come null and void and all rights here-in granted shall have no further binding effect on either the City or the Railroad Company.

Section 9. Said grantee shall in writing, within thirty days after the passage of this ordinance, accept the rights and privileges herein granted, and agree to comply with the conditions thereof, and shall pay the necessary cost of advertising this ordinance, and for all other advertising herein-after incurred in connection herewith, or this grant shall become void at the expiration of said thirty days.

Section 10. The said Youngstown & Southern Railroad Company, its successors and assigns shall carry the members of the Police force, Sanitary Police, the members of the Fire department, of the City of East Liverpool, Ohio, and the Mail carriers in said City free of charge while in uniform, and that the Mayor, members of City Council, City Clerk, City Solicitor, City Engineer and members of board of Public Service and Public Safety shall be provided with continuous free passes over the line immediately upon its completion of said line.

Section 11. The said Youngstown & Southern Railroad Company shall provide a fifty candle power incandescent light on every third pole, within the corporate limits and shall keep said lights burning each night from six o'clock p. m., to six o'clock a. m.

Section 12. The said Youngstown & Southern Railroad Company shall not charge a fare in excess of five cents on its lines within the city limits.

Section 13. The Youngstown & Southern Railroad Company shall begin the construction of its said lines on or before July 1st, 1903, and shall give bond to the City of East Liver-

pool in the sum of \$5,000, said bond shall be forfeited if the requirements of this section are not complied with.

Section 14. This ordinance shall take effect and be in force from and after its passage and legal publication.

Passed December 23, 1902.  
O. D. NICE,  
President of Council.

Attest:  
WILLIS DAVIDSON,  
City Clerk.

## DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for anything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**IDENTIFIED AS DEAD**

A Canton Boy Turns Up Alive And Well in the Far West.

Canton, January 2.—William Daniels, 19 years old a Canton boy, mourned as dead since last September, is alive and well in a lumber camp near Dermont, Wash. This news was brought to the family here in a Christmas box received by the mother, Mrs. William Daniels. He was last heard from in the lake regions during the summer, and his name appeared in the list of victims of a lake disaster near Detroit.

The father went to Detroit and positively identified the body. At the same time the body was claimed by another family living near Detroit, but in the opinion of the Detroit officials that mother's identification was not as complete as was that of the Canton man, and Mr. Daniels was given possession of the body for disposition.

A letter accompanying the box announced that the young man had been in the forests of Washington for some time and was sending a Christmas box to the folks at home to assure them that he had not forgotten them.

## THE SHOOTING OF M'KINLEY

Story Told by the Negro Who Felled the Assassin With a Blow.

### HOW HIS LIFE WAS SAVED

A Detective Seized the Revolver of Czolgosz When It Was Pointed at Parker—Says Secret Service Men Tried to Steal the Credit Due Him.

Canton, January 2.—"Big Jim" Parker, the masculine negro who felled the assassin of President McKinley at Buffalo, spoke at the Y. M. C. A. auditorium. He opened his address with a short biography of himself. He was born in Atlanta, Ga., and has served as a mail carrier and a deputy sheriff in the south. He has been of a roaming nature throughout his life and has traveled extensively in the United States. Parker was also employed as one time in the Pullman service out of Chicago and served as a waiter at Saratoga Springs. At the time of the shooting at Buffalo he was employed by a catering company on the Pan American exposition grounds.

His story of the assassination was in part as follows: "On September 6, the day of the shooting, I left the hotel without the permission of the proprietor to see the president. When I arrived at the temple of music the president, in company with some friends, was riding around the grounds in a carriage. When the time came for the reception he was driven through the surging mass of people to the entrance hall. When the carriage passed me I fell in behind and when the temple was opened I was directly in front of the door and was admitted. The assassin was just in front of me after we had formed lines which wound up to the president.

"Czolgosz was constantly lagging behind when we were approaching McKinley and several times I asked him to hurry, but every time he refused. As we reached that part of the hall where the president was standing Czolgosz suddenly stopped and fired two shots from the weapon which he held under a handkerchief in his left hand.

"I seized the assassin by the shoulder and threw him to the ground. I struggled with him fully three or four seconds before the secret service officers came to my help. Detective Gallagher was mistaken by some of the people for the man who did the shooting and a mob surrounded him. It was with great difficulty that the people were made to understand that he was not the man. Gallagher came to my help and wrenched the revolver from the assassin's hands. I believe that Gallagher by seizing the weapon saved my life. After the secret service officers took charge of Czolgosz the hall was cleared and I was asked to leave the place. I refused to do this and was finally permitted to remain.

"For the first few days I was given credit of capturing the man, but suddenly the secret service men turned the story and tried to steal the credit themselves."

After Parker left the music hall and it was learned that he was the man who captured the assassin he was surrounded by a large crowd of people, who begged for souvenirs. One lady asked him for a lock of his hair and he replied that he could give her a "kink." At the hearing of Czolgosz Parker was not called as a witness. He made a visit to Washington some time ago and was received by the president with a hearty handshake. Parker, in his address, said that any man in his position who had a spark of patriotism would have done the same thing as he did.

## Perfect Health BY THE USE OF Dr. Pierce's Favorite Prescription

Mrs. H. A. Alsbrook, of Austin, Lonoke Co., Ark., writes: "After five months of great suffering with female weakness I write this for the benefit of other sufferers from the same affliction. I doctored with our family physician without any good result, so my husband urged me to try Dr. Pierce's medicine—which I did, with wonderful results. I am completely cured. I took four bottles of Dr. Pierce's Favorite Prescription, four of his 'Golden Medical Discovery' and two vials of his 'Pleasant Pellets'."

### SET FOR HEARING MONDAY

Attorney Grosshans Sees Judge Hole About a St. Clair Township Case.

Attorney F. E. Grosshans was at Salem Wednesday to see Judge Hole and secure if possible an injunction in the case of W. C. Randall versus Joseph Laughlin and others. It is a case of landlord and tenant and the plaintiff seeks to enjoin the defendant from prosecuting their differences before Justice of the Peace A. T. Moore, of St. Clair township.

Attorney Grosshans took the stand that the affairs of the litigants were more of a partnership than anything else and, therefore, could not be settled by a Justice of the peace.

Judge Hole required notice to be served upon the attorneys for the other side of the case, which was done, and upon their agreeing to take no further steps in the matter until Monday at 1 o'clock the case was set for a hearing at that time.

It Cures Colds, Coughs, Sore Throat, Croup, Influenza, Whooping Cough, Bronchitis and Asthma. A certain cure for Consumption in first stages, and a sure relief in advanced stages. Use at once. You will see the excellent effect after taking the first dose. Sold by dealers everywhere. Large bottles 25 cents and 50 cents.

### Wireless Trans-Continental Service.

Winnipeg, Man., Jan. 2.—Marconi is preparing to install a wireless trans-continental service through Canada. Two of his experts passed through Winnipeg Wednesday on their way west to arrange for a series of tests in the Rocky mountains, where it is expected the diverse electrical currents in the rarified atmosphere of the high altitudes may interfere with the successful sending of messages. Winnipeg is to be the half-way house of the system. It is understood the station will be located at Stony Mountain, an eminence 12 miles from here. It will receive eastern messages from Mount Royal at Montreal, and it is the work of the experts to locate the next western station in the Rockies.

### Attempted Murder and Suicide.

Philadelphia, Jan. 2.—Mrs. Marie Danenhauer shot and killed herself at her home here yesterday, after attempting to kill her husband, Charles Danenhauer. According to the husband's statement he and his wife had been celebrating the advent of the New Year and when about to retire early yesterday the woman seized a revolver which was kept in the room and fired a shot at her husband, the bullet striking him in the hand. The woman then shot herself. Danenhauer was arrested pending an investigation.

## Grip Brought On Sciatic Rheumatism. Nervous Prostration Followed. Dr. Miles' Nervine Gave Back Health.

"I was laid up during the winter of 04-05 with sciatic rheumatism and nervous prostration brought on by a severe attack of La Grippe. The rheumatic pains were so severe at times that it was impossible for me to turn in bed. I was unable to sleep. I had two of our best physicians in attendance, took all the advertised remedies for troubles of this kind but got no help whatever until I took Dr. Miles' Restorative Nervine. Six bottles restored me to health; I am better than for years, in fact am entirely relieved. I can say with a clear conscience that it was Dr. Miles' Restorative Nervine that restored me to health. When the pains of sciatic and rheumatism were most severe I secured immediate relief by the use of Dr. Miles' Anti-Pain Pills. I have recommended Dr. Miles' Remedies to many people."—Fred Myers, Redfield, S. D.

"I was taken with pain in my heart and under the left shoulder, with such heavy oppression feeling in my chest that I could hardly breathe. I had palpitation so bad that I felt it would throb so that it would shake my whole head. I also had a weak, all-gone feeling in the region of my heart. My doctor treated me for liver and stomach trouble but I failed to receive any benefit until I tried Dr. Miles' Restorative Nervine. I took four bottles of Dr. Miles' Restorative Nervine and one box of the Anti-Pain Pills. I believe I am completely and permanently cured."—Mrs. J. W. Golding, Noblesville, Ind.

### Prematurely Discharged.

Newark, N. J., Jan. 2.—Four persons were shot yesterday as the result of John Hackel's celebration of the opening of 1903. Hackel had discharged one barrel of his shotgun and was preparing to fire the other, when it was prematurely discharged. The greater part of the charges entered the chest of Lena Neldorff. She is dangerously wounded. The other victims were Mrs. T. Neldorff, shot in the face and hand; Mrs. J. Werna and Peter Werna, both of whom were shot in the face. Hackel was arrested.

### Grain Elevator Destroyed.

Fort Dodge, Ia., Jan. 2.—The grain elevator of the Great Western Cereal company, with a capacity of 175,000 bushels, burned yesterday, causing a loss of \$100,000, fully covered by insurance. The elevator contained 100,000 bushels of oats and a large amount of valuable machinery, all of which is a total loss. Several employees escaped with difficulty from the burning building.

Undoubted Reliability Is Expressed In East Liverpool's Indorsement.

What you want is home indorsement. The backing of the people you know. East Liverpool proof for East Liverpool people.

That's what follows here. Surely no better backing can be had than the following statement from Mrs. Edward Orr, of 226 Thompson street, who says: "My sister, Mrs. Borland, of Pittsburg, while visiting us, recommended Doan's Kidney Pills, so highly that I was induced to try them. I had severe attacks of kidney complaint. Some times I was so bad I could not get up; many times my neighbors came and found me lying on the lounge suffering, when I intended to do a big day's work. I was so miserable I could do nothing. After my sister told me of the pills I made up my mind to try them and got a box at the W. & W. pharmacy. They did just what they claimed they would do—cured me sound and well in a few days. My little girl was feeling poorly and had a sorrowful complexion for some time. I gave her a few doses and after the treatment she felt splendid."

Former Venezuelan Gunboat, Flying British Flag, Arrives at La Guaira.

### SLIGHT HITCH IN ARBITRATION.

Castro Attaches Condition to Acceptance Which Is Not Endorsed by United States, But It Is Not of Sufficient Importance to Stop Arbitration Plan.

La Guaira, Jan. 2.—The former Venezuelan gunboat Zumbador, now transformed into a British warship, arrived here at noon yesterday and caused considerable indignation among the people ashore, who looked upon her arrival here under the British flag, especially on New Year's day, as adding insult to injury. The Italian armored cruiser Carlo Alberto arrived here at 1 p. m. yesterday.

Caracas, Jan. 2.—The arbitration propositions of the foreign powers and the counter proposition of Venezuela, exchanged through Minister Bowen Wednesday, are said by a high Venezuelan authority to be easily reconcilable.

### Delivered Note of Acceptance.

London, Jan. 2.—Mr. White, the United States charge d'affaires, delivered to the foreign office yesterday the note of Secretary Hay announcing President Castro's acceptance of the proposal to have the Venezuelan claims arbitrated by the international court at The Hague.

Berlin, Jan. 2.—President Castro's reply to the powers, through Minister Bowen, is substantially an unqualified acceptance of their proposals to arbitrate and the accompanying conditions. The foreign office here received his answer yesterday and is satisfied with its spirit. A further interchange of views, preparatory to signing the protocol, will take place in Washington. The only really important question to be settled is what shall be done with the blockade. A continuance of the blockade is relied upon to hasten the conclusion of the arbitration preliminaries, especially on the part of Venezuela.

The Tagliche Rundschau denies that the recent article by General von Boguslawski was inspired. The paper says that the general, being retired, does not have to get the permission of the government to express his views publicly. He is one of the editors of the Bundschau.

### Castro's Acceptance at Rome.

Rome, Jan. 2.—Foreign Minister Prinetti yesterday afternoon received through Ambassador Meyer Secretary Hay's note communicating President Castro's acceptance of The Hague arbitration in principle, but with an additional proposition, which the government at Washington does not support.

At the New Year's diplomatic reception yesterday Foreign Minister Prinetti and Ambassador Meyer exchanged congratulations over the anticipated settlement by arbitration of the Venezuelan troubles. Signor Prinetti expressed his appreciation of the attitude of the United States and his satisfaction at the state department's action throughout the affair.

### Acceptance Not Likely.

While reserve is maintained at the foreign office with regard to the Venezuelan matter it has been learned that the foreign office considers the additional proposition made by President Castro as not likely of acceptance. Communications on the subject are now being exchanged with Germany and Great Britain.

Brussels, Jan. 2.—It is said here that an arrangement has been concluded with Great Britain and Germany to submit the Belgian and Dutch claims against Venezuela to the international peace court at The Hague at the same time the Anglo-German claims against the South American republic are taken to that tribunal. Allies' Rejoinder Not Yet Received.

Washington, Jan. 2.—The rejoinder of the European foreign offices to President Castro's reply to their arbitration proposal have not yet reached Washington. This, however, occasions no surprise, as the holidays are much more closely observed in European capitals than in Washington. Following one rule which it has adopted in the treatment of correspondence passing between Venezuela and the allies, the state department still declines to make public any information respecting the details of President Castro's reply, but inquiry confirms the Associated Press report from Rome to the effect that Castro did attach a condition to the acceptance of the arbitration proposal and the condition was not endorsed by the Washington government. However, it is pointed out that it has not been regarded as necessary at the state department to either approve or disapprove any of the details of the propositions now in exchange between the principals. As to the condition attached to the acceptance it can be stated that it is not of great consequence, nor is it likely to involve the loss of the arbitration project, for it is understood to relate rather to the means of getting the issue to arbitration than to any substantial principle involved.

Gentlemen:—Traveling on both continents, with irregular meals and often poorly prepared food, totally disarranged my digestive organs and brought on inflammation of the intestines, until all my food distressed me. I suffered with nausea, head aches and severe pains in the lower bowels. One doctor told me I had appendicitis and that an operation was the only relief, but I would not consent to this. Visiting my sister, I found she was using

## DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspaper is sure to know of the wonderful cures made by Dr. Kilmor's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmor, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmor's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmor & Co., Birmingham, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmor's Swamp-Root, and the address, Birmingham, N. Y., on every bottle.

## THE SHOOTING OF M'KINLEY

Story Told by the Negro Who Felled the Assassin With a Blow.

### HOW HIS LIFE WAS SAVED

A Detective Seized the Revolver of Czolgosz When It Was Pointed at Parker—Says Secret Service Men Tried to Steal the Credit Due Him.

Canton, January 2.—"Big Jim" Parker, the masculine negro who felled the assassin of President McKinley at Buffalo, spoke at the Y. M. C. A. auditorium. He opened his address with a short biography of himself. He was born in Atlanta, Ga., and has served as a mail carrier and a deputy sheriff in the south. He has been of a roaming nature throughout his life and has traveled extensively in the United States. Parker was also employed at one time in the Pullman service out of Chicago and served as a waiter at Saratoga Springs. At the time of the shooting at Buffalo he was employed by a catering company on the Pan American exposition grounds.

His story of the assassination was in part as follows: "On September 6, the day of the shooting, I left the hotel without the permission of the proprietor to see the president. When I arrived at the temple of music the president, in company with some friends, was riding around the grounds in a carriage. When the time came for the reception he was driven through the surging mass of people to the entrance hall. When the carriage passed me I fell in behind and when the temple was opened I was directly in front of the door and was admitted. The assassin was just in front of me after we had formed lines which wound up to the president.

"Czolgosz was constantly lagging behind when we were approaching McKinley and several times I asked him to hurry, but every time he refused. As we reached that part of the hall where the president was standing Czolgosz suddenly stopped and fired two shots from the weapon which he held under a handkerchief in his left hand.

"I seized the assassin by the shoulder and threw him to the ground. I struggled with him fully three or four seconds before the secret service officers came to my help. Detective Gallagher was mistaken by some of the people for the man who did the shooting and a mob surrounded him. It was with great difficulty that the people were made to understand that he was not the man. Gallagher came to my help and wrenched the revolver from the assassin's hands. I believe that Gallagher by seizing the weapon saved my life. After the secret service officers took charge of Czolgosz the hall was cleared and I was asked to leave the place. I refused to do this and was finally permitted to remain.

"For the first few days I was given credit of capturing the man, but suddenly the secret service men turned the story and tried to steal the credit themselves."

After Parker left the music hall and it was learned that he was the man who captured the assassin he was surrounded by a large crowd of people, who begged for souvenirs. One lady asked him for a lock of his hair and he replied that he could give her a "kink." At the hearing of Czolgosz Parker was not called as a witness. He made a visit to Washington some time ago and was received by the president with a hearty handshake. Parker, in his address, said that any man in his position who had a spark of patriotism would have done the same thing as he did.

### IDENTIFIED AS DEAD

A Canton Boy Turns Up Alive And Well in the Far West.

Canton, January 2.—William Daniels, 19 years old a Canton boy, mourned as dead since last September, is alive and well in a lumber camp near Dermerton, Wash. This news was brought to the family here in a Christmas box received by the mother, Mrs. William Daniels. He was last heard from in the lake regions during the summer, and his name appeared in the list of victims of a lake disaster near Detroit.

The father went to Detroit and positively identified the body. At the same time the body was claimed by another family living near Detroit, but in the opinion of the Detroit officials that mother's identification was not as complete as was that of the Canton man and Mr. Daniels was given possession of the body for disposition.

A letter accompanying the box announced that the young man had been in the forests of Washington for some time and was sending a Christmas box to the folks at home to assure them that he had not forgotten them.

### SET FOR HEARING MONDAY

Attorney Grosshans Sees Judge Hole About a St. Clair Township Case.

Attorney F. E. Grosshans was at Salem Wednesday to see Judge Hole and secure if possible an injunction in the case of W. C. Randall versus Joseph Laughlin and others. It is a case of landlord and tenant and the plaintiff seeks to enjoin the defendant from prosecuting their differences before Justice of the Peace A. T. Moore, of St. Clair township.

Attorney Grosshans took the stand that the affairs of the litigants were more of a partnership than anything else and, therefore, could not be settled by a justice of the peace.

Judge Hole required notice to be served upon the attorneys for the other side of the case, which was done, and upon their agreeing to take no further steps in the matter until Monday at 1 o'clock the case was set for a hearing at that time.

### Wireless Trans-Continental Service.

Winnipeg, Man., Jan. 2.—Marconi is preparing to install a wireless trans-continental service through Canada. Two of his experts passed through Winnipeg Wednesday on their way west to arrange for a series of tests in the Rocky mountains, where it is expected the diverse electrical currents in the rarified atmosphere of the high altitudes may interfere with the successful sending of messages. Winnipeg is to be the half way house of the system. It is understood the station will be located at Stony Mountain, an eminence 12 miles from here. It will receive eastern messages from Mount Royal at Montreal, and it is the work of the experts to locate the next western station in the Rockies.

### Attempted Murder and Suicide.

Philadelphia, Jan. 2.—Mrs. Marie Danenhauer shot and killed herself at her home here yesterday, after attempting to kill her husband, Charles Danenhauer. According to the husband's statement he and his wife had been celebrating the advent of the New Year and when about to retire early yesterday the woman seized a revolver which was kept in the room and fired a shot at her husband, the bullet striking him in the hand. The woman then shot herself. Danenhauer was arrested pending an investigation.

## Grip

Brought On Sciatic Rheumatism. Nervous Prostration Followed. Dr. Miles' Nerve Gave Back Health.

"I was laid up during the winter of 04-05 with sciatic rheumatism and nervous prostration brought on by a severe attack of La Grippe. The rheumatic pains were so severe at times that it was impossible for me to turn in bed. I was unable to sleep. I had two of our best physicians in attendance, took all the advertised remedies for troubles of this kind but got no help whatever until I took Dr. Miles' Restorative Nerve. Six bottles restored me to health; I am better than for years; in fact am entirely relieved. I can say with a clear conscience that it was Dr. Miles' Restorative Nerve that restored me to health. When the pains of sciatica and rheumatism were most severe I secured almost immediate relief by the use of Dr. Miles' Anti-Pain Pills. I have recommended Dr. Miles' Remedies to many people."—Fred Myers, Redfield, S. D.

"I was taken with pain in my heart and under the left shoulder; with such heavy oppression feeling in my chest that I could hardly breathe. I had palpitation so bad and my heart would throb so that it would shake my whole bed. I also had a weak, all-gone feeling in the region of my heart. My doctor treated me for liver and stomach trouble but I failed to receive any benefit until a friend recommended Dr. Miles' Heart Cure and Restorative Nerve. I used both and one box of the Anti-Pain Pills. I believe I am completely and permanently cured."—Mrs. J. W. Golding, Noblesville, Ind.

## DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspaper is sure to know of the wonderful cures made by Dr. Kilmor's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmor, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmor's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in many ways, in hospital work, in private practice, among the helpless too poor to purchase relief, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmor & Co., Birmingham, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmor's Swamp-Root, and the address, Birmingham, N. Y., on every bottle.

## no man needs to have sore throat if he'll use OZOLINE

The best family throat remedy in the world. Cures Sore Throat of all kinds quickly and permanently. An unfailing preventative of Diphtheria, a certain cure for Hoarseness, Sore Mouth and Quinsy.

25 and 50-cent bottles at all druggists.

**OZO REMEDY COMPANY**  
NEW BRITTON, PA.

Thin blooded, puny, emaciated conditions are just the kind of cases to which Hagee's Cordial of Cod Liver Oil is particularly adapted.

It is a remarkable body and tissue builder—a revitalizer that promptly changes the weak, watery condition of the blood to rich, nourishing, sustaining fluid that puts color into the cheeks and animation—life—vitality—into the entire body.

It creates a good appetite and corrects the evils of digestion and assimilation. Agreeable to the weakest stomach because it contains no grease, nor fishy flavor like other cod liver oils. It is so palatable children take it readily.

Sold by all druggists. Prepared by Ketchum Chemical Co., St. Louis, Mo.

## THE SHOOTING OF M'KINLEY

Story Told by the Negro Who Felled the Assassin With a Blow.

### HOW HIS LIFE WAS SAVED

A Detective Seized the Revolver of Czolgosz When It Was Pointed at Parker—Says Secret Service Men Tried to Steal the Credit Due Him.

Canton, January 2.—"Big Jim" Parker, the masculine negro who felled the assassin of President McKinley at Buffalo, spoke at the Y. M. C. A. auditorium. He opened his address with a short biography of himself. He was born in Atlanta, Ga., and has served as a mail carrier and a deputy sheriff in the south. He has been of a roaming nature throughout his life and has traveled extensively in the United States. Parker was also employed as one time in the Pullman service out of Chicago and served as a waiter at Saratoga Springs. At the time of the shooting at Buffalo he was employed by a catering company on the Pan American exposition grounds.

His story of the assassination was in part as follows: "On September 6, the day of the shooting, I left the hotel without the permission of the proprietor to see the president. When I arrived at the temple of music the president, in company with some friends, was riding around the grounds in a carriage. When the time came for the reception he was driven through the surging mass of people to the entrance hall. When the carriage passed me I fell in behind and when the temple was opened I was directly in front of the door and was admitted. The assassin was just in front of me after we had formed lines which wound up to the president.

"Czolgosz was constantly lagging behind when we were approaching McKinley and several times I asked him to hurry, but every time he refused. As we reached that part of the hall where the president was standing Czolgosz suddenly stopped and fired two shots from the weapon which he held under a handkerchief in his left hand.

"I seized the assassin by the shoulder and threw him to the ground. I struggled with him fully three or four seconds before the secret service officers came to my help. Detective Gallagher was mistaken by some of the people for the man who did the shooting and a mob surrounded him. It was with great difficulty that the people were made to understand that he was not the man. Gallagher came to my help and wrenched the revolver from the assassin's hands. I believe that Gallagher by seizing the weapon saved my life. After the secret service officers took charge of Czolgosz the hall was cleared and I was asked to leave the place. I refused to do this and was finally permitted to remain.

"For the first few days I was given credit of capturing the man, but suddenly the secret service men turned the story and tried to steal the credit themselves."

After Parker left the music hall and it was learned that he was the man who captured the assassin he was surrounded by a large crowd of people, who begged for souvenirs. One lady asked him for a lock of his hair and he replied that he could give her a "kink." At the hearing of Czolgosz Parker was not called as a witness. He made a visit to Washington some time ago and was received by the president with a hearty handshake. Parker, in his address, said that any man in his position who had a spark of patriotism would have done the same thing as he did.

### IDENTIFIED AS DEAD

A Canton Boy Turns Up Alive And Well in the Far West.

Canton, January 2.—William Daniels, 19 years old a Canton boy, mourned as dead since last September, is alive and well in a lumber camp near Dermerton, Wash. This news was brought to the family here in a Christmas box received by the mother, Mrs. William Daniels. He was last heard from in the lake regions during the summer, and his name appeared in the list of victims of a lake disaster near Detroit.

The father went to Detroit and positively identified the body. At the same time the body was claimed by another family living near Detroit, but in the opinion of the Detroit officials that mother's identification was not as complete as was that of the Canton man. Mr. Daniels was given possession of the body for disposition.

A letter accompanying the box announced that the young man had been in the forests of Washington for some time and was sending a Christmas box to the folks at home to assure them that he had not forgotten them.

## Perfect Health BY THE USE OF Dr. Pierce's Favorite Prescription

Mrs. H. A. Alsbrook, of Austin, Lonoke Co., Ark., writes: "After five months of great suffering with female weakness, I write this for the benefit of other sufferers from the same affliction. I doctored with our family physician without any good result, so my husband urged me to try Dr. Pierce's medicine—which I did, with wonderful results. I am completely cured. I took four bottles of Dr. Pierce's Favorite Prescription, four of his 'Golden Medical Discovery' and two of his 'Pleasant Pellets.'"

The Common Sense Medical Adviser, 1008 large pages in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. Pierce, Buffalo, N. Y.

### SET FOR HEARING MONDAY

Attorney Grosshans Sees Judge Hole About a St. Clair Township Case.

Attorney F. E. Grosshans was at Salem Wednesday to see Judge Hole and secure if possible an injunction in the case of W. C. Randall versus Joseph Laughlin and others. It is a case of landlord and tenant and the plaintiff seeks to enjoin the defendant from prosecuting their differences before Justice of the Peace A. T. Moore, of St. Clair township.

Attorney Grosshans took the stand that the affairs of the litigants were more of a partnership than anything else and, therefore, could not be settled by a justice of the peace.

Judge Hole required notice to be served upon the attorneys for the other side of the case, which was done, and upon their agreeing to take no further steps in the matter until Monday at 1 o'clock the case was set for a hearing at that time.

It Cures Coughs, Croup, Sore Throat, Whooping Cough, Bronchitis and Asthma. A certain cure for Consumption in first stages, and a sure relief in advanced stages. Use at once. You will see the excellent effect after taking the first dose. Sold by dealers everywhere. Large bottles 25 cents and 50 cents.

### Wireless Trans-Continental Service.

Winnipeg, Man., Jan. 2.—Marconi is preparing to install a wireless trans-continental service through Canada. Two of his experts passed through Winnipeg Wednesday on their way west to arrange for a series of tests in the Rocky mountains, where it is expected the diverse electrical currents in the rarified atmosphere of the high altitudes may interfere with the successful sending of messages. Winnipeg is to be the half-way house of the system. It is understood the station will be located at Stony Mountain, an eminence 12 miles from here. It will receive eastern messages from Mount Royal at Montreal, and it is the work of the experts to locate the next western station in the Rockies.

### Attempted Murder and Suicide.

Philadelphia, Jan. 2.—Mrs. Marie Danenhauer shot and killed herself at her home here yesterday, after attempting to kill her husband, Charles Danenhauer. According to the husband's statement he and his wife had been celebrating the advent of the New Year and when about to retire early yesterday the woman seized a revolver which was kept in the room and fired a shot at her husband, the bullet striking him in the hand. The woman then shot herself. Danenhauer was arrested pending an investigation.

## Grip Brought On Sciatic Rheumatism. Nervous Prostration Followed. Dr. Miles' Nerve Gave Back Health.

"I was laid up during the winter of 04-05 with sciatic rheumatism and nervous prostration brought on by a severe attack of La Grippe. The rheumatic pains were so severe at times that it was impossible for me to turn in bed. I was unable to sleep. I had two of our best physicians in attendance, took all the advertised remedies for troubles of this kind but got no help whatever until I took Dr. Miles' Restorative Nerve. Six bottles restored me to health. I am better than for years; in fact am entirely relieved. I can say with a clear conscience that it was Dr. Miles' Restorative Nerve that restored me to health. When the pains of sciatica and rheumatism were most severe I secured almost immediate relief by the use of Dr. Miles' Anti-Pain Pills. I have recommended Dr. Miles' Remedies to many people."—Fred Myers, Redfield, S. D.

"I was taken with pain in my heart and under the left shoulder; with such heavy oppression feeling in my chest that I could hardly breathe. I had palpitation so bad and my heart would throb so that it would shake my whole bed. I also had a weak, all-gone feeling in the region of my heart. My doctor treated me for liver and stomach trouble but I failed to receive any benefit until a friend recommended Dr. Miles' Heart Cure and Restorative Nerve. I used both and one box of the Anti-Pain Pills. I believe I am completely and permanently cured."—Mrs. J. W. Golding, Noblesville, Ind.

### Prematurely Discharged.

Newark, N. J., Jan. 2.—Four persons were shot yesterday as the result of John Hackel's celebration of the opening of 1903. Hackel had discharged one barrel of his shotgun and was preparing to fire the other, when it was prematurely discharged. The greater part of the charges entered the chest of Lena Neidort. She is dangerously wounded. The other victims were Mrs. T. Neidort, shot in the face and hand; Mrs. J. Werna and Peter Werna, both of whom were shot in the face. Hackel was arrested.

### Grain Elevator Destroyed.

Fort Dodge, Ia., Jan. 2.—The grain elevator of the Great Western Cereal company, with a capacity of 175,000 bushels, burned yesterday, causing a loss of \$100,000, fully covered by insurance. The elevator contained 100,000 bushels of oats and a large amount of valuable machinery, all of which is a total loss. Several employees escaped with difficulty from the burning building.

San Francisco, Jan. 2.—The transport Sheridan sailed for Manila yesterday. She carried 115 passengers and large quantities of army supplies.

### HOW IT'S BACKED

Undoubted Reliability Is Expressed In East Liverpool's Indorsement.

What you want is home indorsement.

The backing of the people you know. East Liverpool proof for East Liverpool people.

That's what follows here.

Surely no better backing can be had than the following statement from Mrs. Edward Orr, of 220 Thompson street, who says: "My sister, Mrs. Borland, of Pittsburg, while visiting us, recommended Doan's Kidney Pills, so highly that I was induced to try them. I had severe attacks of kidney complaint. Some times I was so bad I could not get up; many times my neighbors came and found me lying on the lounge suffering, when I intended to do a big day's work. I was so miserable I could do nothing. After my sister told me of the pills I made up my mind to try them and got a box at the W. & W. pharmacy. They did just what they claimed they would do—cured me sound and well in a few days. My little girl was feeling poorly and had a sallow complexion for some time. I gave her a few doses and after the treatment she felt splendid."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's, and take no other. Sold by W. & W. Pharmacy.

## CAUSED INDIGNATION

Former Venezuelan Gunboat, Flying British Flag, Arrives at La Guaira.

### SLIGHT HITCH IN ARBITRATION.

Castro Attaches Condition to Acceptance Which Is Not Endorsed by United States, But It Is Not of Sufficient Importance to Stop Arbitration Plan.

La Guaira, Jan. 2.—The former Venezuelan gunboat Zumbador, now transformed into a British warship, arrived here at noon yesterday and caused considerable indignation among the people ashore, who looked upon her arrival here under the British flag, especially on New Year's day, as adding insult to injury. The Italian armored cruiser Carlo Alberto arrived here at 1 p. m. yesterday.

Caracas, Jan. 2.—The arbitration propositions of the foreign powers and the counter proposition of Venezuela, exchanged through Minister Bowen Wednesday, are said by a high Venezuelan authority to be easily reconcilable.

### Delivered Note of Acceptance.

London, Jan. 2.—Mr. White, the United States charge d'affaires, delivered to the foreign office yesterday the note of Secretary Hay announcing President Castro's acceptance of the proposal to have the Venezuelan claims arbitrated by the international court at The Hague.

Berlin, Jan. 2.—President Castro's reply to the powers, through Minister Bowen, is substantially an unqualified acceptance of their proposals to arbitrate and the accompanying conditions. The foreign office here received his answer yesterday and is satisfied with its spirit. A further interchange of views, preparatory to signing the protocol, will take place in Washington. The only really important question to be settled is what shall be done with the blockade. A continuance of the blockade is relied upon to hasten the conclusion of the arbitration preliminaries, especially on the part of Venezuela.

The Tagliche Rundschau denies that the recent article by General von Boguslawski was inspired. The paper says that the general, being retired, does not have to get the permission of the government to express his views publicly. He is one of the editors of the Rundschau.

### Castro's Acceptance at Rome.

Rome, Jan. 2.—Foreign Minister Prinetti yesterday afternoon received through Ambassador Meyer Secretary Hay's note communicating President Castro's acceptance of The Hague arbitration in principle, but with an additional proposition, which the government at Washington does not support.

At the New Year's diplomatic reception yesterday Foreign Minister Prinetti and Ambassador Meyer exchanged congratulations over the anticipated settlement by arbitration of the Venezuelan troubles. Signor Prinetti expressed his appreciation of the attitude of the United States and his satisfaction at the state department's action throughout the affair.

### Acceptance Not Likely.

While reserve is maintained at the foreign office with regard to the Venezuelan matter it has been learned that the foreign office considers the additional proposition made by President Castro as not likely of acceptance. Communications on the subject are now being exchanged with Germany and Great Britain.

Brussels, Jan. 2.—It is said here that an arrangement has been concluded with Great Britain and Germany to submit the Belgian and Dutch claims against Venezuela to the international peace court at The Hague at the same time the Anglo-German claims against the South American republic are taken to that tribunal.

### Allies' Rejoinder Not Yet Received.

Washington, Jan. 2.—The rejoinder of the European foreign offices to President Castro's reply to their arbitration proposal have not yet reached Washington. This, however, occasions no surprise, as the holidays are much more closely observed in European capitals than in Washington. Following one rule which it has adopted in the treatment of correspondence passing between Venezuela and the allies, the state department still declines to make public any information respecting the details of President Castro's reply, but inquiry confirms the Associated Press report from Rome to the effect that Castro did attach a condition to the acceptance of the arbitration proposal and the condition was not endorsed by the Washington government. However, it is pointed out that it has not been regarded as necessary at the state department to either approve or disapprove any of the details of the propositions now in exchange between the principals. As to the condition attached to the acceptance it can be stated that it is not of great consequence, nor is it likely to involve the loss of the arbitration project, for it is understood to relate rather to the means of getting the issue to arbitration than to any substantial principle involved.

### Arrested on Suspicion.

Harrisburg, Jan. 2.—George Kelley and Samuel Dent, of Harrisburg, were arrested here yesterday on suspicion of being implicated in the robbery of the Penbrook postoffice on Tuesday night.

## SOCIAL EVENTS

### BELMONT CLUB BALL

The Dance at Rock Springs Pavilion  
Last Evening a Most En-  
joyable One.

One of the most enjoyable and well attended dances ever given in this city was that given by the Belmont club to their friends last evening. A large number of out-of-town guests was present, and at 9 o'clock programs were given out to about 200 guests. The programs which were of quite a pretty and novel design, consisted of twenty dances, and several extras.

Throughout the evening McGraw's orchestra played excellently and every dance was heartily enjoyed and liberally responded to by the accommodating orchestra. The pavilion was artistically decorated, the front platform being draped and arranged in red and black, the colors of the Belmont club. About the balcony and draped to the center of the spacious room was a pretty combination of pink and white, which was caught and fastened at intervals by bunches of evergreen and wreaths of holly. At 1 o'clock special cars conveyed the guests back to the city, after spending a most enjoyable evening with the Belmont club and their many admirers.

### ELKS' RECEPTION

On New Year's Eve a Most Enjoyable  
Affair With 200 Guests  
Present.

The members of the local lodge of Elks are receiving many happy congratulations over the success of their first social session of the season given Wednesday evening in their comfortable apartments in the Knowles block. It was one of the pleasantest functions of the season and the two hundred guests present found not a dull moment during the entire evening. There were quite a number of guests from out of town.

Dancing and cards were the chief diversions which were interrupted only by the serving of a tempting repast at 11 o'clock. The guests were seated at long tables, tastefully arranged and decorated, where they discussed the supper, served in three courses, while the orchestra discoursed sweet music.

### ENTERTAINED AT GAMES

Carl and Earl Cripps Hosts at a  
Pleasing Social Function.

A delightful evening was spent at the home of Carl and Earl Cripps on Jackson street Wednesday. The decorations throughout the home were of the popular and pretty combination of green and white which were used effectively with artistic results.

The first part of the evening was spent at ping-pong and progressive dominoes. Mr. Donald Thompson being awarded the first prize of the latter game. The popular game of carom occupied attention in the latter part of the evening. Dainty boxes of candy were the favors given each guest, and at a late hour the 12 young people disbanded after an evening of much merriment.

### WATCHED OLD YEAR OUT

Mrs. George Brant Entertains Friends  
In Honor of Visiting  
Guests.

Mrs. George Brant entertained a number of young people in a delightful manner at her home on Fifth street on Wednesday evening. The party was given in honor of Misses Helen Hazel and Elsie Sebring, of Sebring, who are guests in this city.

A part of the evening was spent in dancing and at midnight the young people bade the old year a fond good bye and appropriately greeted the happy new year.

### Mrs. Miller to Entertain.

Mrs. L. M. Miller will entertain this evening at her home on Fifth street, in honor of Misses Anita Marshall and Ella Donohoo, of Fairview, and Mr. Percy Yant, of Toledo.

### Entertains Tonight.

Miss Minnie Milligan will entertain a number of her friends this evening at her home on Kossuth street.

### 6 o'clock Dinner.

Mr. and Mrs. Martin Wolfe, Sr. entertained a number of friends New Year's day at 6 o'clock dinner.

which has just arrived. It is a decidedly attractive Dutch Library style. It can be converted into a Library, Dining Billiard or Pool table at will.

It is made of selected oak, finished in weathered oak finish, is up-fitted with fine rubber cushions, Vermont slate bed and is covered with best French billiard cloth.

It makes a handsome appearance in our East window, where it will be on exhibition a few days before being delivered to the purchaser.

We are agents for this style, as well as the Burrows Portable Billiard Tables, of which we are selling so many.

These long winter evenings they make home a very pleasant place, for they are entertainment for both big and little folks.

The prices, too are not beyond you, as we have them from \$15 up. Come in and see them.

## BUSINESS BRISK

### WITH THE PACKETS

Returning Holiday Visitors Cause  
Large Passenger List—Ice  
a Handicap.

Passenger business among the packets is looking up again, the reason being that the people are beginning to return from their holiday vacations. There was a heavy fog along the stream last night, and this with the ice made all the packets late. The ice had thinned out noticeably this morning. There is a stage of 9 feet today and falling slowly.

The Greenwood, Captain Green, arrived at 7 this morning from Charleston. Her local passenger business was the biggest of the week. Thirty-five disembarked at this point. Freight business was light, owing to the general observance of the holiday. The Greenwood will be down tonight at 6 o'clock.

The Ben Hur is 12 hours late on account of the fog and ice. She is due at the wharf at 10 o'clock tonight.

The Lorena is reported caught in the ice in the Muskingum and has gone to the bank.

The Oakland was the first boat of the Pittsburg coal fleet to reach New Orleans, having arrived there with her tow of 25 coal boats Wednesday. The J. B. Finley with a tow of 35 boats arrived there yesterday.

THERE'S NO TRIFLING—NO TIME WASTING—NO DISAPPOINTMENT—SELECT ANY OF OUR TAILOR MADE GARMENTS, SUITS, OR OVERCOATS, AND A SAVING OF 25 PERCENT. 33 PER CENT AND 50 PER CENT. IS IN YOUR POCKETS.

Visited Martyr's Tomb.

Canton, O., Jan. 2.—Mrs. McKinley spent the first day of the new year quietly. Early in the morning she visited the tomb of her husband and remained for some time in meditation. She also visited the graves of her children and placed flowers thereon. At 1 o'clock she went to dinner at the home of Judge W. R. Day. Several telegrams from friends in official life at Washington were received containing expressions of New Year greetings.

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil. Monarch over pain.

Woman Kills Negro.

Deatsville, Ala., Jan. 2.—Mrs. E. Lane yesterday shot and killed a negro named John Watkins, at the home of Mrs. Lane's father, about a mile from this place. Watkins had entered the house supposedly with the intention of robbery. Discovered by Mrs. Lane, he fired upon her, but missed. Mrs. Lane then emptied both barrels of a shotgun into the negro's body, killing him instantly. The dead man was a former convict.

Co-Operative Window Glass Factory.

Muncie, Ind., Jan. 2.—One hundred glass workers, headed by James L. Wise, a Muncie merchant, are planning to construct a co-operative window glass factory here. The company will have a capital stock of \$75,000 paid up, and expects to break ground for the buildings by the first of March. Muncie is now without a window glass factory in operation.

Be Quick.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croup cough appears, will prevent the attack. It never fails, and is pleasant and safe to take. For sale by Alvin H. Bulger, druggist.

number of out-of-town guests were  
present, and at 9 o'clock programs  
were given out to about 200 guests.  
The programs which were of quite a  
pretty and novel design, consisted of  
twenty dances, and several extras.Throughout the evening McGraw's  
orchestra played excellently and  
every dance was heartily enjoyed and  
liberally responded to by the accom-  
panying orchestra. The pavilion was ar-  
tistically decorated, the front platform  
being draped and arranged in red and  
black, the colors of the Belmont club.  
About the balcony and draped to the  
center of the spacious room was a  
pretty combination of pink and white,  
which was caught and fastened at in-

**SOCIAL EVENTS****BELMONT CLUB BALL**

The Dance at Rock Springs Pavilion Last Evening a Most Enjoyable One.

One of the most enjoyable and well attended dances ever given in this city was that given by the Belmont club to their friends last evening. A large number of out-of-town guests was present, and at 9 o'clock programs were given out to about 200 guests. The programs which were of quite a pretty and novel design, consisted of twenty dances, and several extras.

Throughout the evening McGraw's orchestra played excellently and every dance was heartily enjoyed and liberally responded to by the accommodating orchestra. The pavilion was artistically decorated, the front platform being draped and arranged in red and black, the colors of the Belmont club. About the balcony and draped to the center of the spacious room was a pretty combination of pink and white, which was caught and fastened at intervals by bunches of evergreen and wreaths of holly. At 1 o'clock special cars conveyed the guests back to the city, after spending a most enjoyable evening with the Belmont club and their many admirers.

**ELKS' RECEPTION**

On New Year's Eve a Most Enjoyable Affair With 200 Guests Present.

The members of the local lodge of Elks are receiving many happy congratulations over the success of their first social session of the season given Wednesday evening in their comfortable apartments in the Knowles block. It was one of the pleasantest functions of the season and the two hundred guests present found not a dull moment during the entire evening. There were quite a number of guests from out of town.

Dancing and cards were the chief diversions which were interrupted only by the serving of a tempting repast at 11 o'clock. The guests were seated at long tables, tastefully arranged and decorated, where they discussed the supper, served in three courses, while the orchestra discoursed sweet music.

**ENTERTAINED AT CAMES**

Carl And Earl Cripps Hosts at a Pleasing Social Function.

A delightful evening was spent at the home of Carl and Earl Cripps on Jackson street Wednesday. The decorations throughout the home were of the popular and pretty combination of green and white which were used effectively with artistic results.

The first part of the evening was spent at ping-pong and progressive peanuts. Mr. Donald Thompson being awarded the first prize of the latter game. The popular game of croquet occupied attention in the latter part of the evening. Dainty boxes of candy were the favors given each guest, and at a late hour the 12 young people disbanded after an evening of much merriment.

**WATCHED OLD YEAR OUT**

Mrs. George Brunt Entertains Friends In Honor of Visiting Guests.

Mrs. George Brunt, entertained a number of young people in a delightful manner at her home on Fifth street on Wednesday evening. The party was given in honor of Misses Helen Hazel and Elsie Sebring, of Sebring, who are guests in this city.

A part of the evening was spent in dancing and at midnight the young people bade the old year a fond good-bye and appropriately greeted the happy new year.

which has just arrived. It is a decidedly attractive Dutch Library style. It can be converted into a Library, Dining Billiard or Pool table at will.

It is made of selected oak, finished in weathered oak finish, is up-fitted with fine rubber cushions, Vermont slate bed and is covered with best French billiard cloth.

It makes a handsome appearance in our East window, where it will be on exhibition a few days before being delivered to the purchaser.

We are agents for this style, as well as the Burrowes Portable Billiard Tables, of which we are selling so many.

These long winter evenings they make home a very pleasant place, for they are entertainment for both big and little folks.

The prices, too are not beyond you, as we have them from \$15 up. Come in and see them.

**HARD'S****The Big Store****BUSINESS BRISK WITH THE PACKETS**

Returning Holiday Visitors Cause Large Passenger List—Ice a Handicap.

Passenger business among the packets is looking up again, the reason being that the people are beginning to return from their holiday vacations. There was a heavy fog along the stream last night, and this with the ice made all the packets late. The ice had thinned out noticeably this morning. There is a stage of 9 feet today and falling slowly.

The Greenwood, Captain Green, arrived at 7 this morning from Charleston. Her local passenger business was the biggest of the week. Thirty-five disembarked at this point. Freight business was light, owing to the general observance of the holiday. The Greenwood will be down tonight at 6 o'clock.

The Ben Hur is 12 hours late on account of the fog and ice. She is due at the wharf at 10 o'clock tonight.

The Lorena is reported caught in the ice in the Muskingum and has gone to the bank.

The Oakland was the first boat of the Pittsburgh coal fleet to reach New Orleans, having arrived there with her tow of 25 coal boats Wednesday. The J. B. Finley with a tow of 36 boats arrived there yesterday.

Visited Martyr's Tomb.

Canton, O., Jan. 2.—Mrs. McKinley spent the first day of the new year quietly. Early in the morning she visited the tomb of her husband and remained for some time in meditation. She also visited the graves of her children and placed flowers thereon. At 1 o'clock she went to dinner at the home of Judge W. R. Day. Several telegrams from friends in official life at Washington were received containing expressions of New Year greetings.

Woman Kills Negro.

Deatsville, Ala., Jan. 2.—Mrs. E. Lane yesterday shot and killed a negro named John Watkins, at the home of Mrs. Lane's father, about a mile from this place. Watkins had entered the house supposedly with the intention of robbery. Discovered by Mrs. Lane, he fired upon her, but missed. Mrs. Lane then emptied both barrels of a shotgun into the negro's body, killing him instantly. The dead man was a former convict.

## GOVERNORSHIP PROBLEM 10 NEARER A SOLUTION THAN IT WAS WEEKS AGO

### Senator Hanna Refuses to Take a Hand and Dick and Herrick Are Stand- ing Pat.

From a Staff Correspondent.

Columbus, January 2.—The governorship is no nearer a solution now than it was two weeks ago. Dick and Herrick are standing pat and there is talk that a dark horse may enter the race. Hanna is long deluged with letters favoring both candidates, but he refuses to budge one jot from the position of absolute neutrality he has maintained from the start. The opinion is prevalent that Dick and Herrick will remain in the fight until the end, and statements from each are expected within a few days. Herrick's strength is a surprise to Dick and many others, but Dick's supporters are confident that their candidate will eventually win.

John R. Bailey, state oil inspector, has returned from a trip over a large part of the state, bringing word that the people generally favor Dick. Hon. Albert Donnas, of Chillicothe, and Congressman R. N. Nevin, of Dayton, spent some time in the state capital this week trying to give some force to their respective gubernatorial claims. From general appearances at this time, neither stands any show. Dick and Herrick have the call, the former evidently having a shade the better of the situation.

The action of the Cincinnati Com-

mercial-Tribune in editorially endorsing the candidacy of General Dick has brought joy to the adherents of the Akron statesman. The Tribune acted a little "offish" at the start in its columns with reference to Dick's candidacy, hence the pleasure inspired by its unequivocal declaration for him. George B. Cox, who controls the politics of Cincinnati and Hamilton county, declines to indicate his preference in the contest. It is said he will work in harmony with Senator Hanna. By this is meant he will support a candidate not unfavorable to the senator. Little change is expected in the situation very early, and it seems likely that the gubernatorial question will be the absorbing topic of interest for several months at least.

Hon. John L. Zimmerman of Springfield, who resided in the northern part of Columbiana county at one time, is preparing a statement bearing on his candidacy for the Democratic nomination for governor which he will make public soon. He is regarded as the strongest candidate yet announced from his party. The impression seems general among Democrats that the party should unite on one man who is not allied with either the McLean or Johnson element, and it is suggested Zimmerman would fill the bill in this respect.

able for an assault and battery committed by Thomas Whalen, who was conducting it for her. The demurrer was sustained.

S. J. Kalina vs. Mary E. Kalina, husband and wife, demurrer. Plaintiff asks that defendant be enjoined from garnishing wages, such proceedings being alleged to be aiming solely to annoy plaintiff with a multiplicity of actions. Demurrer sustained.

The court decreed that the Columbiana Building, Loan & Savings company, of East Liverpool, be changed to the People's Loan & Savings company. The motion for a new trial in the case of John Hawkins vs. L. N. Melhger was overruled.

## EXPENSES LESS THAN LAST YEAR

An Encouraging Report Made by Officials of Mansfield Reformatory.

Columbus, January 2.—(Special.)—The annual report of the officers and managers of the Ohio State reformatory at Mansfield shows that there was a reduction of \$40 in the per capita cost during the fiscal year ending November 15, 1902. This saving is attributed to the excellent management of Supt. J. A. Lenard, whose home is in Youngstown. Dr. W. H. Locke, at one time pastor of the First M. E. church at East Liverpool, has been chaplain at the institution for several years. T. S. Baker, of Columbiana county, is a guard.

## MARY STARKE GOES TO PRISON

But Her Sentence Is Commuted And She Will Be Taken to Delaware.

Lisbon, January 2.—(Special.)—Mary Starke, the 16-year-old burglar from East Liverpool, who was given the minimum five years' sentence to the penitentiary, was taken to that institution today on a technical preliminary to her removal to the girls' industrial school at Delaware, the governor having commuted her sentence.

## Early Closing of Stores.

The stores will close at 5 o'clock this evening and this will be the hour for closing during January and February with the exception of Saturday and Monday nights. On Saturday nights the dry goods and the 5 and 10 cent stores will close at 10 o'clock and the others at 11. On Monday nights all close at 9 o'clock.

AUGUST BELMONT AND HIS COLOSSAL ENTERPRISES.  
One of the busiest men in America is August Belmont, who is looked upon as the coming J. Pierpont Morgan of the country. Mr. Belmont has leased the Manhattan Elevated railroad, is to build a tunnel between New York and Brooklyn, is financing the construction of the New York underground railway, and has many other great interests.

## WHIRLED AROUND REVOLVING SHAFT

SEWER PIPE PLANT OFFICIAL AT IRONDALE MANGLED.

Arm And Leg Torn From Their Sockets And Injuries Caused That Were Fatal.

John Mazena, assistant superintendent of the Eastern Ohio Sewer Pipe company at Irondale, was caught by a belt Wednesday afternoon and whirled rapidly around a revolving shaft and thrown to the floor. His right arm and leg were torn from their sockets. He was taken to the West Penn hospital, the chances of his recovery being considered doubtful.

His age is 27 years and his home was at Uhrichsville. He is unmarried. Morzena died at the West Penn hospital yesterday morning.

## HURT IN A WRECK NEAR CONNELLSVILLE

Mrs. Henry Hetzel, of This City, Hurt in a Pennsylvania Railroad Accident.

Mrs. Henry Hetzel, wife of the well-known West Market street saloonist, was among the injured in the wreck of train No. 113 at New Haven, near Conneltsville, on the Southwest branch of the Pennsylvania, at 7 o'clock last evening.

The news of the accident was received by relatives here at an early hour this morning and messages were immediately sent to learn the extent of Mrs. Hetzel's injuries. No response had been received late this afternoon. The first reports received here were that her limbs were crushed and her back sprained. The injuries are serious, but not necessarily fatal.

Mrs. Hetzel, accompanied by her husband, left here about a week ago for a visit with relatives in several western Pennsylvania cities. They were no doubt traveling to make one of their projected visits when they encountered the wreck.

## A VALUABLE FIELD

The Carson Oil Territory Proving Most Productive—Columbiana Company's Strike.

The Columbia Oil & Gas company, of this city, drilled their No. 9 well on the Bell farm, in the Carson field Wednesday evening. The new well is reported as being good for from 15 to 20 barrels and is one of the best struck so far in this part of the field. The company has located another well on an adjoining farm about a quarter of a mile from the well just struck, and work on it will be started at once. Several different operators are now working in this field, which is fast developing into a valuable one. The production now reaches several hundred barrels a day and many new wells are being drilled.

## WABASH SURVEYORS ON BEAVER CREEK

Lisbon, January 2.—(Special.)—A corps of Wabash surveyors came to Lisbon last evening and started out early this morning, working toward Salem, along the Beaver Creek. The route they are taking will bring them to the Ft. Wayne road in the vicinity of Franklin Square. The company is still prospecting for the most feasible connection with the Salem railway.

## SUNDAY LECTURES AT OPERA HOUSE

DR. PRATT'S SERIES OF TALKS TO YOUNG MEN.

Interesting Meetings Under Y. M. C. A. Auspices from Which Great Good Is Expected.

The first of a series of weekly lectures by Dr. Milton Butler Pratt will be given in the opera house at 3 o'clock Sunday afternoon, his subject being "The Battle Hymn of the Republic." This series of meetings is to be continued until next May. It was decided upon by the directors of the Y. M. C. A. after they had learned that prominent citizens would agree to defray the expense of securing the opera house and providing the music.

The directors extended an invitation to Dr. Pratt to be the lecturer at these meetings. The invitation was at first declined, but the insistence of the directors led him finally to accept, although it involves a great deal of hard labor, occupies much valuable time and necessitates considerable personal sacrifice. In accepting, however, Dr. Pratt stipulated that there should be no restrictions as to his choice of topics or field of thought. His first address will be "To Men on Manliness," as stated on the placards announcing the meeting. He will not sermonize but will lecture in the true sense of the word, with, of course, a religious and moral tone.

The instrumental music will be furnished by an orchestra under the leadership of Prof. Phillips, and in addition there will be a quartet of male voices. These meetings will be of more than usual interest and those who attend will be greatly benefited.

## EDUCATORS' MEETING AT PUT-IN-BAY

Wellsville Man in Columbus Gathering Statistics in Regard to Ceramics.

Columbus, January 2.—(Special.)—D. C. Thomas, fireman and mixer at the United States Pottery company's plant, at Wellsville, has been in the city for several days, securing data on the ceramic industry at the Ohio State University.

On Wednesday he inspected the new plant which the Bell Pottery company is building in Columbus. It will have 12 kilns, which capacity the company hopes to double within a short time. The pottery will hardly be ready before next summer.

## BURNED TO DEATH

Horrible Fate of Toronto Child Playing Too Near a Stove.

Toronto, January 2.—Viola, the 4-year-old daughter of James Jones, of this town, was burned to death here. She was playing in front of an open gas stove and her clothing ignited.

## FELL ON STREET UNCONSCIOUS

Young Lady Seized With an Attack of Heart Failure on Leaving a Car.

## HELPLESS OVER AN HOUR

Though Fortunately Medical Aid Was at Hand And She Was Given Every Attention—Became Suddenly Ill After Taking the Car.

As Miss Mary Welch, a young lady, alighted from a street car at the corner of Sixth and Jackson street last evening she was stricken with heart failure and sank on the pavement in an apparently dying condition. She was picked up and carried into the residence of Dr. G. P. Kirk and restoratives were applied. She remained in an unconscious condition for over an hour, it requiring heroic efforts on the part of the physician to save her life.

She had boarded the car at the Diamond intending to go to Wellsville, but she had no sooner taken her seat in the car than she suddenly became deathly sick. She left the car at the corner of Jackson street, thinking she could make her way home, but as soon as she stepped from the car she sank to the ground unconscious.

Dr. Kirk was just coming out of his residence at the time and he had the unfortunate young lady taken into his home, where she received medical attention. About midnight she had sufficiently recovered to allow her to be taken to the home of her uncle, George Welch, on Seventh street. Her condition was considerably improved this morning, and it is thought she will be able to be around again within the next few days.

## SECURING DATA ON POTTERY INDUSTRY

Arrangements Effected For It At a Meeting Attended By Supt. R. E. Rayman.

Columbus, January 2.—(Special.)—Supt. R. E. Rayman, of East Liverpool, was here attending a meeting of the executive committee of the Ohio State Teachers' association, of which he is a member, at which arrangements were made for this year's meeting of the organization. Put-in-Bay, the usual meeting place, was again selected. Columbus put in a bid for the meeting. Mr. Rayman called on friends at the state house, State School Commissioner L. D. Bonebrake being among the number.

Superintendent Rayman has friends at the state capital who think he would make an excellent member of the state board of school examiners and would like to see him given an appointment of this kind. The members are appointed by the state school commissioners, one being chosen each year. Last year's appointment went to Superintendent Arthur Powell, of Steubenville.

## UNLICENSED UNDERTAKERS

Forbidden by Law to Act in Cases of Death from Infectious Diseases.

Columbus, January 2.—(Special.)—Under the embalming law passed last winter unlicensed undertakers are prohibited from preparing a body for shipment or burial where death resulted from an infectious disease.

In accordance with the law, the state board has designated the following as contagious or infectious diseases: Smallpox, chickenpox, diphtheria (membranous croup), scarlet fever, Asiatic cholera, bubonic plague, yellow fever, puerperal fever, erysipelas, typhoid fever.

## ROADS MUST BE GOOD

Or the Postoffice Department Will Discontinue Rural Free Delivery.

A circular has been sent out by the postoffice department relative to the condition of the roads and their bearing upon the rural delivery service. The letter is to the point all the way through. Farmers who fail to provide good roads and keep them open for travel are likely to be deprived of the rural free delivery mail service.

The letter states that the department looks to all rural delivery patrons to keep the roads open so there shall be no stop in the regular mail delivery.

## PERIL TO PEDESTRIANS IS FOUND EVERYWHERE ON ICE-CLAD PAVEMENTS

### The Accident Record Likely to Be Materially Lengthened—Serious Mishaps to Several Coasters.

Those who hoped the danger from ice-covered streets and sidewalks was past are doomed to disappointment. The accident record, alarming in the past few days, is likely to be materially increased by the cold rain that began falling this forenoon, freezing as it struck the snow, and spreading a coat of ice over everything, until the pedestrian who did not take the middle of the street instead of the sidewalk was regarded as rash and foolhardy.

A number of broken limbs have already resulted, chiefly from coasting accidents, and there will be more unless the utmost care is exercised by those who travel the streets.

Four coasters were injured by a bobbed running into a telephone pole on Avondale street Wednesday evening. The sled was 12 feet long and Herman Williams, who was steering had lost control of it. There were eight persons on board.

Martha Jones, of Soobia street, had her collar bone broken and was otherwise bruised and hurt.

Henry Dimmerling, 16, Ambrose avenue, suffered the fracture of a small bone in his right ankle, and a dislocated knee. Callie Sharp, aged 14, of Ephraim street, was thrown heavily against a fence, receiving a severe scalp wound and was badly bruised about the shoulders and back. Henry, Should the highways become so bad as to seriously impede the carriers the permanent withdrawal of the service will probably follow.

The department expects patrons to clear away snowdrifts so that carriers can reach mail boxes without trouble. Carriers are not expected to break road through snow drifts, but are supposed to use all possible zeal in preventing any interruption to the service. These items command more than passing attention from all farmers who desire to have the rural service continued. The order is likely to prove one of the greatest good roads movements ever promulgated anywhere.

## GOOD RESOLUTIONS WERE IN EFFECT

The Police Did Not Find It Necessary to Arrest Anybody Yesterday.

New Year's day in police circles was exceedingly quiet. Not a single arrest was made during the day or evening. This is a remarkable record and speaks volumes for the general good order of the town.

Holidays, as a usual thing, are celebrated by a certain element getting an overload of whisky and ending the spree in the city jail.

One reason perhaps accounting for the unusual quietness was that it was the day upon which new resolutions are made. The city officials believe that the evidences held a swearing-off feast in some secluded part of the city, which affair probably extended far into the night and there was no time left for them to secure their holiday jag.

The rush, however, is expected to resume shortly, as new resolutions, like glassware, are easily broken.

The courts of the local justices too are very quiet. Some of the 'squires spent the holidays out of the city, but they are now all back at their posts of duty ready for the rush of business which usually comes at this time of the year.

## RECOVERY EXPECTED

Dr. McFarland Improving Nicely at the Mt. Carmel Hospital, Columbus.

Columbus, January 2.—(Special.)—Dr. Fred McFarland, of East Liverpool, who is ill at Mt. Carmel hospital, this city, is reported to be improving nicely. He is now able to sleep, which is very helpful.

His recovery is now expected.

A Supreme Court Lawyer.  
Lisbon, January 2.—(Special.)—Howard D. Pritchard, who recently passed the state bar examination, will go to Columbus Monday to be sworn in before the supreme court.

man Willison, aged 21, of Avondale street, narrowly escaped being crushed to death when the sled struck the telephone pole. His left ankle was broken and he was badly bruised.

Rosa Bates, aged 15, daughter of John Bates, Thompson hill, while coasting on Kossuth street, struck a stone in the street and broke her leg near the ankle.

George Hendricks, who was run down by a bob sled on Lisbon street Wednesday and badly injured, is still confined to his room on Pleasant street. No bones were broken, but he was badly shaken up.

Charles Frank, of Fairview street, while doing some chores in the yard at his home yesterday afternoon slipped and fell on the ice, breaking his right arm above the wrist joint. Dr. Hamilton was called and reduced the fracture. The accident will keep Mr. Frank from his work for some time.

Edward Wardle, a boy, while coasting down Lincoln avenue yesterday afternoon met with a painful though not dangerous injury. On one of his trips his sled became unmanageable and he crashed into a team of horses attached to a coal wagon. So great was the impact that one of the animal's was knocked to the ground. The boy was badly bruised and stunned.

## HENRY SHECKLER HEAVILY FINED

WELLSVILLE MAN CONVICTED OF BUYING STOLEN GOODS.

Fine And Costs Amounted to \$255—Motion For New Trial Overruled.

Lisbon, January 2.—(Special.)—Henry Sheckler, who was convicted some time ago of buying stolen goods, was fined \$100 and costs at noon today, the costs and fine aggregating \$255.

A motion for a new trial was argued before sentence was pronounced. Prosecutor Brookes said he had been told by reputable citizens of Wellsville that Sheckler's junk shop was a regular depository for stolen metals, while his attorneys contended that he had been careless rather than criminal.

## A HANDSOME GIFT TO SUPT. REED

Employees of Street Railway Present Retiring Official a Handsome Watch.

T. A. Reed, whose resignation as superintendent of the East Liverpool Railway company went into effect yesterday, was presented a handsome gold watch and chain by the operatives of the road. The gift was handed Mr. Reed by Motorman John Pelley, who has been selected as spokesman by the donors. Mr. Pelley's remarks were eloquent and he told of the strong feeling of affection the men had for the retiring officer with whom their relations had always been most cordial. Mr. Reed spoke feelingly in reply. He stated that it was with the deepest regret that he broke away from old associates.

Mr. Reed has not as yet made any definite plans for the future. He has a host of friends here who wish him success in anything he may undertake. His successor has not yet been announced.

## New Rural Carriers.

Lisbon, January 2.—(Special.)—Attorney J. M. Dickinson, of this city, made a trip to Elkton the other day to swear in George R. Adams, and J. D. Peterson, the two new free rural delivery carriers from that office, who will assume their duties February 1.

## Both Legs Cut Off.

John Nee, son of Patrick Nee, of Alkana, working on the Lake Erie, Alliance & Wheeling railroad extension as fireman, had both legs cut off by an accident in southern Jefferson county.

## HORSEMEN OUT IN FULL FORCE

SOME OF THE LIVELIEST RACES OF THE SEASON YESTERDAY.

Fast Horses Were Conspicuous—Some Sleight Upset—No Bad Accidents.

Horsemen were out in full force on Fifth street yesterday afternoon, and some of the liveliest races of the season took place. Several horses from out-of-town joined with the speedy ones from here, which made the afternoon's sport more interesting. Among the best out-of-town horses were those driven by Campbell Pugh, of Fairview, W. Ya, and Oliver Roseberry, of New Cumberland. They both drove fast paces and each won several races during the afternoon, and they furnished plenty of amusement for the several hundred spectators who were out to see the fun.

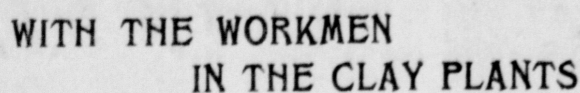

The racing was followed out according to the plan suggested by Mayor Davidson to start at Market street and race down the street to Monroe. By this plan there is less danger of an accident than there was the way they were racing before. The return trip was usually made either by way of Fourth or Sixth streets. With the exception of a few sleights upsetting when making a turn there was not an accident of any kind to mar the day's pleasure.

On account of the streets usually being crowded Saturday night and Sunday, Mayor Davidson requests horsemen to refrain from racing on any of the streets during that time. The mayor has certainly been very considerate in giving them a whole street on which they may be at perfect liberty to drive as they pleased. If the snow is still on the ground next week they will be allowed to use Fifth street as they have been doing, with the exception of Saturday night and Sunday.

## MOTIONS AND DEMURRERS

Occupy the Attention of Court—Several Cases Submitted.

Lisbon, January 2.—(Special.)—Today is being devoted to court to the hearing of motions and demurrers. Cases have been submitted as follows: David Hanley vs. Thomas and Mary Whalen, motion to strike out name of Mary Whalen as party to defendant. Withdrawn and demurrer filed. The contention was that Mary Whalen as owner of the saloon was not responsible.

## FELL ON THE ICE

Alex Brownley Broke His Ankle by an Accident Wednesday Night.

Alex Brownley, aged 42, who resides near the Dry Run bridge, met with a painful accident about 11:30 Wednesday night. He was walking through the alley running from First avenue to Mulberry street, and fell on the ice, his right leg was doubled under him, and one of the bones in the ankle broken. He was taken to the East End fire station, where Dr. Mowen was called and dressed the wound.

The patrol was then called and Brownley was taken to his home. This was the first patrol run of the new year, and the message was sent to the fire station after the wagon just as the clock was striking the midnight hour.

## CHURCH RECEPTION

A Most Enjoyable Affair At the Second U. P. Church On New Year's Day.

The reception at the Second Presbyterian church yesterday afternoon was a very enjoyable affair. The pastor and the other members of the session completed the arrangements for the reception and proved themselves to be excellent entertainers as the afternoon was most enjoyable.

The hours of the reception were from 2:30 to 5 p. m., and during that time a large number of the members of the church and friends of the members took advantage of the opportunity to wish their friends a happy new year. This was an innovation in church circles in the city and proved to be very successful.

## BIG OWL CAPTURED

Bird Nearly Five Feet Caught in a Trap And Placed On Exhibition.

One of the largest owls seen in the city for a long time is being exhibited in the window of Meador's news stand on Mulberry street. The owl was captured by Ernest Wilson, about four miles back of Chester in a steel trap yesterday and is uninjured.

The owl measures 4 feet and 9 inches from tip to tip and is a fine specimen of the hooting bird. It was purchased by Charley Meador yesterday from the captor and is now blinking at the window seemingly contented with its new home.

## BIT OFF HIS TONGUE

East End Lad Met With a Peculiar And Very Serious Mishap.

Joseph Jr., the five-year-old son of Mr. and Mrs. Joseph Warrick, of the East End, met with a very painful accident Wednesday afternoon. The little fellow slipped and fell on the stone steps of the house, biting his tongue off. The child suffered terrible agony till put under the influence of opiates by Dr. Norris.

The physician sewed the tongue together and the little fellow is now getting along as well as possible.

## Dance Largely Attended.

The New Year's dance at the Larkin and Ferguson hall last night was attended by one of the largest crowds of the season. The music was good and the evening passed entirely too quickly to suit those present. Everything was quiet and orderly and the beginning of the year opened auspiciously in East End social circles.

Select the good, avoid the bad, then you will always use Meredith's Diamond Club Pure Rye Whiskey; price fair, goods guaranteed.

## New Year's Reception.

The American Mechanics celebrated the advent of the new year last night at the Protected Home Circle hall. A large number of the members of that organization were present as well as the members of their families. The evening was spent with games, refreshments and other amusements.

## EAST END AFFAIRS.

Robert Green returned to Sebring this morning after a visit with his parents here.

Mrs. Robert Cowden, of Canonsburg, Pa., is the guest of W. H. Finley, in the East End.

John Barnett, of St. George street, is confined to his home with a serious attack of fever.

Ed. Sprague returned last night on the Greenwood from a short visit with friends at Gallipolis.

Miss Pearl Finley accompanied her guest, Miss Sue Martin, to her home in Salineville, this morning.

William Kincaid, and wife, of Ohio avenue, have returned from a visit with relatives at Zanesville.

Roy Mayers, left last night for St. Louis, Mo., after spending the holidays with his parents in the East End.

Tom Hendershot, of St. George street, who has been sick for several weeks, is now considerably improved.

Mrs. F. F. Davis and sister-in-law, Miss Davis, left this morning to spend a few days with relatives at Beaver, Pa.

J. W. Powell has sold his grocery on Mulberry street to Ed. Sprague and J. E. Horger, who will take possession in a few days.

D. W. S. Speakman, an engraver at Laughlin No. 2, and H. Malpass, a printer at Vodrey's pottery, returned last evening from a visit with friends at Niagara Falls, Montreal and Toronto, Canada.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous lining.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## FREESAMPLE DISTRIBUTION

Will Reed Giving Away Mi-o-na, the Great Dyspepsia Cure.

The proprietors of Mi-o-na, the great dyspepsia remedy, have made arrangements with Will Reed, the popular druggist, to give away samples of Mi-o-na to those presenting the following coupon at his store:

## COUPON.

This coupon, if presented at my store, entitles the holder to a two days' treatment of Mi-o-na, the great dyspepsia cure.

WILL REED.

Although Mi-o-na was introduced in East Liverpool but a few months ago, it is today outselling all other medicines advertised for the cure of dyspepsia, and the liberal plan of giving away samples, should make many new friends for the remedy.

Mi-o-na is the only dyspepsia remedy upon the market that is sold under a positive guarantee to refund the money if it does not cure. A box costs but 50 cents and Will Reed will refund the money if it does not do all that is claimed for it.

The samples will not last long and every one who has trouble with dyspepsia, indigestion, headache, distress after eating, dizzy feeling or loss of appetite should take this coupon to Will Reed's store and get two days' treatment of Mi-o-na free. No other medicine could begin to do you so much good in a short time, and it costs you nothing.

## IS ASIATIC PLAGUE.

Microscope Shows Bubonic Pest Baccilli in Blood of Those Afflicted at Mazatlan.

## PEOPLE FLEEING FROM THE CITY

Disease Has Grown Virulent Within the Last Two or Three Days—More Than Fifty Per Cent of the Persons Attacked Are Women.

Mazatlan, Mexico, Jan. 2.—There is no longer the slightest doubt that the disease now afflicting this city is genuine Asiatic plague, for microscopic investigation proves that bubonic pest baccilli are in the blood of those afflicted with the disease. The plague has grown virulent within the last 18 hours and the alarm, which had begun in some measure to abate, has returned with increased strength. The people are fleeing from the city at the rate of 300 per day and some 5,000 persons have gone already.

It is a remarkable fact that more than 50 per cent of the persons attacked are women.

The report of the recrudescence of the plague at this port has reached the interior towns of the state and is causing a panic. Sanitary cordons of armed men have been placed around the towns to prevent the entrance of anyone from this place.

Precautions at Hermisillo.

Hermisillo, Mexico, Jan. 2.—Owing to the scare caused by the epidemic at Mazatlan strenuous measures are being taken here to improve the sanitary conditions of the city. Streets are to be kept scrupulously clean and the city government has appointed an inspector for each city block, whose duty is to enter every house in the block at least once during the day, make a thorough inspection, and report any suspicious sickness.

GENERAL FOREIGN NEWS.

London, Jan. 2.—The Central News announces that the claim of May Yoh for \$35,000 against the estate of Lord Francis Hope has been settled amicably. The terms of the settlement have not been published.

San Jose, Costa Rica, Jan. 2.—A severe shock of earthquake was felt here at 1 o'clock yesterday morning. The shock is believed to have originated from the volcano of Irazu, and it followed the same direction as the shocks felt here Dec. 18.

St. Petersburg, Jan. 2.—Fifty-eight lives were lost in the recent fire in a coal mine at Bachmut, Ykatorineslav province. Eleven men were rescued after having been 60 hours in the burned mine and 21 of the miners were saved after being five days in the mine.

Rome, Jan. 2.—As the result of a collision between the carriage of Secretary Iddings, of the United States embassy here, and an electric street car, Wednesday night, Mr. Iddings' shoulder was dislocated, his coachman was injured slightly and the carriage was smashed.

Panama, Colombia, Jan. 2.—Dr. Facundo Mutis Duran has received a cablegram from President Marroquin appointing him governor of Panama in succession to General Salazar. Dr. Duran filled the post of governor of Panama from 1895 to 1899. Members of the electoral council have also been appointed.

## FOR KIDNEY TROUBLE

—READ WHAT HE SAYS—

East Liverpool, Ohio, Nov. 19th, 1902. The Life Plant Co., Canton, Ohio.

Gentlemen:—I have used nearly two bottles of LIFE PLANT and must say it is a fine medicine for the kidneys. It is the best medicine I have ever taken and I recommend it to all who are suffering from kidney diseases.

F. F. EDWARDS, 136 Third St.

Kidney diseases are very common and very dangerous. They cause more deaths than any other affliction, and yet they can be cured, quickly and easily by taking LIFE PLANT. An improper treatment is worse than none. It excites the kidneys to unusual action for a time, causing a seeming benefit, but the result is increased weakness.

LIFE PLANT leaves you permanently cured or your money is refunded. Whatever the stage of your trouble, your druggist will warrant that LIFE PLANT will succeed with you.

The fearful fatality caused by kidney diseases is the result of neglect and wrong treatment. Commence now by using the only guaranteed treatment, LIFE PLANT. It's a wonder.

### TERM WILL END THEN

Present Engineer And Street Commissioner Not to Serve When New Code is in Effect.

A prominent official of this city recently sent a communication to Attorney General J. M. Sheets at Columbus, asking him whether the city engineer, or street commissioner now established by ordinance, could continue in office under the new code. Section 1782 of the revised statutes, which was not repealed, seems to conflict with the new code. In reply the attorney general answered:

"Yours of December 26 at hand and contents noted. You state that you have advised the city council that the office of street commissioner and that of city engineer will end as soon as the new code comes into effect, and require of me as to what my views are on the subject. You are clearly right in the position you take. Indeed, even without the adoption of the new code in your city, if the city council saw fit, it could abolish any office established by ordinance and the person holding the office could not complain. See state ex. rel. vs. Jennings, 57 O. S. 415."

### DISTURBED WORSHIPERS

And as a Consequence Ellis Stoffel May Have to Go to the Workhouse.

Ellis Stoffel, of the West End, who has been in much trouble within the last two years and has served a long sentence in the Canton workhouse, was arrested last evening on a charge of disturbing a religious meeting. The charge was preferred against him by Rev. W. A. Vandersall, pastor of the United Evangelical church. Stoffel raised considerable of a disturbance in the church last Sunday evening, which was unnecessary and which was not the first occurrence of the kind. When given a hearing by the mayor he was fined \$28.60, which he was unable to pay. He is in the city jail. Unless some of his relatives or some good-hearted friend comes to his assistance and pays his fine, Stoffel will no doubt have to make another trip to Canton.

### New Officials Take Hold.

C. C. Ewing, the new superintendent of the water works of the city, and

E. C. Taylor, the new clerk, began their services yesterday morning and took charge of the water works office, relieving Supt. Perkins and his daughter, who resigned. The new superintendent and clerk will serve until next May. Both are very competent men and will no doubt give satisfaction in their new offices.

### WANTED FOR ROBBERY

Mingo Man Arrested in Wellsville Charged With Tapping a Butcher's Till.

Marshal Weaver, of Mingo Junction, early Wednesday evening telephoned to Chief of Police Fred Houser, of this city, and told him to arrest a man named Dave Lyons, who would arrive in Wellsville on the evening upriver train, which is better known to Wellsville people as the "growler." Chief Houser and Officer Davis went to West End depot, and when the train arrived arrested Lyons as he alighted on the platform.

The Mingo Junction marshal arrived yesterday morning and returned with Lyons. He stated that Lyons had gone into a Mingo Junction meat market early Wednesday evening to buy some meat, and when the proprietor stepped out of the store for a few minutes, tapped the till to the extent of \$30 or \$40. When arrested by the Wellsville officers he had \$25.60 upon his person.

### MANDAMUS PROCEEDINGS

Against County Commissioners And Street Railway Now Talked Of.

In speaking of the street car service in this city, a prominent local attorney stated last evening, that, according to the common law any taxpayer of the city can bring suit against the street railway company to compel it to comply with the terms of its franchise. The franchise provides that it shall run cars between this city and East Liverpool as often as the public convenience requires.

The attorney also stated that any taxpayer of the county can bring a suit in mandamus against the county commissioners to compel them to act. It is reported that a prominent citizen of Wellsville, a heavy taxpayer, has volunteered to bring suit against the commissioners and also against the street railway company.

### Boys Taken to Lisbon Jail.

Ernest Sells and Warren Roberts the two lads who were arrested by Detective Moore, of the C. & P., for stealing iron, and who were bound over to court by the mayor in the sum of \$100 each, were taken to Lisbon yesterday morning by Chief of Police Houser, where the boys were turned over to the county authorities and lodged in the county jail. The iron, which the boys stole was worth about \$40. Sells pleaded not guilty and Roberts pleaded guilty.

### Ball a Grand Success.

The second annual ball given Wednesday evening in the city hall by the Wellsville Trades & Labor Council was a grand success, both socially and financially. A large crowd attended and the council cleared a neat sum over their expenses. The music for the evening was rendered by McGraw's orchestra, of East Liverpool. Special cars were held for the accommodation of the large crowd from the sister city.

### Watch Night Services.

Beginning at 7:30 o'clock Wednesday evening "Watch Night" services were held at the First United Evangelical church in this city. The annual election of officers of the several different departments of the church also took place at the meeting. Quite a large congregation was present.

## SOUTH SIDE CHESTER ELECTION CLOSE AND LIVELY

The Vote Polled Was the Largest Ever Cast in the New Town.

### MERCER AND MAXWELL

Win For Mayor And Recorder Respectively—The Councilmen Elect Are Cunningham, Johnston, Hobbs, Dunn And Anderson.

The most exciting election ever held in Chester took place yesterday. The vote polled, 264, was the largest ever cast in the town and heroic efforts were made by both sides to get out a full vote. Sleds were used to take the voters to the polls and from early mornning till the close of the polls excitement was at a fever pitch.

The result of the election was defeat for Mayor Shrader, he failing to carry a single ward, and for the balance of the ticket supposed to be friendly to him. Notwithstanding the great excitement everything passed off very quietly and only two voters were challenged. They were Ernest Spruirock, of the third ward, and Charles Forrester, of the fourth. But two men under the influence of liquor voted, although it is said that booze was flowing freely in certain quarters.

The threatened arrests for illegal voting did not materialize, although both sides watched matters closely. The work of the election commissioners and their clerks was good as the result was known about an hour after the polls were closed. While the fight seemed to be centered principally on mayor, every ward had a fight for council except the fourth and fifth. There Dunn and Anderson had a walk-over, Johnston in the Second also had an easy victory. The First and Third wards were hotly contested, and Maxwell and Marshall ran a pretty even race throughout.

A close calculation showed that only the following stay-at-home voters could be found. First ward, 2; Second ward, 17; Third ward, 3; Fourth ward, none; Fifth ward, 2, making a total of 24, notwithstanding the fact that the election was held on a holiday. The vote for the entire ticket by wards is as follows:

	1st Ward	2nd Ward	3rd Ward	4th Ward	5th Ward	Total
Mayor						
Shrader	22	33	26	13	7	95
Mercer	32	37	35	40	24	168

### ARREST CAUSES MURDER.

Boy Taken in Custody by Detective and Father Kills Officer.

Hinton, W. Va., Jan. 2.—Word has just been received here of an alleged murder committed at Dunns, Mercer county, about 20 miles west of this city. From information received, Newton Lytle, of Piney, who claims to belong to a detective agency, was in the vicinity of Dunns and arrested a young son of Russell Lilly, claiming the boy had disturbed an aged man who resided nearby.

Young Lilly, who secured his release by promising to testify against others whom the detective claimed were equally guilty, immediately told his father of the arrest. The father took his gun and hunted up Lytle. When they met a quarrel ensued and resulted, it is alleged, in Lilly shooting Lytle through the neck. A large part of his jaw was torn away by the shot, and he died soon after.

Lilly immediately gave himself up to a justice of the peace, claiming that he did the shooting in self-defense. Lytle had no warrants to make any arrests.

### CAMP ON FOOTBALL

Yale Authority Visits Chicago And Talks of New Rules And Prospective Changes.

There is likely to be no radical changes in the football rules, according to Walter Camp, of New Haven, who is in Chicago now. Mr. Camp, who has been connected with Yale University for a number of years as chief adviser in athletics, is in Chicago for a brief visit. Before he returns he will confer with western football authorities on the advisability of changes in the football rules.

Mr. Camp recently sent out a number of letters to football experts, asking their opinion on the game, but he has not yet heard from any of them. The whole question will come up at the annual meeting of the football committee in February.

"It is always hard to say in advance what would be the best thing to do in football," said Mr. Camp. "Personally, I think it is inadvisable to make many changes in football, as it would take the people who go to the games a long time to get used to the new order of things. Football has been brought to a high standard in both the west and the east, and a good many might question the advisability of changing any of the rules."

"Some critics would like to see a more open style of play in football. The reasons given in the majority of cases are that the game would be less dangerous. I question this point to some extent, as a goodly number of the injuries are sustained by players when in the open. From a coach's standpoint, I think he mostly fears the sharp tackling to a fast man like Weeks and Sheldon. Let one of these players take the ball on a punt and run it back. The chances of injuries in a case like that are more apt to happen than when the player goes head first into a mass play."

Mr. Camp commented favorably on the stride football has taken in the west, and hoped that some day sectional games might be played, but he did not expect any of importance for some time. He said that the length of the season, both in the east and in the west, precluded such contests.

According to Mr. Camp Yale and Harvard are certain to come to terms, and he did not believe that the two schools would break off athletic relations.

## ROVERS DEFEATED IN LAST GAME OF SEASON

Victory for McDonald Makes It an Even Break Between the Two Teams.

What was no doubt the last game of the association football season so far as the local teams are concerned was played at McDonald, Pa., yesterday afternoon between the strong team of that city and the champion East Liverpool Rovers team. It was a defeat for the home boys by a score of 3 to 2. The game was one of the best contested of the season and there were no rowdy tactics as in the game last Saturday at Swissvale. It had been the hope of the Rovers to end the season with a victory, and it was not until time was called in the last half that they relinquished the struggle. Had they won it would have been the second victory over this team this season, but as it now stands each team has won a game. The Rovers returned here last evening. Those who participated in the game were:

A. Townley, goal; Bowers and Tucker, fullbacks; Hall, Wooliscraft and Parker, halfbacks; George Townley and Moore, right forwards; Challinor and Albert Townley, left forwards; Davis, center.

Challinor and Davis scored the goals for the Rovers.

The Esquimo eats blubber. The lumbermen eat pork. These people are constantly exposed to cold and physical strain. Experience has taught them that fatty foods give warmth and nourishment.

purses. He had all told 29 starters, that raced 320 times, and, outside of their winning races, they earned money in 165 events by finishing second 55 and third 55 times.

Hastings has made one American record this season, in being but 9 years old, and therefore the youngest horse that ever led the winning sires of this country, his record breaking that held by imp. St. Blaise, one of his new companions in the stud. St. Blaise's record was scored in 190. Hastings also ties Hanover with another best on record, they being the winning sires of this country when represented by only 2 and 3 year old performers. Hanover did this in 1895, and Hastings' oldest get to race in 1902 were 3-year-olds.

## HOMESTEAD'S VICTORY

Defeated Steubenville After an Exciting Contest at Basket Ball Yesterday.

The Steubenville basket ball team of Steubenville played one of the finest exhibitions of basket ball here at Stanton park casino yesterday. The former won by a score of 23 to 17. The lineup:

Homestead—Dixon and Adams, forwards; Bissell, center; Murray and Lloyd, guards.

Steubenville—Conroy, Fitzpatrick and Neadham, forwards; Hamilton, center; Burns and Houser, guards. Field goals, Hamilton 7, Houser 2, Bissell 2, Lloyd, Dixon 4, Burns. Foul goals, Dixon 3, Hamilton 3. Umpire and referee, Farren.

## Matched For January 15.

"Philadelphia" Tommy Ryan has signed articles for an important contest on January 15. Martin Duffy, one of the cleverest men in the light welter division will be his opponent and they will meet at St. Louis. The men are scheduled to box ten rounds at 142 pounds, which will be quite a change from the 115 and 122 pound boys who have been performing lately. Ryan says he expects Duffy to give him anything but an easy fight and that he is going to do plenty of work for the bout.

## Goes to New York State.

Leon Ames, who has pitched such good ball for Warren and Zanesville the past two years, has been signed by the management of the Ilion team, of the New York State league, and will report for duty in May. Last year Ames pitched twenty-seven games for Zanesville and Warren and won all but six. He is an excellent first baseman.

## Championships to Be Separated.

The championship committee of the A. A. U. has decided to separate the boxing from the wrestling championships. The latter will be held in the city of New York some time in February and the boxing championships will either be held in Cambridge, Mass., Chicago or San Francisco.

## PRESIDENT'S RECEPTION.

One of the Most Brilliant Events in Washington's Social History. Washington, Jan. 2.—President Roosevelt's New Year's reception was one of the most brilliant events in Washington's recent social history. All callers were afforded the opportunity of greeting the president and Mrs. Roosevelt and exchanging with them the compliments of the New Year. No distinctions were made except such as were rendered necessary in the preservation of order, and the greetings extended to all—high and low, rich and poor—were alike cordial and sincere.

Last night President and Mrs. Roosevelt entertained a number of out-of-town friends at dinner.

Miners Observed New Year's. Wilkesbarre, Pa., Jan. 2.—The miners of the Wyoming region observed New Year's day as a holiday. Nearly all the collieries were idle, and what few were working were short-handed. The output of coal yesterday was only a few thousand tons.

## Legs Cut Off.

Lancaster, Pa., Jan. 2.—Martin Eter, aged 25 years, a Pennsylvania railroad brakeman, while shifting cars at Reinholds station yesterday evening, had his legs cut off. He died a couple of hours later.

Exchanged Good Wishes. Washington, Jan. 2.—Minister Quesada, of the Cuban legation, yesterday received a message from President Palma, requesting the minister to call on President Roosevelt and to say to the latter that President Palma sent him personally the best wishes of the chief of the new island republic for happiness in the new year and that in the name of the Cuban people he sent greetings to the American nation, wishing it happiness and prosperity in 1903. The minister conveyed the greetings to President Roosevelt at the White House. There was an exceedingly delightful exchange of compliments, and President Roosevelt requested Minister Quesada to convey to the president of Cuba and the Cuban people the wishes of himself and the people of the United States for the happiness and prosperity of the Cuban people and of President Palma.

## Passed Danger Point.

Boston, Jan. 2.—For some days no report warranting new quarantine measures has been received in connection with the foot and mouth disease among Massachusetts cattle. This fact has strengthened the conviction of Dr. Peters, chief of the cattle bureau, that the disease has passed its dangerous point in this state.

## LEGAL.

### ORDINANCE 739.

Granting to the Youngstown & Southern Railroad Company the right to construct, maintain and operate lines of railway upon the following streets, to wit: Trentvale street from corporate limits to south side of Sheridan avenue.

Whereas, the Council of said City of East Liverpool, Ohio, has, upon careful examination, found that said railroad company has complied with all the conditions and prerequisites by law or ordinance necessary for the granting of the rights hereinafter contained, therefore, be it ordained by the Council of the City of East Liverpool, Columbiana County, Ohio.

Section 1. That the right is hereby granted for the period of twenty-five years from and after the date of this ordinance, to the Youngstown & Southern Railroad Company, to construct, maintain and operate a line of railway over and upon the following streets and public highways in said City of East Liverpool, Ohio, commencing as follows: Beginning at the north city line on Trentvale street, running thence South to Sheridan avenue and West Market Street.

The number of tracks on each of said streets shall be one, with all necessary turn tables, turn-outs, sidings and switches, with the right hereafter when the operations of said company shall require it, to construct a double track along said streets, and said company shall have the right to construct and maintain poles, wires, fixtures and conduits, with all the appliances necessary for the operation of said lines by electricity or other motive power, other than animal.

Section 2. The gauge of said track shall be four feet, eight and one-half inches (4ft. 8½ in.), with rails weighing eighty pounds per yard. The cars upon said railway shall be propelled [by electricity or such other motive power other than animal as the company may desire. If said company shall lay a single track, the same shall be laid under the direction of the city engineer and board of public service. The turn-tables, turn-outs, sidings and switches shall be so located as to accommodate public travel as little as is reasonably proper. Iron or wooden poles may be used, which shall be kept well painted. The poles and wires shall be so constructed and maintained as to prevent any interference with, or damage to, existing telephone and telegraph wires, or to any fire alarm or police patrol wires of the city, and shall not be less than twenty-one feet in height above the track. But, said company shall have the right to use in place of said wires, and poles and overhead construction, the "third rail" construction, provided the same can be secured so as to prevent danger and damage to the public use of said streets.

Section 3. The tracks and space between the rails, and for two feet on the outside of each rail, shall be kept in thorough repair and free from obstruction, to the satisfaction of the board of public service, and where the streets are now paved or may hereafter be paved the said Youngstown & Southern Railroad Company, its successors and assigns, shall at its own cost and expense construct and maintain and keep in good repair the entire space between the outer rails of said tracks and for two feet on either side thereof, a good, smooth, firm and durable pavement of hard burned brick or vitrified block or other substance suitable and acceptable to the board of public service, and whenever said City of East Liverpool shall hereafter pave or macadamize any part of any street named herein, the said company, or its successors and assigns, shall at the same time, upon the parts of the street so paved, or macadamized, pave or macadamize the space between the rails and said two foot strip on either side of said track with the same materials used by said city, in such paving or macadamizing, or upon its

failure to do so shall pay to said City of East Liverpool, the costs of the same.) The company agrees when said street is to be paved or macadamized, to place rails thereon at least ten (10 in.) inches in height to enable the proper bed to be placed under the brick or macadam to support the same.

Section 4. Said company shall at all times defend, keep harmless and indemnify said City of East Liverpool from all damages, claims and demands for injury to persons or property, together with any costs and expenses to which said City of East Liverpool may be legally subjected, or made liable in any proceeding at law or in equity, growing out of the exercise or operation of the privileges granted in this ordinance, provided, however, that said company shall have reasonable notice of the pendency of said action, and permission and opportunity to assume the defense of the same.

Section 5. The City of East Liverpool reserves to itself the right to grant to any other corporation operating a line of railway, the right to cross said company's tracks at grade, at any public street crossing, and upon such terms and conditions as to the occupation and compensation as said council may deem just and reasonable, if such companies shall fail to agree thereon between themselves.

Section 6. The running of cars upon any part of said line may be suspended by council without cost to the City for such reasonable period as may, at any time, be necessary on account of the construction or repair of streets, bridges, sewers, or other public improvements, and whenever, for that purpose, it may be necessary to have any tracks taken up, or poles or wires removed, the same shall be taken up and removed and replaced at the expense of said company.

Section 7. The ordinance shall be and remain in force for the period of twenty-five years from and after the date of its passage, and shall convey the rights herein granted to the Youngstown & Southern Railroad Company, its successors and assigns, who shall have the right to maintain and operate said railway, during said whole term or period.

Section 8. If said Youngstown & Southern Railroad Company fails to complete said road on or before July 1st, 1904, then this ordinance shall be come null and void and all rights herein granted shall have no further binding effect on either the City or the Railroad Company.

Section 9. Said grantee shall in writing, within thirty days after the passage of this ordinance, accept the rights and privileges herein granted, and agree to comply with the conditions thereof, and shall pay the necessary cost of advertising this ordinance, and for all other advertising hereinafter incurred in connection herewith, or this grant shall become void at the expiration of said thirty days.

Section 10. The said Youngstown & Southern Railroad Company, its successors and assigns shall carry the members of the Police force, Sanitary Police, the members of the Fire Department, of the City of East Liverpool, Ohio, and the Mail carriers in said City free of charge while in uniform, and that the Mayor, members of City Council, City Clerk, City Solicitor, City Engineer and members of board of Public Service and Public Safety shall be provided with continuous free passes over the line immediately upon its completion of said line.

Section 11. The said Youngstown & Southern Railroad Company shall provide a fifty candle power incandescent light on every third pole, within the corporate limits and shall keep said lights burning each night from six o'clock p. m., to six o'clock a. m.

Section 12. The said Youngstown & Southern Railroad Company shall not charge a fare in excess of five cents on its lines within the city limits.

Section 13. The Youngstown & Southern Railroad Company shall begin the construction of its said lines on or before July 1st, 1903, and shall give bond to the City of East Liverpool, Ohio, in the sum of \$5,000, said bond shall be forfeited if the requirements of this section are not complied with.

Section 14. This ordinance shall take effect and be in force from and after its passage and legal publication. Passed December 23, 1902.

O. D. NICE, President of Council.

Attest: WILLIS DAVIDSON, City Clerk.

DO YOU GET UP  
WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE SHOOTING  
OF M'KINLEY

Story Told by the Negro Who  
Felled the Assassin With  
a Blow.

## HOW HIS LIFE WAS SAVED

A Detective Seized the Revolver of  
Czolgosz When It Was Pointed at  
Parker—Says Secret Service Men  
Tried to Steal the Credit Due Him.

Canton, January 2.—"Big Jim" Parker, the masculine negro who felled the assassin of President McKinley at Buffalo, spoke at the Y. M. C. A. auditorium. He opened his address with a short biography of himself. He was born in Atlanta, Ga., and has served as a mail carrier and a deputy sheriff in the south. He has been of a roaming nature throughout his life and has traveled extensively in the United States. Parker was also employed at one time in the Pullman service out of Chicago and served as a waiter at Saratoga Springs. At the time of the shooting at Buffalo he was employed by a catering company on the Pan American exposition grounds.

His story of the assassination was in part as follows: "On September 6, the day of the shooting, I left the hotel without the permission of the proprietor to see the president. When I arrived at the temple of music the president, in company with some friends, was riding around the grounds in a carriage. When the time came for the reception he was driven through the surging mass of people to the entrance hall. When the carriage passed me I fell in behind and when the temple was opened I was directly in front of the door and was admitted. The assassin was just in front of me after we had formed lines which wound up to the president.

"Czolgosz was constantly lagging behind when we were approaching McKinley and several times I asked him to hurry, but every time he refused. As we reached that part of the hall where the president was standing Czolgosz suddenly stopped and fired two shots from the weapon which he held under a handkerchief in his left hand.

"I seized the assassin by the shoulder and threw him to the ground. I struggled with him fully three or four seconds before the secret service officers came to my help. Detective Gallagher was mistaken by some of the people for the man who did the shooting and a mob surrounded him. It was with great difficulty that the people were made to understand that he was not the man. Gallagher came to my help and wrenched the revolver from the assassin's hands. I believe that Gallagher by seizing the weapon saved my life. After the secret service officers took charge of Czolgosz the hall was cleared and I was asked to leave the place. I refused to do this and was finally permitted to remain.

"For the first few days I was given credit of capturing the man, but suddenly the secret service men turned the story and tried to steal the credit themselves."

After Parker left the music hall and it was learned that he was the man who captured the assassin he was surrounded by a large crowd of people, who begged for souvenirs. One lady asked him for a lock of his hair and he replied that he could give her a "kink." At the hearing of Czolgosz Parker was not called as a witness. He made a visit to Washington some time ago and was received by the president with a hearty handshake. Parker, in his address, said that any man in his position who had a spark of patriotism would have done the same thing as he did.

## IDENTIFIED AS DEAD

A Canton Boy Turns Up Alive And  
Well in the Far  
West.

Canton, January 2.—William Daniels, 19 years old a Canton boy, mourned as dead since last September, is alive and well in a lumber camp near Dermont, Wash. This news was brought to the family here in a Christmas box received by the mother, Mrs. William Daniels. He was last heard from in the lake regions during the summer, and his name appeared in the list of victims of a lake disaster near Detroit.

The father went to Detroit and posi-

Mrs. H. A. Alsbrook of Austin, London, Co. Ark., writes: "After five months of great suffering with female weakness I write this for the benefit of other sufferers from the same affliction. I doctored with our family physician without any good result. So my husband urged me to try Dr. Pierce's medicine—which I did, with wonderful results. I am completely cured. I took four bottles of Dr. Pierce's Favorite Prescription, four of his 'Golden Medical Discovery' and two vials of his 'Pleasant Pellets.'"

tively identified the body. At the same time the body was claimed by another family living near Detroit, but in the opinion of the Detroit officials that mother's identification was not as complete as was that of the Canton man, and Mr. Daniels was given possession of the body for disposition.

A letter accompanying the box announced that the young man had been in the forests of Washington for some time and was sending a Christmas box to the folks at home to assure them that he had not forgotten them.

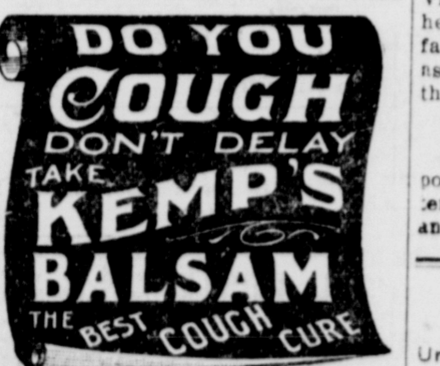

## SET FOR HEARING MONDAY

Attorney Grosshans Sees Judge Hole  
About a St. Clair Town-  
ship Case.

Attorney F. E. Grosshans was at Salem Wednesday to see Judge Hole and secure if possible an injunction in the case of W. C. Randall versus Joseph Laughlin and others. It is a case of landlord and tenant and the plaintiff seeks to enjoin the defendant from prosecuting their differences before Justice of the Peace A. T. Moore, of St. Clair township.

Attorney Grosshans took the stand that the affairs of the litigants were more of a partnership than anything else and, therefore, could not be settled by a justice of the peace.

Judge Hole required notice to be served upon the attorneys for the other side of the case, which was done, and upon their agreeing to take no further steps in the matter until Monday at 1 o'clock the case was set for a hearing at that time.

It Cures Colds, Coughs, Sore Throat, Croup, Influenza, Whooping Cough, Bronchitis and Asthma. A certain cure for Consumption in first stages, and a sure relief in advanced stages. Use at once. You will see the excellent effect after taking the first dose. Sold by dealers everywhere. Large bottles 50 cents and 90 cents.

Wireless Trans-Continental Service.  
Winnipeg, Man., Jan. 2.—Marconi is preparing to install a wireless trans-continental service through Canada. Two of his experts passed through Winnipeg Wednesday on their way west to arrange for a series of tests in the Rocky mountains, where it is expected the diverse electrical currents in the rarified atmosphere of the high altitudes may interfere with the successful sending of messages. Winnipeg is to be the half-way house of the system. It is understood the station will be located at Stony Mountain, an eminence 12 miles from here. It will receive eastern messages from Mount Royal at Montreal, and it is the work of the experts to locate the next western station in the Rockies.

Attempted Murder and Suicide.  
Philadelphia, Jan. 2.—Mrs. Marie Danenhauer shot and killed herself at her home here yesterday, after attempting to kill her husband, Charles Danenhauer. According to the husband's statement he and his wife had been celebrating the advent of the New Year and when about to retire early yesterday the woman seized a revolver which was kept in the room and fired a shot at her husband, the bullet striking him in the hand. The woman then shot herself. Danenhauer was arrested pending an investigation.

Grip  
Brought On Sciatic  
Rheumatism.

Nervous Prostration  
Followed.

Dr. Miles' Nervine Gave  
Back Health.

"I was laid up during the winter of 04-05 with sciatic rheumatism and nervous prostration brought on by a severe attack of La-Grippe. The rheumatic pains were so severe at times that it was impossible for me to turn in bed. I was unable to sleep. I had two of our best physicians in attendance, took all the advertised remedies for troubles of this kind but got no help whatever until I took Dr. Miles' Restorative Nervine. Six bottles restored me to health; I am better than for years; in fact am entirely relieved. I can say with a clear conscience that it was Dr. Miles' Restorative Nervine that restored me to health. When the pains of sciatica and rheumatism were most severe I secured almost immediate relief by the use of Dr. Miles' Anti-Pain Pills. I have recommended Dr. Miles' Remedies to many people."—Fred Myers, Redfield, S. D.

"I was taken with pain in my heart and under the left shoulder, with such heavy oppressed feeling in my chest that I could hardly breathe. I had palpitation so bad and my heart would throb so that it would shake my whole body. I also had a weak, all-gone feeling in the region of my heart. My doctor treated me for liver and stomach trouble but I failed to receive any benefit until a friend recommended Dr. Miles' Heart Cure and Restorative Nervine. I used both and one box of the Anti-Pain Pills. I believe I am completely and permanently cured."—Mrs. J. W. Golding, Noblesville, Ind.

## Prematurely Discharged.

Newark, N. J., Jan. 2.—Four persons were shot yesterday as the result of John Hackel's celebration of the opening of 1903. Hackel had discharged one barrel of his shotgun and was preparing to fire the other, when it was prematurely discharged. The greater part of the charges entered the chest of Lena Neidoff. She is dangerously wounded. The other victims were Mrs. T. Neidoff, shot in the face and hand; Mrs. J. Werna and Peter Werna, both of whom were shot in the face. Hackel was arrested.

## Grain Elevator Destroyed.

Fort Dodge, Ia., Jan. 2.—The grain elevator of the Great Western Cereal company, with a capacity of 175,000 bushels, burned yesterday, causing a loss of \$100,000, fully covered by insurance. The elevator contained 100,000 bushels of oats and a large amount of valuable machinery, all of which is a total loss. Several employees escaped with difficulty from the burning building.

## HOW IT'S BACKED

Undoubted Reliability Is Expressed  
In East Liverpool's In-  
dorsement.

What you want is home indorsement. The backing of the people you know. East Liverpool proof for East Liverpool people.

That's what follows here. Surely no better backing can be had than the following statement from Mrs. Edward Orr, of 220 Thompson street, who says: "My sister, Mrs. Borland, of Pittsburgh, while visiting us, recommended Doan's Kidney Pills, so highly that I was induced to try them. I had severe attacks of kidney complaint. Some times I was so bad I could not get up; many times my neighbors came and found me lying on the lounge suffering, when I intended to do a big day's work. I was so miserable I could do nothing. After my sister told me of the pills I made up my mind to try them and got a box at the W. & W. pharmacy. They did just what they claimed they would do—cured me sound and well in a few days. My little girl was feeling poorly and had a sallow complexion for some time. I gave her a few doses and after the treatment she felt splendid."—

Importance to Stop Arbitration Plan.

La Guaira, Jan. 2.—The former Venezuelan gunboat Zumbador, now transformed into a British warship, arrived here at noon yesterday and caused considerable indignation among the people ashore, who looked upon her arrival here under the British flag, especially on New Year's day, as adding insult to injury. The Italian armored cruiser Carlo Alberto arrived here at 1 p. m. yesterday.

Delivered Note of Acceptance.  
London, Jan. 2.—Mr. White, the United States charge d'affaires, delivered to the foreign office yesterday the note of Secretary Hay announcing President Castro's acceptance of the proposal to have the Venezuelan claims arbitrated by the international court at The Hague.

Berlin, Jan. 2.—President Castro's reply to the powers, through Minister Bowen, is substantially an unqualified acceptance of their proposals to arbitrate and the accompanying conditions. The foreign office here received his answer yesterday and is satisfied with its spirit. A further interchange of views, preparatory to signing the protocol, will take place in Washington. The only really important question to be settled is what shall be done with the blockade. A continuance of the blockade is relied upon to hasten the conclusion of the arbitration preliminaries, especially on the part of Venezuela.

The Tagliche Bundschau denies that the recent article by General von Boguslawski was inspired. The paper says that the general, being retired, does not have to get the permission of the government to express his views publicly. He is one of the editors of the Bundschau.

Castro's Acceptance at Rome.  
Rome, Jan. 2.—Foreign Minister Prinetti yesterday afternoon received through Ambassador Meyer Secretary Hay's note communicating President Castro's acceptance of The Hague arbitration in principle, but with an additional proposition, which the government at Washington does not support.

At the New Year's diplomatic reception yesterday Foreign Minister Prinetti and Ambassador Meyer exchanged congratulations over the anticipated settlement by arbitration of the Venezuelan troubles. Signor Prinetti expressed his appreciation of the attitude of the United States and his satisfaction at the state department's action throughout the affair.

Acceptance Not Likely.  
While reserve is maintained at the foreign office with regard to the Venezuelan matter it has been learned that the foreign office considers the additional proposition made by President Castro as not likely of acceptance. Communications on the subject are now being exchanged with Germany and Great Britain.

Brussels, Jan. 2.—It is said here that an arrangement has been concluded with Great Britain and Germany to submit the Belgian and Dutch claims against Venezuela to the international peace court at The Hague at the same time the Anglo-German republic are taken to that tribunal.

Allies' Rejoinder Not Yet Received.  
Washington, Jan. 2.—The rejoinder of the European foreign offices to President Castro's reply to their arbitration proposal have not yet reached Washington. This, however, occasions no surprise, as the holidays are much more closely observed in European capitals than in Washington.

Following an rule which it has adopted in the treatment of correspondence passing between Venezuela and the allies, the state department still declines to make public any information respecting the details of President Castro's reply, but inquiry confirms the Associated Press report from Rome to the effect that Castro did attach a condition to the acceptance of the arbitration proposal and the condition was not endorsed by the Washington government. However, it is pointed out that it has not been regarded as necessary at the state department to either approve or disapprove any of the details of the propositions now in exchange between the principals. As to the condition attached to the acceptance it can be stated that it is not of great consequence, nor is it likely to involve the loss of the arbitration project, for it is understood to relate rather to the means of getting the issue to arbitration than to any substantial principle involved.

Arrested on Suspicion.  
Harrisburg, Jan. 2.—George Kelley and Samuel Dent, of Harrisburg, were arrested here yesterday on suspicion of being implicated in the robbery of the Penbrook postoffice on Tuesday night.

Traveling on both continents, with irregular meals and often poorly prepared foods, totally disarranged my digestive organs and brought on inflammation of the intestines, until all my food distressed me exceedingly. I suffered with nausea, head-aches and severe pains in the lower bowels. One doctor told me I had appendicitis and thought an operation was the only sure relief, but I would not consent to this. Visiting my sister, I found she was using

Dr. Caldwell's (Laxative)  
Syrup Pepsin

for indigestion, and I asked her to let me try it. I could hardly express my great joy in finding the pains gradually disappearing. I kept up the treatment for over two months, and every day I felt myself getting better, and I am now in perfect health. Nothing I eat distresses me, and I feel five years younger. I give all praise to your medicine, and have recommended it to a large number of my friends.

is the enemy of all neuralgic and other nerve troubles. Accept no substitutes for it. Neuralgine does not cure or relieve all diseases. It only RELIEVES PAINS CAUSED BY NEURALGIA AND OTHER NERVOUS TROUBLES. No matter how bad the case is, it must succumb to the all-powerful influence of Neuralgine. Neuralgine, by soothing the nerves, restores them to their normal state.

Neuralgine is absolutely harmless. It is a combination of health giving chemicals. Try a box of it if you are one of the great army of neuralgic sufferers. ONE PILL WILL BRING YOU RELIEF WITHIN TWENTY MINUTES. Read what these representative people have to say of Neuralgine:

I have been a great sufferer from neuralgia. Neuralgine has effected a permanent cure in my case. Miss E. V. Evans, Sisterville, W. Va. I have suffered for over a week with neuralgic pains in the head, unable to sleep and nearly crazed with pain. Thirty minutes after taking one NEURALGYLINE tablet I was completely cured. Mr. J. R. Swan, St. Paul, Minn.

Your suffering can be relieved too! Every first-class druggist in town sells Neuralgine. Price, 25c. a box. If you find that Neuralgine is not as represented, money will be cheerfully refunded. Samples free on request.

**SOCIAL EVENTS****BELMONT CLUB BALL**

The Dance at Rock Springs Pavilion Last Evening a Most Enjoyable One.

One of the most enjoyable and well attended dances ever given in this city was that given by the Belmont club to their friends last evening. A large number of out-of-town guests was present, and at 9 o'clock programs were given out to about 200 guests. The programs which were of quite a pretty and novel design, consisted of twenty dances, and several extras.

Throughout the evening McGraw's orchestra played excellently and every dance was heartily enjoyed and liberally responded to by the accommodating orchestra. The pavilion was artistically decorated, the front platform being draped and arranged in red and black, the colors of the Belmont club. About the balcony and draped to the center of the spacious room was a pretty combination of pink and white, which was caught and fastened at intervals by bunches of evergreen and wreaths of holly. At 1 o'clock special cars conveyed the guests back to the city, after spending a most enjoyable evening with the Belmont club and their many admirers.

**ELKS' RECEPTION**

On New Year's Eve a Most Enjoyable Affair With 200 Guests Present.

The members of the local lodge of Elks are receiving many happy congratulations over the success of their first social session of the season given Wednesday evening in their comfortable apartments in the Knowles block. It was one of the pleasantest functions of the season and the two hundred guests present found not a dull moment during the entire evening. There were quite a number of guests from out of town.

Dancing and cards were the chief diversions which were interrupted only by the serving of a tempting reception at 11 o'clock. The guests were seated at long tables, tastefully arranged and decorated, where they discussed the supper, served in three courses, while the orchestra discoursed sweet music.

**ENTERTAINED AT GAMES**

Carl And Earl Cripps Hosts at a Pleasing Social Function.

A delightful evening was spent at the home of Carl and Earl Cripps on Jackson street Wednesday. The decorations throughout the home were of the popular and pretty combination of green and white which were used effectively with artistic results.

The first part of the evening was spent at ping-pong and progressive peanuts. Mr. Donald Thompson being awarded the first prize of the latter game. The popular game of caroms occupied attention in the latter part of the evening. Dainty boxes of candy were the favors given each guest, and at a late hour the 12 young people disbanded after an evening of much merriment.

**WATCHED OLD YEAR OUT**

Mrs. George Brunt Entertains Friends In Honor of Visiting Guests.

Mrs. George Brunt, entertained a number of young people in a delightful manner at her home on Fifth street on Wednesday evening. The party was given in honor of Misses Helen Hazel and Elsie Sebring, of Sebring, who are guests in this city.

A part of the evening was spent in dancing and at midnight the young people bade the old year a fond good-bye and appropriately greeted the happy new year.

Returning Holiday Visitors Cause Large Passenger List—Ice a Handicap.

Passenger business among the packets is looking up again, the reason being that the people are beginning to return from their holiday vacations. There was a heavy fog along the stream last night, and this with the ice made all the packets late. The ice had thinned out noticeably this morning. There is a stage of 9 feet today and falling slowly.

The Greenwood, Captain Green, arrived at 7 this morning from Charleston. Her local passenger business was the biggest of the week. Thirty-five disembarked at this point. Freight business was light, owing to the general observance of the holiday. The Greenwood will be down tonight at 1 o'clock.

The Ben Hur is 12 hours late on account of the fog and ice. She is due at the wharf at 10 o'clock tonight.

The Lorena is reported caught in the ice in the Muskingum and has gone to the bank.

The Oakland was the first boat of the Pittsburgh coal fleet to reach New Orleans, having arrived there with her tow of 25 coal boats Wednesday. The J. B. Finley with a tow of 36 boats arrived there yesterday.
